

## A NEW CHILDREN'S BOOK WITH MORE INTEGRITY THAN MOST POLITICIANS. THERE'S NO DEBATING TEACHING YOUR CHILDREN VALUES.

**The Adventures of Rosy Posy Papillion: Friendship** is the first in a new children's book series that addresses values that are important for future generations. Raising well rounded children who are decent people that contribute to society is getting more and more challenging in today's world.

Based on the real K-9 herself, in the first book, we follow a smart and gentle Papillion in her journeys learning valuable life lessons with her diverse group of animal friends. Rosy Posy's story invites your child to participate with vivid illustrations, "bite-sized" easy to read pages and fun songs in each book. Parents will find excellent teachable moments & quality storytelling that will lead to more independent and successful children. It is a refreshing story that even has a fun song they sing together. You can't help but smile when you sing it with them!

"We are friends, buddies to the end.  
Friends are kind, the hardest to find.  
Friends are caring, lessons in sharing.  
The fun has begun, together everyone!"

*"This is a positive message that we all can be reminded of. Rosy and her friends are adorable. My children loved the Friendship song and remembered the words! They were singing it in the garage. More stories like this one, please."*

Author, Diana Rangaves relates, "About one month after she arrived, Rosy escaped into my field. I found her safe visiting with the pony, ram, and goats! Rosy Posy is strong, curious, and has courage. We need a tool to teach each half generation of children values in a compelling, fun, and bright way. So, the inspiration of the twelve values series of books was born."
