

I'm a neat little bug and I'm you're favorite to catch.
Our colors are red or orange with black dots on our back.
We'll walk on your hands or even your head.
When you're done you'll tell us to fly away home
and go to bed. Just toss us into the air,
And we'll leave you with a smile for the rest of the day.

What am I? A ladybug.
