

AFRICAN-AMERICAN-FICTION-LITERATURE • THE WRITE MESSAGE... LOVE "AS IS"

"ANONYMOUS is an endearing twist of fate"

Wearing suggestive lips and a curvaceous frame, Avery Love, is the lust of men and the desire of one woman, who both yearn to share her panties. With her power-suit and cigar she knows how to play with the big boys, but as fate has it her life takes a drastic detour and Avery has to learn how to stay in the game.

It is not until she reunites with her best friend, Johnnie that Avery finds herself escaping from the grips of bondage. She is thrilled by the fact that life breathes within her again. Unfortunately, tragedy strikes without warning and Avery falls to her feet in despair. But a spiritual force lifts her out of darkness to see the light of opportunity and Avery decides to change her way of thinking, feeling, and living. She unlocks her briefcase and lets Spoken Word unfold.

Karla D. Baker is a woman wearing many hats: the author, the poet, the single-mother, and the Founder/CEO of *"The Write Message."* She resides in Paterson, New Jersey, with her son.

Currently she is working on her next book...
