

Lost and ~~found~~

Finally, a book that openly describes the difficult issues of life: molestation, dysfunction, verbal abuse, depression, rejection, obsessive compulsive disorders, ADD, drug and alcohol addictions and divorce. *Lost and Found* is a road map for the journey for deliverance.

David Riolo vividly describes his life story illustrating how harmful childhood experiences, the patterns of immature behavior, and poor decision making caused him unnecessary grief, despair, disappointment and heart ache.

Once David exposes the areas of weaknesses, he explains how to get help and find deliverance. With Biblical application, this practical guide to freedom will change your life. If you are looking for answers or know someone who is lost and bound, David unlocks the door to happiness.

David Riolo spent years looking for answers to his struggles and addictions related to dysfunctional behavior. After years of research, counseling and Bible study, David has found a balanced approach to deliverance in his compelling new book, *Lost and Found*.

David Riolo is an Evangelist and is licensed with World Harvest Ministerial Fellowship under the leadership Pastor Rod Parsley. He resides in Cleveland, Ohio.
