Retired Air Force Colonel and Senior Federal Agent Launches New Suspense Fiction Trilogy

#36 on Amazon in the Christian/Mystery genre, July 10, 2009!

- ***Child Finder* debuted June 9, 2009 as Mike Angley's first suspense/thriller novel in a planned series of three**—all inspired by his 25-year career as a Special Agent with the Air Force Office of Special Investigations (OSI).
- **Angley is well known within senior Law Enforcement and Intelligence Community circles, domestically and internationally**, as a seasoned criminal investigator and a counterintelligence and counterterrorism operator.
- ***Child Finder* weaves a unique blend of murder, mystery, government intrigue, and the paranormal around the seemingly disparate...child abduction and terrorism**—and is as timely as current, real-world headlines:
 - **Angley can speak from experience about these issues while highlighting his novel, in any public or private forum.**
 - **Buzz and praise about *Child Finder* has already started long before its debut, with numerous requests to review it coming from current and former officials of the Air Force OSI, FBI, National Security Agency, Naval Criminal Investigative Service**

LIBRARYJOURNAL This compelling debut novel, the first in a trilogy, features a memorable protagonist who is a combination of devoted father and mystic. For fans of supernatural thrillers and those who enjoy the TV show *Medium*, this is a real find. The author is a retired U.S. Air Force agent whose real-life experiences inspired this novel. [Coming in the fall are the second and third novels in the trilogy, *Child Finder: Resurrection* and *Child Finder: Revelation*.—Ed.]

"Child Finder is a gripping, intriguing, rare and accurate look into the U.S. Intelligence Community. Angley uses his long government career to weave a believable fiction tale that is as current as today's news. Once you finish the book, you will be anxious to read the rest of the trilogy!"

----- Gerald E. Pratt, Operations Officer, National Security Agency (retired)

"I loved this book! This is a book for anyone who loves political suspense, secret government agencies, and uniquely gifted heroes! A former Military Intelligence Officer, the author's background adds credibility to this fascinating look into covert operations. But just because he knows what he is talking about doesn't mean he can tell a good story or especially write one! Luckily for those of us who love secret undercover organizations, paranormal stories, and great intriguing suspense filled tales, Mike Angley has it all together. I can't wait to read the next two books in the series!"

-----Armchair Interviews **5-Star Review!** (www.armchairinterviews.com)

"'Slick'....Mike has done a terrific job of transitioning from running counterintelligence operations and writing reports to creative fiction...was always a quick study and a bright articulate officer...his passion for writing coupled with years of experience in law enforcement has produced a wonderful read for mystery enthusiasts!"

----- Dick Law, Colonel, USAF (Ret), Managing Editor, Global Alliance Magazine & Former Vice Commander, OSI

"Mike Angley's imagination combined with in-depth knowledge of the OSI, Interagency, and military working environments quickly and realistically took me back to my time at the Pentagon in the Fall of 2001. He has created a page turner I didn't want to put down with a plot twist I never saw coming! Can't wait for the next books in the series to see what exploits are in store for USAF OSI Agent Patrick O'Donnell and his 'extraordinary gift!'"

----- Jack Holt, USAF (Retired), Action Officer, Joint Staff

- ***Child Finder* introduces a protagonist as tough as 24's Jack Bauer, but with the endearing, family-values heart of 7th Heaven's Eric Camden—Special Agent Patrick S. O'Donnell...**an early-thirties Air Force Major assigned to the Pentagon when the 9/11 terrorist attacks take place. His haunting dreams about murdered children reveal a hidden psychic gift which the government eagerly exploits, drawing him into a TOP SECRET program to find missing kids. But to make matters complicated, Uncle Sam has other ideas in mind for his unique paranormal talents...after all, there is a War on Terror underway. One thing's for sure—ever since joining this new, secret community, he is surrounded by murder, and the very real threat of harm to his own family!
- Pat is Irish-Catholic, and he must draw upon his faith and values to sustain and guide him as he faces tough ethical decisions, challenges to his marriage, and the very real threat of harm to his own children...all because of his work. As well as a good mystery, *Child Finder* is also good Christian fiction.

Child Finder was formally published on June 9, 2009, and is available through Ingram, bookstores and online booksellers.

About the Author:

Colonel Michael "Mike" Anglely retired from the US Air Force in 2007, following a 25-year career as a Special Agent with the Office of Special Investigations (OSI). He held thirteen different assignments throughout the world, among which were five tours as a Commander of various units, to include two Air Force OSI Squadrons and a Region, the equivalent of a Wing.

Mike is a seasoned criminal investigator and a counterintelligence and counterterrorism specialist. Following the 1996 Khobar Towers terrorist attack in Saudi Arabia, he was dispatched to command all OSI units throughout the Middle East, with responsibility for 23 countries. During his tenure he and his teams effectively neutralized numerous terrorist threats to U.S. forces in the region, to include an imminent threat to senior Department of Defense officials.

Mike has an M.A. in National Security Affairs from the U.S. Naval Postgraduate School, Monterey, CA, and a B.A. (summa cum laude) in Criminal Justice and Psychology from King's College, Wilkes-Barre, PA. He is a former National Defense Fellow and Adjunct Professor of International Relations at Florida International University, Miami, FL, and is an Honor Graduate of the Defense Language Institute's Korean language program.

Child Finder gets its inspiration from Angley's long, multifaceted career where he was able to experience the full gamut of felony-level criminal investigations, as well as dangerous counterintelligence and counterterrorism operations around the world. His second novel, *Child Finder: Resurrection* will debut in early 2010, followed by the third story in the trilogy, *Child Finder: Revelation* in late 2010. His personal website is www.childfinder.us.
