

Ancient records kept by Lan, the Prince of Atlantis, tell us a tale of beings from another universe whose struggles helped shape earth's legends. **Tashar-City Of Mystery (Book 1)** starts this recollection by introducing our heroes: Dragon Wizard, Trax, Krena, V-bot, Ja' Ti, The Twins (Lan & Tia), and Princess Celeste. We also meet their nemesis Dark Shadow. Whether you enjoy reading science fiction, fantasy, and/or young adult stories you will be tantalized by its magic, technological gizmos, action, and suspense. This book awakens us to an extraordinary legacy filled with awesome technology and unforgettable characters while bringing us to a universe of inspiration.

Much like his story and characters, *Marc Phoenix* is a man of many mysteries and talents. He has received awards both in the literary and musical industry. This 30 year old, nestled in Oregon USA, has been story telling since his youth. Reading his work will take your mind to new possibilities.
