

About the Book:

Indian cinema completed a century in 2013. The centenary was marked by special events celebrating cinema over the last century. Books were written and films like "Bombay Talkies" were made to celebrate the achievements and growth of Indian cinema. Given this back drop it is rather interesting to note that there are not too many quiz books on Indian cinema. The idea behind this book is to create more interest about the journey of Indian films and recognize the work of eminent directors and actors.
