

33 Effective Christian Strategies to Grow a Successful Business

...Tips to start and grow a small business

CHAPTER 1: INTRODUCTION

•*"Being a Christian I was able to relate to the Biblical principles of operating a business. My business has increased 15% since reading and applying the techniques in this book (52 Bible Secrets for Your Business). Great for kindle owners".* Customer review of our book, 52 Bible Secrets for Your Business Success from an Amazon Kindle Customer

•*"I was truly blessed and encouraged others to read this book. The advice, scriptures and testimonies has inspired me to push and look to God for my success. Jewel,* kindle customer for How to Maintain Focus and Concentration.

The two comments above were some of the good comments of readers who read some of my earlier book compilations of practical biblical principles on business development and success. I usually receive these types of business and personal development insights from God's Word on how business owners can build and make their businesses a success. I have practically used these principles to improve my lot and that of the organizations I run. I have also seen other successful business men and organizations using these principles.

Jesus Is All We Need To Know

According to a bible commentary, a teenager was asked why Jesus is the Word of God and she responded with this beautiful statement: *"Because Jesus is all God has to say to us"*. This was indeed a true response from this teenager. God, the Creator has nothing to say to His creations again; He had said it all. All He has to say are already said in Jesus Christ, the Saviour who came to this earth, lived among us, got betrayed, beaten, spat at, jeered at, reviled, nailed to the cross and who ended up, according to God's divine plan, being raised from the dead on the third day and is alive today forever more (Acts 4:10).

With this invaluable sacrifice from Jesus Christ, God had said everything He has to say about our success aspirations in any area of our existence. Your (and my) major duty is to consistently put in efforts to find out His instructions and His will about any issues of your life. This book has tried to put together some of the things God has said in Jesus Christ about your success in business. The postulation from this is that the success secrets you need as a business owner for your business success lies in the principles that are already documented in God's Word as we have it in the bible.

Once, the people came to Jesus and asked Him to show them a sign. Jesus responded this way: *"This is an evil generation. It seeks a sign, and no sign will be given to it except the sign of Jonah the prophet"* (Luke 11:29). Jesus used this response to show His listeners how and why whatever signs, miracles and success aspirations they would ever need have been wrapped up in His death

and resurrection. Jonah was in the belly of fish for three days and was vomited by the fish on this third day. This Old Testament story was a symbolic description of the death and resurrection of Jesus Christ many years after. Jesus referred His listeners, who probably were familiar with that story, to the story and told them they should look nowhere else to find success aspirations and principles that will be useful to them but to look at stories and truth around His death and resurrection. The stories and the truth about His death and resurrection are there in the bible.

This book has been compiled and arraigned using the truth from God's Word.

I believe any bible success principles or strategies anyone living or dead have used or is using are all documented in the Word of God. I have been inspired with these revelations for so many years now. I have written several articles on these discoveries and I have also taught them on different platforms. I have also used them in running our organizations and also to grow our book-distribution outfit, InfoBooks Resources.

This book will build upon what the other books I have written on this topic area have been able to achieve. It will reveal practical principles and strategies from the bible which you can use to both take your business to the next level and also remain loyal and faithful to God while you are doing this.

It is important you remain loyal and faithful to God while you improve your business lot. You remember that the bible says, "What shall it profit a man if he shall gain the whole world and loses his own soul". Rising to great heights is possible and is approved by God but this is not as important as keeping your heart and soul undefiled as you carry out business activities and deals. This is the edge this book and others of its likes that I have compiled have over other books teaching the same topic. You will be learning effective success strategies for your business growth and success; you will also be learning how you can keep your Christian faith intact as you do so in an environment that is filled with threatening and dangerous ungodliness.

I Love Bible Success Researching

I love bible success researching and I also love acting on these success principles to enjoy the results from them. You will read about the many practical ways I have obtained practical results from these success principles in this book. So, I am not just a bible success researcher, I am also a bible success practitioner!

This book will really help you. You will find this book useful to your lofty aspirations to start, run and sustain businesses. Each chapter teaches one business success principle.

I am wishing you a wonderful time using this book. Please let me read from you.

Note: There is a '*Write Your Resolutions Here*' section under each chapter, you are expected to write any resolution you have decided to make after you must have read and digested the truth from each of the principles. You can compile these resolutions into a small booklet where you can always read them to yourself even after you have read the last word in this book.

Thank you and God bless you. Please let me read your comment and don't forget to go back and leave a review at the online store where you obtain this book.

CHAPTER 2: STARTING A NEW BUSINESS VENTURE? PRAY FOR INSIGHT

Have you seen a hunter searching for games in the forest? Have you also watched an adventurer on a treasure hunt? They go for their games with all their attention and all they've got. This should be your attitude as you pray for insight when you are starting a new business venture.

Some people don't believe it is necessary to pray for insight or understanding or discernment before they begin a new business venture. You must carry out this type of prayer session. You are travelling on a journey you have never embarked upon before. You need to ask the One who knows all things and who has travelled all journeys for insight and understanding before embarking on the journey.

God's Word in Proverbs 2: 1-6 says: "My son, if you receive my words, and treasure my commands within you; So that you incline your ear to wisdom, and apply your heart to understanding; Yes, if you cry out for discernment, and lift up your voice for understanding; If you seek her as silver, and search for her as for hidden treasures; Then you will understand the fear of the LORD, and find the knowledge of God. For the LORD gives wisdom: from His mouth comes knowledge and understanding".

God is ever ready to give you knowledge and understanding that can carry you through the new business venture. He can open your eyes to see those you can approach to learn from them. You will receive this help from God if your new business venture is a Godly one.

Starting a new business venture? Please go on your knees and pray for insight from God.
