

What Great Faith

Genesis 6

Noah found grace in God's eyes and God decided to spare him. God was saddened by the wickedness of man and was going to cause a flood to destroy everything He had created—except for Noah, his family, and animals to reproduce in the new world.

God gave Noah instructions to build the ark that would house him, his family, and the animals for the months ahead.

God spoke to Noah and called him righteous. WOW!!! God then told Noah to enter the ark with his family and the animals.

The people around Noah ridiculed him. I bet they laughed at him when he began to build the boat since it had never rained before. I am so glad that Noah didn't let their peer pressure change what God had planned for him.

I bet they sang a different tune when the rains began and they begged to come aboard. Noah couldn't let them in though because God had closed the door.

I can only pray, read God's Word, and try to live for Him as Noah did.

Wouldn't it be great one day to hear God say, "You are righteous. You are faithful."

I am so thankful for God's amazing grace.
