Preface

Why Are We Here?

We know that there is one God; who is the Father, the Son, and the Holy Ghost. We have been taught by pastors, prophets and teachers of the word of God that He is almighty. We are going to start on a journey that will enlighten you on finding God.

Some people have consulted the dead to try and make purpose of their lives and why they are here! The dead are in the know of what is surrounding the events of this current

age and the age to come. Why are we here and who is the One that is called the Lord? We often hear that the Lord is called *The Lord of lords*. Why is the Lord the Lord of lords? I will explain to you in this book who He is and why He is the Lord of lords. The Lord is not in any way looking for a human being to tell him what to do. He is looking for a man to tell what to do. The premise that the Lord is able to be told what to do will eventually make no meaning by the time you complete your reading of this book. We live in a time where people are always in constant quest for knowledge and the sources of knowledge. Knowledge can either be acquired from the Lord or from lords. This is a world that has all sorts of curses that are upon the people who live in it; the earth it self is cursed. The Lord is the only way for a man to reach God. How are we able to find the Lord so that we can reach God? This is the problem that this book is supposed to help you solve.

Chapter

One

What Is The Genesis?

We have a book that is as common as salt to help us understand who God is. However, there are so many unexplained books in what we call the *Bible*. It is a collection of books that make up what we have as scripture. What are these books for? They are for us to relate to the One true God. These books contain many stories that tell us who

the Lord is and what His purpose is for our redemption. The Lord has made a plan that has been set from the foundation of the earth. What has the Lord done? He has been to earth in physical form to die for the redemption of mankind. He has been despised by the world that He came to redeem. He has been to the world that he purposed to redeem and the world rejected him. This is why there are so many people who are not able to reach God. If a man has a problem with reaching God, he should ask himself one essential question: what is the Lord saying about my relationship with Him? If he can learn about why there is a plan for redemption, he will be saved. How will a man find salvation? It is what this book will be able to solve at the time such a man starts calling upon the name of the Lord.

Have you ever heard of the name above all names? The name Jesus is the Lord's own name. If you call upon the Lord but omit Jesus, you will call upon a lord that you will not desire to call God. If you call on a lord and that lord comes, you will not desire the consequences of that adventure. Who is a lord? A lord is a spirit that is not of God. If you adventure with magic, you will conjure a lord over your whole being that will give and take away from you. What is it that such a lord will take away? He will cause you to lose some of

the gifts that God has given to you from the foundation of this earth. God has gifted everyone on earth in one way or another. There are people who have gifts that they do not even know of; some people are gifted with wealth, others with knowledge, wisdom, understanding, beauty, music, health, peace, love, authority, oratory, discernment, children and grandchildren among many others. A man who has a gift from the Lord will expect it to bring him joy. If you have a gift from a lord, you will not experience joy. You may be happy but will never experience the joy that a person who has been gifted by the Lord will experience.

If you are a person who admires what a lord can give, you will end up receiving gifts meant for other people. How? If you are able to understand the scriptures, you will learn that the thief comes to kill steal and destroy. A man who is willing to give the devil an opportunity will lose some of his gifts to the enemy. He is called *Lucifer*. He is the deceiver and the father of all lies. If you cooperate with the enemy, you will lose the gifts that the Lord gave to you from the foundation of the earth. The enemy uses those stolen gifts to bless his own people. Who are the people that the enemy blesses? They are people who are usually admired by most of us. They have all that you think the Lord cannot

give to you. If you are a doubtful person, you will glorify the enemy. If you have faith, you will please the Lord. These are spirits that we shall learn about later in this book.

What is a gift of a wealth? A man who has a job has not yet experienced the Lord's wealth. If he has an income from that job, he is either rich or struggling but is not wealthy. Wealth is a gift that does not require a man to struggle to live. If you have to work hard to earn a living, you are not wealthy even if you may be an employer or a business owner! A Wealthy person does not need to work to earn a living. Such a person lives on the abundance of the Lord's blessing. A blessing is not earned but comes with obedience to the Lord. How can a man become obedient to the Lord? He will have to learn how to hear the Lord's voice. The Lord is always speaking in a person's life. There is no way a person can say the Lord is quiet! The Lord is not quiet and is always speaking to the people who love Him. Have you ever been able to hear the Lord's voice? It is something that most people think is impossible. I once had a friend who told me that hearing the Lord speak is not something that happens in this modern age! He assumed the Lord only spoke to the Old Testament prophets and not in this age. He was a minister of music in the church and

was a person I admired. I was discouraged when I heard what a man whom I considered was a mature Christian was telling me; that the Lord does not speak! I was unable to heed to his words. I have now proved that he was wrong. The Lord does speak. I have heard the Lord speak most often in my life. I have been commissioned by the Lord to proclaim to people in this modern age that He is calling out to them who are searching for Him and that He is willing to speak to them if they are willing. The Lord is not going to force anyone to desire His love. If you are willing to search for the Lord's voice, He will speak and you will hear His voice. If you are unable to search, you may not hear the Lord's voice. What is the experience like? We will study that question throughout this book.

How will you start on your own journey to hear the Lord speak? You have to know that there are some things that you do not need to search for! If you want to hear the Lord speak, you need to start by fearing the Lord. If you fear the Lord, you will begin to receive knowledge from the Lord. How can you begin to fear the Lord? You need to have the Lord's Spirit in you. He is called the Holy Spirit. If you have the Holy Spirit in you, you will begin to fear the Lord. The Holy Spirit is the One who confirms what the Lord is saying

within you. There is a lot of confusion for some people as to whether the Holy Spirit is the conscience. If you have the Holy Spirit, you will need your conscience to work with the Holy Spirit. If you do not have the Holy Spirit, you are already disadvantaged in this quest. The Holy Spirit is a person. He is Jesus! If you are asking for a way of reaching God, it is the Holy Spirit who will guide you on the way to go about that journey, depending on what the Lord has willed. If you have the Holy Spirit, He will guide you to start reaching out to the Lord. How will you know that the Lord is speaking to you? There are numerous ways that the Lord may speak to a person! He may speak through:

- A Dream
- A Prophet
- The Holy Spirit or the word of God
- An Audible Voice
- An Impression
- A Vision

How can a person recognise a dream is from the Lord? If a dream is from the Lord, it will not cause the person to whom it has been given anxiety. If a dream is from the enemy, it will usually cause a person much anxiety. If you receive a dream that has left you without peace, it is not

from God. The Holy Spirit will speak to your spirit at your timing. If you are confused about whether it is the Holy Spirit or your conscience, you will have to wait for the Lord to confirm what He is saying to you in another way. The Lord usually confirms what He speaks.

The Lord also speaks through His prophets. If you are able to listen to a prophet in your midst, you will need to understand whether he is of God or is a false prophet. A prophet from the Lord will usually speak to people about what is on the Lord's mind. It means that he may not understand what the Lord is saying at that particular time. He may also not know what he is speaking if he does not have the gift of understanding, the gift of interpretation and the gift of discernment of diverse kinds of spirits from the Spirit. If a man chooses to seek a prophet to hear the Lord's voice, he may receive a message that is metaphorical and will most likely not be able to understand or interpret it. What is a metaphor? It is a message that needs to be interpreted before it can be understood. This is usually not the best way to hear the Lord's voice. A person should desire to seek the Lord's voice himself and not through a prophet. A prophet is a person who has a role of encouraging God's people at a particular time and place. A prophet is not supposed to tell a person about his future as many think.

An audible voice from the Lord is what most people will never experience in their lifetime. A person may be able to hear the Lord speak through their own mouth. If you are a prophet, you will usually hear the Lord speak as you speak. If you are unable to hear the Lord speak as you speak, you are not a prophet. An audible voice that is not from your mouth is usually not the way the Lord speaks. However, there are some people who can hear the Lord speak in an audible voice once in a while. Such people are prophets of God.

There are some prophets from the Lord and others from God. A prophet from the Lord is the one that will not usually understand what the Holy Spirit is saying to the people as he speaks. A prophet from God is one that will usually understand what the Holy Ghost is saying to the people as he speaks; the Holy Ghost is the Spirit of God. If a prophet has been in the Lord's presence for long, he will be able to hear God speak. God speaks without metaphors! If you receive a message from a prophet who is from the Lord, you will need to get an interpretation of that message from the Holy Spirit.

The Holy Spirit may give a person an impression from the Lord. If you receive an impression, it will need to be

confirmed by the Lord on several occasions. If you are a person who receives impressions, you need to confirm these impressions with your human spirit. If the impression is making you anxious, then it is not from the Lord. The Lord will always confirm what you are receiving through your spirit in another way.

There are people who may receive visions from God. If you are a person who is able to receive visions from God, you may initially think that they are mere thoughts. If you think you are receiving thoughts, ask the Lord to make them clearer so that you can confirm what the Lord is saying. If you want to hear the Lord speak in a particular way, then you are trying to tell Him what to do. He is the Lord and knows what is best for you.

The Holy Spirit can lead a person to the word of God so that he can understand what the Lord is saying to him. When you read the scriptures, you need the Holy Spirit to guide you on what you are reading. The Holy Spirit may speak to you through your reading of the word of God. There are people who think this is the only way the Lord speaks! It is not true!

The way to hearing the Lord speak starts with obedience. You need to obey what the Lord asks of you. Some people

want to hear the Lord speak yet they have sin in their lives; other people are not able to hear the Lord speak because they have curses that block them from hearing the Lord's voice. Such people may try to hear the Lord's voice but will be unable to hear the Lord speak. What curses block a person from hearing the Lord's voice? If you have ever contacted the dead for knowledge, prophecy, health or blessings, you will not hear the Lord speak. This sin is what the Lord calls *necromancy*; He abhors it. It brings a curse of deafness and dumbness in the Lord's presence upon a person who practices it. If you have such a curse, you need to cooperate with the Lord who became a curse for you to be redeemed. If you have a sin of immoral thoughts, you will not hear the Lord speak, it brings a curse of hopelessness.

A hopeless person has been indisciplined with his senses, he may have lusted after things that God does not want him to desire. If lust is not repented of, it will lead the enemy to tempt a person to sin. If you are a lustful person, you will hear the Lord ask you to repent and not anything else. When you hear the Lord tell you to repent, heed to his voice and do not try to bypass Him. It will be a hopeless endeavour. If you are a person who has a curse of any kind upon you, then you will need to know what type of

curse is pursuing you. There are many types of curses that are as a result of sin committed by you, your father, your grandfather or great grandfather. If you are involved in a curse, you will not be able to know who of your fore fathers sinned against God. You need the Lord to tell you where you have sinned. This is what the Lord does all the time! The Lord reveals sin. You may not get help from your pastor, evangelist, apostle, teacher or miracle worker. You will need the Lord to tell you what to do. If you are able to invite a pastor to your home and hope that he will reveal to you what the Lord is saying, then you are in hell already!

A pastor is an encourager of God's people. His role is to guide the flock to move in a particular direction. He will not be told by the Lord what a man's curse is. The Lord will tell a prophet what is going on in a particular home, place or nation and what was done in such a place in the past that grieved God. If you desire to go to a prophet to understand what God is saying about your life, you may find a prophet who speaks the Lord's mind but who will speak in metaphorical language. If you find a prophet who is from God, you will get the truth about what is going on in your life. A prophet is not supposed to be sought by a man. He is sent by God to a man, a nation, a place or a people

but not vice versa. A prophet from the Lord is a man that still needs to spend some more time in the Lord's presence and be tested. A prophet from God is a man who has spent a considerable amount of time in the Lord's presence and has gone through many tests and trials. If a prophet is from the Lord, he will usually not be able to interpret what the Holy Spirit is saying. A prophet from God will usually be able to interpret what the Holy Ghost is saying.

Chapter

Two

Who Has Heard The Lord Speak?

I always hear the Lord speak; if I do not hear the Lord speak, my life is at a standstill. I cannot do anything without the Holy Spirit. When I started hearing the Lord's voice, I thought it was a cursed spirit speaking to me. I listened and asked: "Is it you Lord?" He said: "Yes, it is

I, Jesus". I became excited and started seeking the Lord more and more. The more I desired to seek the Lord, the more I became scared and doubtful. One day, a man of God visited my home and taught me how to hear the Lord speak. I asked him if we could pray from a room in the house. He immediately accepted and we went to pray. He told me to concentrate on the Lord so that I could be able to hear the Holy Spirit from within my human spirit. I immediately felt the Lord open my mouth to speak. I tried to resist opening my mouth but the Spirit of God forced my mouth open and He prophesied words of hope!

Sometime later, I asked the Lord why I had to speak every time I wanted to hear the Lord's voice!? The Lord was quiet about that issue for long. I then went to men whom I knew were of God to try and understand why I had to speak out what the Lord was saying! They all said they had never experienced such a phenomenon but that they were certain that the Lord was speaking! I then started concentrating on how to hear the Lord speak. The Lord told me to tarry during which I did not experience the Lord open my mouth for a while. I then went to work in Rwanda, a country in eastern Africa. There, I started listening to the Lord's voice again; however, I could neither understand,

nor interpret what the Lord was saying to me and it was not as exciting as before. Later the Lord led me to go back to Uganda. When I went back, I experienced the Lord open my mouth and tell me other mysteries about ancestors and His call upon my life.

About that time, I received a vision during prayer at home. I saw myself in the Lord's throne room; He was wearing white robes that were not bright, with a golden crown on his head. He was writing on a scroll at an elevated desk and I was standing beside Him. I was about six years old and was wearing brown shorts, a shirt and was facing a class in session. The children who were in the class were about my age. They all wore gowns that were similar to the Lord's and they were writing in books at their little desks facing the Lord and me. Behind the Lord's throne on the wall was a golden round seal that had the words: "Office of the Prophet".

I later received another vision from the Lord where He showed me a golden pyramid, made of blocks of gold with similar pyramids in ranges behind it. The Lord told me: "Son, eat the blocks that make up the pyramid". I noticed that there was a triangular hole that was formed in the pyramid. Later I noticed that a whole pyramid behind the

pyramid in the foreground had disappeared. I was not able to interpret what the Lord was speaking, I only observed. This was a season where I could not interpret about 90% of what the Lord was speaking to me. I found myself in a time of homelessness. I was told by the Lord to leave home and stay alone. I was in a place which was full of cursed spirits that the Lord allowed to speak to me occasionally. I was told by the Lord to stay in that place until I left at His own time. I was not able to resist what the Lord willed for me. I kept waiting for the Lord to give me a place to stay. The Lord took me away from that place and led me to go to another place to stay. In that place, the Lord elevated me to another level in my relationship with Him. He led me to stop speaking in order to hear Him speak. I could then hear the Lord speak without the need to open my mouth. The Lord then gave me the gift of discernment of diverse kinds of spirits that I did not have before. I had to be tested by the Lord at all stages of my journey as a prophet.

The Lord's calling upon me as a prophet came at a time when I was discouraged by the world. I had not been obedient to the Lord's calling upon my life earlier and this time I was not going to let another opportunity pass me by. If a person is a prophet, he will have to go through

many trials. Why? It is a calling that is in the highest office of spiritual ministry. If a man is called to be another kind of minister, he will usually not be able to go through the trials that a prophet will go through. How can a person who is not called to be a prophet hear what the Lord's call upon his life is? It is most often a man's calling to be a prophet if he is usually interested in how to hear the Lord's voice. Have you ever asked yourself how the people who understand what the Lord is speaking hear? They are most often not able to differentiate whether they are speaking by the power of the Holy Ghost or by their own spirit. If such a man decides to speak to people in a congregation, he may ask himself where the words he was speaking were coming from! The words are always from the Spirit. If he is a person who has been trained by the Holy Spirit, he will certainly know where the words are from. If he was trained by another prophet, he will not have understanding. How can a man be trained by the Holy Spirit? That subject is what we will learn later in this book.

At the time I was told by the Lord to stop opening my mouth to hear what He was speaking, I was discouraged because I had gotten used to hearing the Lord speak clearly in that particular way. I had to obey even without understanding.

Later, I started hearing the Lord speak from my own human spirit without the need to open my mouth. It is such an exciting moment for anyone to hear the Lord speak! The words were as clear as you would have a man speak to you; and we were able to have lengthy discussions. If you are a person who is desirous of hearing the Lord speak, go and start on your own journey.

I have been able to grow in my own human spirit to the extent that I can hear what the Lord is speaking without the need to stay in a quiet place. Initially, I had to always withdraw to hear the Lord speak, however, I now do not need to withdraw to a quiet place to ask the Lord about an issue at that particular time. During that period, I was unable to understand why the Lord had told me not to withdraw from people in order to hear Him speak. The Lord told me to obey Him. When I obeyed, it became easier for me to hear the Lord speak with even more clarity! Have you ever heard the Lord speak from your human spirit? This is a way that seems extremely difficult for most people; however, you will not be deceived if you decide to train your human spirit to listen to the Holy Spirit. How can you train your human spirit to listen to the Holy Spirit? If you have been in the Lord's presence, you will have an opportunity to be

trained by the Holy Spirit on how to nurture your human spirit. Your soul is supposed to be subject to your human spirit. If your soul is not subordinate to your human spirit, you will not hear the Lord speak through the Holy Spirit.

If you are being trained by the Holy Spirit, He will make sure your soul submits to your human spirit. How will the Holy Spirit nurture your human spirit? When you are in training by the Holy Spirit, you will be guided on how to ensure that your soul is under the authority of your human spirit. The Lord will use your obedience to Him to grow your human spirit; the more you obey Him, the faster your human spirit will grow. How can a man receive the gift of the Holy Spirit? You can ask the Lord and receive, however, you need to learn how to hear the Lord speak His will for your life before you concentrate on asking. If you ask amiss of the Lord's will, you will not receive! When people ask and they do not receive, they think the Lord has not heard. The Lord is not dead nor are His ears dull. If you are not in His will, you will not receive what you are asking for! Have you ever been to a place where the people are always asking but not receiving? It is an indication that there is something amiss. If you go to a prayerful congregation and find them in the practice of asking the Lord for every small thing, then you

will understand that they are not in the Lord's will. If you are a pastor and you are not able to receive what you ask for from the Lord. It is an indication that you or your church are not in the Lord's will. I have been to congregations where I have seen people cry out to the Lord in pain and they still do not ever receive!

I have seen a lot of hurt in people who try to do the Lord's work without the Lord's will. If you desire to do the Lord's work, you need to know His will. How? By hearing the Lord speak! How are some ministers able to start on a project without the project manager or project design!? If you are a minister, you need to learn how to hear the Lord speak before you embark on any type of ministry. Do not attempt to do anything that you consider spiritual without the Lord. The Lord will always try to admonish you if you are lax in doing His will. If you continue being lax, the Lord will be grieved! When the Lord is grieved, He will not continue warning you. You will start doing the enemy's will even if you may call it the Lord's will. I have been to a church to warn the pastor to hear the Lord's voice. He asked that I immediately leave his premises and had even ordered his body guards to throw me out. If you are such a minister, you are not in the Lord's will! He needed to hear what the

Lord wanted to say to him through a prophet but was not humble enough to do so. This is a hopeless endeavour for such a man who calls himself a minister of God. This minister could not receive the message that the Lord had sent a prophet with. If he could hear the Lord speak himself, he would have been able to receive a prophet. However, he is deaf, he cannot hear the Lord speak. He is doing the enemy's will under the enemy's instructions. If he was a minister of God, then he would have known that the Lord can send him His messenger; that is what a prophet's role is.

Have you ever sent away a prophet? If you have, then you have a curse upon your life from the Lord. Why? That is what the Lord says! If you are unable to hear the Lord speak, then do not start a ministry. It will be a place of misery for you and for the people that you are leading to hell. They are being lied to by the enemy. All of them are expecting that such a minister is a man of God, and they expect that he is able to hear the Lord speak! How then do such ministers continue? They are proud and are not willing to lose their integrity at the time they are exposed. If a minister is not doing the Lord's will and the congregation hears of such a thing, they will scatter! That is the Lord's

will for such a minister and his congregation. If they stay in that congregation, it will lead them to death. If they are scattered by the Lord, they will find Him. If the Lord is God, they will have to go and seek Him earnestly to find life. I have been able to see what it means for a man to labour in vain. Such disobedience will only lead to death. If a minister of God can refuse to listen to a prophet of God, then he is a minister of the enemy! How will you know if you are in a congregation where the Lord is God? You need to seek the Lord's voice. There is seldom any other way! If you are going to learn what the Lord is saying, you need to hear Him speak!

I have been to a congregation where there were all sorts of cursed spirits mimicking many ministers who are caught up in sin. These cursed spirits would possess people to speak out what sin other ministers were involved in. Initially, I thought that was the power of the Holy Ghost. After a while, I was told by the Holy Spirit to leave that congregation immediately. I obeyed but did not know why the Lord had told me to leave! Later, the Lord revealed to me that it was a shrine of cursed spirits and not a church. I was dumbfounded! Why? They were always quoting the scriptures with accuracy and I thought that was what the

Lord wanted! If you find yourself in a congregation where people quote the word accurately, understand that the enemy is even better than you in quoting scripture. Do not let the enemy deceive you from scripture. If you have the Holy Spirit, you have the law of God in your heart. You do not need to cram the scriptures like a pagan! If you are wondering if it is the will of God; the answer is no! The Lord is not going to tell you to recite scriptures for you to live! You need to have understanding as to why some people are deceived to quote scripture meticulously.

If you are deceived to quote scripture meticulously, you need to know why the law is a curse. If you are under the curse of the law, you will need the Lord who became a curse for you to take away the curse of the law from you. This where most people are holed up! They are in a pit that they continuously deepen with the enemy as their god. If you are in such a pit, the Lord is able to take you out of it. He is the One you need at this time.

Chapter

Three

How Does The Lord Admonish?

Have you ever been warned by the Holy Spirit on what His will is? Have you ever heard the Lord caution you on what you are doing? This is what we are going to learn in this chapter. I have been able to listen to what the Lord is speaking about my life directly. If I was not able to hear
