Commentary by Chris the Abducted Alien:

There is a lot of passion about this topic. This is I believe the defining moment in our American history that will change our country and world forever...

I encourage you to take the time to critically review this documentation movie of what occurred on September 11, 2001 and come to a conclusion for yourself.

If for nothing else to remember the thousands of Americans that have lost their lives and continue to lose their lives today because of this false flag event by people inside the Bush Administration!

future...

The Time for Change Is Now
We Are ALL ONE, Fight to make it happen and
help...

KEEP IT THAT WAY!

My goal for the past four years has been to assist the [Bill of Rights Defense Committee](#) to preserve Constitutional Law in the United States of America, including the Bill of Rights any way I could. This came to me in the form of writing and trying to educate the public. Even though my rights as a United States citizen were taken away from me in 2006...

Ask yourself, if what you have been doing is enough to help save the United States Constitution and the Bill of Rights? These rights have been torn apart and taken away from Americans by our previous administrations in this country for the past twenty five years?

Quote by Patrick Henry, 1775 and concluded by Chris the Abducted Alien, 2009

"We are apt to shut our eyes against a painful truth...Is this the part of wise men, engaged in a great and arduous struggle to be of the number of those, who having eyes, see nothing, and having ears, hear nothing..?"

For my part, whatever anguish of spirit it might cost, I am willing to know the whole truth; to know it – NOW!"
– Patrick Henry

"We are engaged in a struggle for liberty and truth, right now, in the 21st Century! And truth shall set us FREE!" – Chris the Abducted Alien

I have posted this video about September 11, 2001 again because we must not forget!

My long time friend Marcia was killed on the 95th floor of the World Trade Center on that day, no part of her was ever found. On September 14, 2001 I drove Marcia's mother and two sisters to New York City because there was no other way that they could get there to be close to their daughter/sister for the last time...Their lives have been changed forever; American lives have been changed forever, yours and mine...

I will not spend the time to tell you what I saw, but it was not what was seen on T.V. news stations by the American people, nor people around the world. There are several chapters in my book, "[Abducted Alien](#)," with my thoughts about this diabolical event and others about Modern America...I am one of the Conspiracy Theorists of the 21st Century to this event and others that have occurred for the past twenty-five years...and many also consider me a rebel.

I have been writing about this and many other things happening in our country for the past four years under my pen name Chris the Abducted Alien...

***Loose Change Final Cut** is a movie that asks a lot of questions about the events of 9/11 but receives no answers from the then Bush Administrations 9/11 Commission and shows all the footage and video documentation to back up their questions and statements about 9/11.*

Millions of Americans, which include the family members who lost loved ones, famous investigative journalists, physicists, scientists, architectural engineers and others around the world truly believe that this was a conspiracy by elements within the Bush Administration. And the government continues to cover-up what happened, even today in 2009!

All these people (including me) agree that the three WTC buildings collapse symmetrically just like controlled demolition. It was a hired job, done by a team of experts!

Who are the people in our government that planned and executed the diabolical event on September 11, 2001 that killed close to 3,000 people and the people who helped with the clean-up are continuing to die today from false EPA statements on the dangers floating in the air from the collapsed buildings.

Dr. Steven Jones is one of the physicists who put his own investigative committee together to research the three World Trade Center (WTC) building collapses, which includes WTC 7, a forty seven story building, that some people today still do not realize, happened...it was not included in the Bush 9/11 Commission.

In this study, Brigham Young University (BYU) Physics professor and founder of SCHOLARS FOR 9/11 TRUTH, Steven E. Jones presents his presentation on the collapse of WTC Buildings 1, 2, and 7 on 9/11. This is a very informative and scientific presentation that raises serious questions about the official account of the collapse of the World Trade Center Towers and WTC Building 7.

If you would like more on [Dr. Steven Jones' findings](#) go to his video lecture for [9/11 WTC 7](#) building collapse. I have also placed the video on my website, "Twilight Zone USA-Readers Group."

The investigation in the documentary shows seven other buildings that were damaged by the WTC towers collapse. None of the other seven buildings fell like the three WTC towers. All seven buildings were severely damaged by intense fire and heat just like WTC 7...yet these buildings still standing today!

*Why was **FEAR** placed into all American, what was the purpose? Where did the statement, "Protect Our Homeland Security," first originate? Who are the people that planned this diabolical event called 9/11? Answer these questions and many others for yourself and you will begin to believe also...*
