

Cliff Chandler is back with a powerful new novel, *Devastated*. If you liked *The Paragons* and *Vengeance Is Mine...* you will be enchanted by *Devastated*. This is the third book of his series and he promises us more. The tragedy in the first chapter of *Vengeance Is Mine...* was so disturbing that his readers have literally stopped the author on the streets to protest the event. The good news is that what we were led to believe isn't quite true. *Devastated* reveals the truth about the disturbing incident, however, Chandler is the master of twists and turns, so we will not reach the conclusion of this matter until our rocket ride is almost over.

"Cliff Chandler makes it three hits in a row with his latest installment of the Vic Morgan story. *Devastated* is as readable and fast paced as Chandler's first two books, and at the end of the story you are primed for book number four."

—Jackie K Cooper WMAC-AM/WMGT-TV
