

Asking for consent before performing an ECG

Ex 27: Match the examples of consent 1- 6 with examples of what the nurse said a – f

1. Ask for consent to do an ECG	a. I'll put the sticky dots onto your chest now, OK?
2. Open the patient's pyjama top	b. The last dots go on the inner ankle area, all right?
3. Put adhesive dots onto the chest	c. Mr Brown, do you mind if I do an ECG to check your heart function?
4. Put adhesive dots onto the inner arms	d. Can I remove the dots and leads now?
5. Put adhesive dots onto the lower legs	e. Is it OK to unbutton your pyjama top and open it?
6. Remove the leads and adhesive dots	f. Can I stick on the dots on the inside of your wrists?
