AUTHOR'S Issues - WAKE Up...

My Resolve to Offer Insight, Hope and Vision, as a Spiritual Evolution of Enlightenment via B4HEART!

Wow, I can't believe that it has been six years since I first released this book - *SURPRISE*. It seems that the older I get, the faster time flies. I would like to thank all of the teachers and parents, who sent me their kind words of encouragement, and for their expressions of gratitude; in regards to our website at <http://www.B4HEART.com>.

I am pleased to see that our nation has finally taken steps to address and deal with the horrific act of *Childhood Bullying*. It is about time! After all, it is our profound duty to protect our children from mental, physical and emotional harm, as well as to teach them about Ethics/Morals, Equality, Family Values, Humanity, our Environment, and the difference between their Civil Rights and their natural, fundamental, *universal God* given *Human Rights*.

Unfortunately, we are plagued by many absurd man-made social epidemics in our country as violence still continues to destroy our society as does illegal drugs. In fact, random acts of mass shootings / massacres seem to be escalating as *Guns* get blamed and our *Second Amendment* is in jeopardy? Ironically our *Civil Rights* seem to be disappearing, one right after another — slowly but surely in the name of *National Security*? Incidentally, mankind's God given

☞ SURPRISE

unalienable *Human Rights* are abused worldwide, and have been throughout history as we know it? Why?

Allow me to play devil's advocate, if I may. My point is that the whole system— is Fucked-up and out of control; because of bad choices. Ultimately, life is complicated by logic as consequences. As a matter of fact, shit happens and will continue to happen as long as we allow it to happen. We are not supposed to Be Afraid of our government. Wake up! It is time to connect some of the dots!

They paint a whole new outlook— on what's going on in the world, as we know it. Things aren't always as they seem. Especially when it comes to lucrative commodities. Ironically, we 'Humans' are 'Natural Resources', and All Natural Resources are abused by the 'Powers that Be', for PROFIT. Be Aware! Think!

Our *Free Press* should arouse outrage. An ill-informed public is vulnerable. Privacy is fundamental to *Democracy*!

Alas, why do some think that they are entitled to special privileges at the expense of others? Why do they get away with it? Corporations are not people. Politicians are not above the law! Both corporations and politicians are responsible for their actions.

Why don't we take the steps to address and deal with this idiocy of social injustice? Why do corporations continue to out-source our jobs overseas? When are they going to wake up and start rebuilding here— in the Good Old U.S.A.?

Why does Our Main-stream media—here in America,—SUPPRESS the TRUTH about what is really happening in the World? Why are we slaves to Perpetual Compound Interest? Yes, we have an enormous National Debt, but WHY? What is the REAL REASON? Why is this world plagued by Inhumanity?

Why do we continue to let a bunch of incompetent, dysfunctional morons run and ruin this country? Why do they wait till the last minute to balance our budget and why do they play games and then, threaten to or— actually or partially shut our U.S. Government down? Why were— ‘We the People’ punished in October, 2013 by their sinister allegiance to their political party? Apparently, political priorities and/or obligations are more important than ‘We the People’.

Hypothetically speaking, did you ever get so mad; that you just want to reach into your TV set— pull a political *Moran* through it and Bitch-Slap— all of them, one at a time? And that goes double for the so called two-faced president; that does not know where or what he stands for. It’s as if the whole lot of them are— deaf, dumb and blind, fighting amongst each other as disarray manifests into a constant state of uncertainty and perhaps eventual mayhem. They are clueless when it comes to Humanity. ‘Shit Happens’, because of them! They have no moral compass?

They are supposed to Serve us, not provide Dis-Service? Unfortunately, both parties have blood on their hands regardless of their cause, because of their negligence. How many citizens suffered or perhaps— even died in that period of shut down, because of their gruesome stupidity? “Collateral Damage”? Victims of circumstances beyond their control. It’s just so eerie.

Why do we tolerate ignorance, recklessness and corruption? Why did we let Congress, go on vacation right— in the middle of an American crisis? Unfortunately, our government is out of control and divided.

How can they sleep at night? They dismayed us— *We the People* by showing their *True Colors*. They consider—*We the People*, nothing more than pawns on a chess board. Ironically, they— are no more than corporate puppets.

☞ SURPRISE

To add insult to injury, the **Republicans even threatened an Economic Shutdown** by not raising the debt ceiling; which would have— **Ignored America’s obligations to the rest of the world too**. In fact, the Republicans wanted to raise the debt ceiling for six weeks and **STILL Keep the GOVERNMENT SHUT DOWN? They Just DON’T GIVE A DAMN about ‘We the little PEOPLE! It is time to Wake Up!**

Unfortunately, the reason for the ‘Shut-down’, was unprecedented and an inexcusable ‘Gridlock’. It jeopardized America’s credibility, hurt her citizens and our economy. According to an estimate from *Standard & Poor’s*: “the 16 day ‘Shut-down’; took \$24 billion out of the U.S. economy, and reduced projected fourth-quarter GDP growth from 3 percent to 2.4 percent”.

Ironically, that so called signed ‘*Agreement*’ that ended the *Shut-down*— only guaranteed government funding through January 15, 2014. It was just a ‘*Temporary Bandage*’, and then WHAT? Is another— ‘*Shut-Down*’ inevitable?

After much bickering and quibbling, our U.S. Government is now able to pay its bills till March, 2015. Not surprisingly, our politicians had to come to their senses for at least a little while since; mid-term elections are right around the corner in November, 2014. A conflicting battle and another “*Government Shut-down*’, would surely put their position at risk as timing is everything.

Alas, “I’m pleased that Republicans and Democrats in Congress have come together to pay for what they’ve already spent, and remove the threat of default from our economy once and for all...,” President Obama stated on Feb. 12, 2014. It was a blow to tea party conservatives who oppose any kind of increase in federal borrowing.

Obama added that the “full faith and credit of the United States is too important to use as leverage or a tool for extortion.”

It is a Circus; which is quite perplexing, provocative and non-acceptable, as the Democrats sold us out? This new budget is a cop-out. The democrats had the upper hand and for some reason, betrayed— ‘We the Little People’? Blatant Proof— that the lobbyists get what they pay for!

It is time to speak up! Don’t act so naïve. Courage is a virtue. How can so many find solace, when there is too much disparity— between the rich and the poor? When there is still too much unemployment, and our political pukes, didn’t extend the unemployment benefits for over one and a half million citizens? Our veterans are suffering? The new budget— cuts Military pensions? Far too many of our veterans are homeless?

The interest on student loans are way too high and unnecessary? Believe it or not, part of their interest for those student loans fund— ‘ObamaCare?’ Therefore, either the *Student* or the *Parent* is getting screwed, as they also need insurance in the first place and they don’t get any special break so they are actually paying extra for their health care! It is NOT RIGHT?

It is time to raise the taxes on people making over \$250,000.00 a year and close the massive loopholes for the wealthy and corporations! It is time to institute the ‘Robin Hood Tax’! Check it out at: <http://www.robinhoodtax.org/>

It is time to cut defense spending, regulate the cost of health care and eliminate subsidies and tax breaks for corporations. Americans are *Fed-up* with *Corporate Welfare*! It is time to set a tariff, on all imports that are produced with cheap, inferior labor. *It is time to*

☞ SURPRISE

Wake-Up and Get Serious about Our Asinine Problems, which are Detrimental to All.

We came close to the Brink of an Economic Disaster / Collapse. **And believe it or don't, the World is still WATCHING and waiting. America usually sets an example, but now, we are suspect.** Countries are pointing and laughing at us. Our Livelihoods are in the Hands of a Bunch of Reckless Idiots. Time will tell but God—Please, Help Us.

Coincidentally, James Garfield summed it up best in 1877:

“Now more than ever the people are responsible for the character of their Congress. If that body be ignorant, reckless, and corrupt, it is because the people tolerate ignorance, recklessness, and corruption.”

Hence, it is time to Reconsider all Incumbents and JUDGE them by their ACTIONS! Most of them— MUST be VOTED out of OFFICE! Toleration is an Act of Cowardness. It is time to face a harsh reality as our Country is— Divided.

There is no middle class— anymore. The *Truth*— in U.S. politics, is that the *Republicans* are for the *Rich* and the *Corporate World*. The *Democrats* are for the *Poor / so called Middle Class* and *Social Issues*; to help us— ‘*We the People*’. Unfortunately, the political system itself, is possessed by EVIL Greed and Corruption, which adds to the dramatic situation; thanks to the lobbyists. Alas, the major majority of both parties are corrupted?

Meanwhile, the daily pressure of survival, is over whelming. Too many people are having a hard time trying to make ends meet. They have to choose between buying food and paying certain bills such as rent, gas or electric. They can't afford to pay all the bills but, they

do need food. In this land of plenty, what's up with the distribution of wealth?

Our politicians need a little attitude adjustment! Too many of them have become arrogant, cocky and defiant, as if they are some kind of god? It is time to wash that smirk off their faces. They are lucky that we don't tar and feather them. They are playing with fire. People are ready to explode.

They must have forgotten— that in *Life*, you have to *Prove Yourself* and *Earn Trust* and *Respect*, as your *Word is Your Honor*. Instead, they have become Bullies who Bully, ‘We the People?’ Why?

It is time to stand up and confront them. It is time for them to quit distorting the U.S. Constitution like a virus to make a point. It is Time to Consolidate and get Rid— of All the Crap! There are far more of us then they, so— Let's Take back our Government at the Polling Booths! God Bless the Will of the People!

“Government is not reason; it is not eloquent; it is force. Like fire, it is a dangerous servant and a fearful master.” President George Washington

Now, now is the time to unite and get in the game of our daily lives and do something about the scumbags and the system which they created, to mess with and ultimately— Fuck Up our Living. It is Time to CARE and, the first step is to get Your Head out of DENIAL. We MUST All— PARTICIPATE— TOGETHER to MAKE— a DIFFERENCE.

It is Time to Play Hard-Ball and Re-arrange the Rules Back in Favor of *‘We the People!* Just like society finally stepped up to the plate

☞ SURPRISE

and addressed *Childhood Bullying*; it is time for *All Americans* to step up to the plate and address the *Bullies* that are not only terrorizing America but the Whole World!

Unfortunately, Herb Block's warning to future presidents, still goes unheeded: "...Anything for a buck; Stops NOW?" America Needs Intuitive Humanitarians! People like John F. Kennedy, Dr. Martin Luther King Jr., Mahatma Gandhi, Mother Teresa, Nelson Mandela and Abe Lincoln. *Compassionate Heroes*, all of them; who fought and sacrificed for Humanity. It is time to address and define *Ignorance and Poverty*.

Believe it or not; *Ignorance is NOT Bliss*! The past is but, a prologue to now. *Poverty* is an *Unnecessary Contempt* on the *Human-Race* itself? Mankind is in fact, profoundly interdependent, on one-another.

We Americans are spoiled and very wasteful as we take convenience and comfort for granted. We take *Life* itself for granted. We take *Trust* for granted? Far too many of our citizens, are lazy, fat and complacent as they comply like a bunch of naïve sheep — ready to be slaughtered. Conformed idiots? Unfortunately, far too many people don't adhere to President Reagan's old adage about '*trust but verify*'?

Ironically, we believe what we are taught in school to be true, including history? Realistically, what we come to believe is the result of the conditioning from all aspects of society as we know it. But there is more to life as we know it, there is much more to learn; more than we can comprehend at this time. Sometimes, it takes a *Leap of Faith* to TRUST in the Grace of God. Alas, "You of little faith, why did you doubt?"

Wake up! *Intuition is our Divine Blessing*. Our universe is intelligently designed and so are we. We must *Trust our Intuition*! Sadly,

Reason and Free-Will, have been manipulated by— *The System* as the *Powers that Be*— indoctrinated us— *We the People* via implemented institutions and thereby brainwashed us into **Ignoring our Divine Birth-Right — Intuition.**

Hence, in general, mankind as a whole is in a trance, which is a destructive, interfering and disabling assault on our *Natural Ability to Tune into the Infinite— Grace of God*. It is the most *Evil Oppression on Humanity* ever designed and imposed, intentionally; as we betray ourselves as well as each other! It deprives us of our *Divine Ability* to recognize our *Natural Human Rights and Responsibilities to Each Other*. It affects our *Choices*!

Ultimately, we are one step away from— *World-wide Fascism*. It is time to take heed, comprehend and adjust per one of *Albert Einstein's Greatest Calculations*:

“The intuitive mind is a sacred gift and the rational mind a faithful servant. We have created a society that honors the servant and has forgotten the gift.”

If we continue to be faithful servants to the *Powers that Be*; eventually, we will be— *Dubious Slaves*. Intuitively, James Madison warned us that:

“If tyranny and oppression come to this land it will be in the guise of fighting a foreign enemy.”

But, what about an invisible enemy called FEAR? Ironically, we humans are susceptible to illusions as every cause has its effect. It may sound preposterous or ridiculous but reality is in fact, stranger than fiction and American citizens, are disillusioned.

Alas, when systematically and strategically implemented; *FEAR* is both a dangerous as well as a convenient weapon which has a

☞ SURPRISE

profound effect on people, life, and its uncertainty. Intimidated, we are manipulated victims, conditioned and programmed by the so called '*War on Terror*' and thereby controlled by fear via the threat of terrorism and pending chaos, like a herd of cattle. In fact, thanks to the *Privileged Elite Bullies*; a countless amount of people have turned into clueless Zombies — physiologically paralyzed as they are victimized through designed methods to their madness— including evil collaborated conspiracies, deregulation of our financial system, the Department of 'Homeland Security', the Patriot Act, the National Defense Authorization Act, propaganda, disinformation, distractions, entertainment— especially music, suppression, rhetoric, censorship by ownership, 'mediaocracy', hype, platitudes, prescribed drugs, illegal drugs and alcohol.

Consequently, it all adds up to the dumbing down of America as they systematically divide and conquer—*We the People*. It is but a planned perpetual assault on society. They have succeeded in establishing an *Immaculate Deception*; our *National Disgrace*. Americans are pre-occupied by intentional mass-distractions! Wake Up! Our Human Rights are decreed by God and both our Civil Rights and Human Rights have been fought and paid for— with *Human Blood*!

We best not let them be taken away from us by some *New World Order's* globalists' agenda; whom are evil and ruthless monsters with greedy, profiteering, megalomania over-inflated egos. Especially since we have a **Choice** to do something about it! God Bless the *Power of the People* as we do have the ability to re-control our circumstances and our destiny.

Now, now it is the time to *Do Something* about it in the name of Humanity. Ironically, *Truth* is akin to *Cool* as both are *Repulsive* to the *Un*. But, when *Ignorance* is— *Ignored*; *Stupidity* is— *Justified*. And then what? Fear-mongering can lead to panic and panic, can

lead to chaos, as people become dispirited. *Intuition is the Key!*
"Just look at us. Everything is backwards. Everything is upside-
down. Doctors destroy health,
lawyers destroy justice, universities destroy knowledge,
governments destroy freedom,
the major media destroy information, and religion destroys
spirituality." - Michael Ellner

I remember back in 1973 after I graduated from the Parris Island, USMC boot camp; and I was sent to computer science school in Quantico, Virginia. One of the first things that they taught us in class, was that a computer was like a big brain. The computer, like our brain is programed via logic. Both are suspect in regards to — ‘Garbage in, Garbage out’. The final equation can only be correct, when all the true facts are inputted, into the system. A little knowledge can be dangerous!

Think about it! Why are we fed— such bull-shit? Do they really believe that we are willing to digest this crap? We need All the Facts to— Fix the Mess, that we as a Society; have created together. Speak out! The ‘secret with-holding’, of some of the facts; presents a clear and present danger—Upheaval, that will only make matters worse if we continue to ignore them. The impact could be devastating.

Silence is but an invitation to evil circumstances; which entice the Powers that Be to— Bully us – We the little People. We must organize and respond via Intuition, to their injustice, as there is strength in numbers. Apathy and inaction lead to impunity, which should not be tolerated as nobody is above the law.

Especially not; our elected officials. It is insane to think otherwise and, insanity is a disease. Their actions are subjected to consequences as they are responsible for them. They are not ‘Untouchables’. When

☞ SURPRISE

they *Fuck-up*, it is our duty to hold them accountable. Especially when their evil actions are intentional or deliberately done. So far we haven't, and our country is being destroyed from within because we don't demand answers or justice.

Where are we headed? Duh... blind submission to authority! *Willful Ignorance*? Can you spell authoritarianism? Stupidity is Dangerous. According to Rudyard Kipling: "*The first casualty of war is truth.*"

How does one comprehend ignorance, intelligently? Who is to blame? We must address ignorance. Wake up! We are at war. It is a manifested war between good and evil. But, there is Hope. Remember what Abe Lincoln Proclaimed: "*You can fool some of the people all of the time, and all of the people some of the time, but you can't fool ALL of the people ALL of the time.*" We the Little People Must Unite Together!

Unfortunately evil is winning, as the *Truth* is that so many amongst the good, don't even know that this war, is in fact— going on? They are overwhelmed and bewildered, temporally unhappy and confused, because of the evil system of greed and corruption— that is manipulating all of us.

Here's some food for thought: 'John Swinton, the former Chief of Staff for the New York Times, was one of New York's best loved newspapermen. In fact, his peers called him: "The Dean of his Profession". John was asked in 1953 to give a toast before the New York Press Club, and in so doing, made a monumentally important and revealing statement. He is quoted as follows:'

"There is no such thing, at this date of the world's history, in America, as an independent press. You know it and I know it. There is not one of you who dares to write your honest opinions, and if

you did, you know beforehand that it would never appear in print. I am paid weekly for keeping my honest opinion out of the paper I am connected with. Others of you are paid similar weekly salaries for similar things, and any of you who would be so foolish as to write honest opinions would be out on the streets looking for another job. If I allowed my honest opinions to appear in one issue of my paper, before twenty-four hours my occupation would be gone."

"The business of the journalists is to destroy the truth; to lie outright; to pervert; to vilify; to fawn at the feet of mammon, and to sell his country and his race for his daily bread. You know it and I know it, and what folly is this toasting an independent press? We are the tools and vassals of rich men behind the scenes. We are the jumping jacks, they pull the strings and we dance. Our talents, our possibilities, and our lives are all the property of other men. We are intellectual prostitutes."

Unfortunately, it is now 60 years later and the situation is even worst, as most of the main stream media is owned and controlled by a handful of corporate conglomerates. Ironically, The First Amendment (Amendment I) to the U. S. Constitution was supposed to protect infringement on Freedom of the Press but; it is abused now because of censorship by ownership.

Thank God for the internet and the underground alternative media— where We, the little people, can speak our peace! But for how long? How long will it be before they are controlled, censored or infringed upon?

We must never forget that it is our obligation to protect our rights. We must protect the internet and support our alternative presses so that we can get the Word / Truth out! Sometimes, the Truth hurts. We the little people have a right to know the Truth!

☞ SURPRISE

WAKE UP! ‘Project Censored’; The News that Didn’t Make the News and Why! Check it out at: <http://www.projectcensored.org/>

Did you know that more than half of the members of Congress are millionaires? Perhaps it is no small wonder why they let the unemployment insurance run out. Hence, Josh Bivens, director of research at the Economic Policy institute surmised: “Congress not only seems more responsive to policy desires of the very rich, but, increasingly, they are the very rich.” In essence, they have become *Heartless, Shameless, and Void of Compassion for— Their Fellow Humans?*

Unfortunately, far too many Americans, seem to have given up on our System of political bullshit. Public expectations have been blindsided by lies, and as a result, perceptions have been deceived. Faith has been hijacked by false impressions, misconceptions, and broken promises, as both Congressmen and women get richer and richer; because of their actions. In fact, the approval rating of Congress has plummeted to an all-time low? Economic inequality is growing at a faster rate than ever before, since the *Powers that Be* have— extreme disregard for *We the little people*, whom are pissed-off.

Yes, we have a right to be pissed-off. Why? Because, we are tired of being shit on by so called *Elite Powers that Be*. The privileged few who, think that their shit — don’t stink. It is Time for a Change as We have a Duty to Take our Country back. Our government is out of control and the politicians are masters of damage control. It is time for *We the little people*, to get involved in politics. **The Midterm Elections in November 2014, is our Chance to Change the Dirty Diaper!**

Shit happens but greed is evil and by the *Grace of God*, we shall overcome. *Our TRANSTITION is at Hand, Thanks to the Help of the Internet as Communication is another Key to The Awakening of We the People— Worldwide. So, Surf / Search - Look! Listen! Get Involved! Learn to read between the lies and; ‘separate the wheat from the chaff’— Destination Truth! Spread the Word! We Have To Take This Viral To Make It Work! Get The MESSAGE OUT!*

The end game is Freedom. Alas, Patrick Henry proclaimed: “*Give me liberty, or give me death.*” *Humanity or Slavery?* The choice is ours! Perhaps Dr. Martin Luther King, Jr. put it best when he started that:

“Human progress is neither automatic nor inevitable... Every step toward the goal of justice requires sacrifice, suffering, and struggle; the tireless exertions and passionate concern of dedicated individuals.”

Obliviously, there has been enough suffering and struggle worldwide. And at the rate the USA is going, soon, privacy will be obsolete, congregation will be monitored, and people will be afraid to talk openly and freely about their concerns as we lose our civil liberties, including Freedom of Speech / Freedom of Expression; altogether. Why? Because, it’s *National Security* at any cost; no questions asked; since it is classified as *Top Secret*.

After all, *Big Brother* thinks it knows best as the *Powers that Be* realize that if —We don’t MIND, they don’t MATTER. Especially when it is part of the secret hidden agenda; *a New World Order* — of profit, domination and control of Earth’s Natural Resources, including People via Anti-Humanity. But, ALL of our Freedoms and Rights, *Do Matter!*

☞ SURPRISE

They must have forgotten that this country was founded on dissension and conspiracy. Coincidentally, far too many people suffer in silence— worldwide but, silence only fans the flames of dissension. Wake Up! *Freedom is Priceless!*

Thanks to our Forefathers, the Declaration of Independence, along with our Constitution and the Bill of Rights; are collectively known as the Charters of Freedom; which guaranteed the rights and freedoms for all Americans. Therefore, we, the 99% will not let the 1% and their abuse of power; enslave us! *We the People* can only tolerate so much! People want Answers. It is time for Action. Time to get our U.S. Government back in Order, not chaos. The *TRUTH* will set us Free!

The second step is to stand up to the Bullies that are destroying America, and thereby, stop this ridiculous insanity by— fighting to ensure our Civil and Human Rights. We have to change the dirty diaper so that we have a government— that Runs and Provides the Services that Americans are Entitled to. We, the Little People, deserve to be Happy and Healthy! We want an Honest / Ethical Government, run by People with Integrity. It is our job to clean up the Corruption by Speaking up. Let us not forget what Thomas Jefferson proclaimed:

“When the people fear their government, there is Tyranny; When the government fears the people, there is Liberty.”

Apparently, our politicians also seem to have forgotten that they govern per ***Our Consent*** as stated in the Declaration of Independence:

‘...We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of

the governed, —That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to affect their Safety and Happiness...'

Therefore, we don't need their permission / consent to be FREE citizens of the USA as long as we obey the laws of the land. We gave them our permission / consent to govern us. We have the Right and the Power to take it away!

United we stand. Together, we have the right to ALTER or ABOLISH a destructive government and institute a NEW Government that has *Integrity* and is *Just*; a government that— Will Fulfill our Safety and Happiness.... Including *Prosperity and the AMERICAN DREAM*; which is almost impossible for most U.S. citizens nowadays! What happened to 'The Great Prosperity'? Equal Opportunity? Unfortunately, America's system of economic growth, has morphed— into an unequal distribution of income? Why? It is pathetic; it's undeniably wrong.

Ultimately, our so called *Governors* don't realize Spiderman's credo: "*With great power, comes great responsibility.*" Essentially, America was built with Human— Blood, Sweat and Tears! Eventually, we will take our *Freedoms* back! We will demand Equality too, as we welcome Prosperity and Equal Opportunity!

Think back! Realistically, *Freedom Isn't Free!* Freedom entails obligations and responsibilities; trust, loyalty, honesty, duty, service and accountability. Consequently, throughout history, when push came to shove, far too many people —*Sacrificed* their *Lives* in the Name of Freedom.

☞ SURPRISE

We owe it to all of our *Servicemen and Servicewomen* whom fought for our *Unalienable Rights*; as did our *Forefathers*; to keep and preserve — *All* of them, for our *Children and Grandchildren*, including Life, Liberty, the pursuit of Happiness via our Human Rights and our Civil Rights. Phenomenally, the '*Bill of Rights*' is our '*Cornerstones of Freedom*'. God Bless our Constitution, which ensures our *Bill of Rights*! The U.S. Constitution is the '*Supreme Law of the Land*,' here in America. Amen! God Bless America! God Bless our fallen *Brethren*.

Inherently, it is our obligation and responsibility as a duty to be the *Watch Dogs* over all of our elected officials; to avoid corruption and dishonesty and make sure that we maintain the 'System of Checks and Balances', which **WAS** a safe-guard to prevent excessive power grabs by either the judicial, legislative or executive branch of our government. Ultimately, this system was designed by our Founding Fathers as they established a 'Separation of Powers', on purpose — to prevent both moral & national economic bankruptcy.

Our Government Should Be Responsible and Responsive, but it is **NOT?** Our government is but an *Immaculate Deception - A National Disgrace!* Why? Because our government officials have grabbed too much power already and with this power they will fight like hell to resist change since power and privilege are lucrative. They firmly believe that they are above the law, obsessed as power and greed invaded their brains and therefore, they want to control our every need. Their egos are absolutely absurd and inconsiderate.

"They must find it difficult...

*Those who have taken authority as the truth,
rather than truth as the authority."*

-Gerald Massey, Egyptologist

Unfortunately, far too many people have fallen asleep— in a State-of-Denial as many arrogant politicians get calloused and insensitive as they continue to get the *Checks* and the appalling lobbyists — hold the *Balance*. Blatantly, when lobbyists and special interests use money in our political system — to wine and dine or give gifts or takes any politician to a sporting event; isn't that considered bribery? And what about the political donations that they give to their campaign war chest? What strings are attached? What deals are made or favors traded? Is it ethical to pedal influence across Capitol Hill? Quid pro quo?

Ironically a lot of this bribery is legal, thanks to a system known as the “*revolving door*.” In fact, Jack Abramoff, America's most notorious lobbyist who spent over three and a half years in federal prison for corruption charges, which included conspiracy to bribe public officials and tax evasion; called D.C. Politics “Dirty as Ever”. Business as usual? How convenient? He professes that: “it is not what is illegal in Washington, but rather what is legal.” He now wants to reform our political system and has a number of proposals to eliminate bribery of government officials, according to his book entitled ‘*Capitol Punishment*’. He insists that everybody does it?

In the book, Mr. Abramoff also suggests that we should: “*shut the ‘revolving door’ between Capitol Hill and the K Street offices of Washington’s biggest lobbying firms by banning legislators and their aides for life from becoming lobbyists.*” He proposes “*barring lobbyists from giving gifts to lawmakers, and prohibiting lobbyists and special interest groups from making political donations.*” In addition to this, he advocates instituting term limits for representatives and senators.

Do you think the majority will listen to him? Do you think the corporations will let that happen? No, I don't think so. I believe that

☞ SURPRISE

our system of politics evolved that way accidentally on purpose or it was implemented slowly but surely by design. After all, it is a win / win for both parties involved as ‘you scratch my back and I’ll scratch yours’. However, it can be devastating to America when it gets down to what is best for we the people. Priorities or Temptation? Americans or corporate interests? ‘To do or NOT to do?’ Think! Perhaps Horace Walpole summed it up best when he realized: *“This world is a comedy to those that think, a tragedy to those that feel.”*

Coincidentally, our appointed for life Supreme Court Justices ruled on Jan. 21, 2010 by a margin of 5-4, to Reject Corporate Spending Limits? Alas, the government cannot ban political spending by corporations in candidate elections. Therefore, the saga continues as big money continues to buy access and influence in Washington which dominates our policies and corrupts our politicians. I wonder if any of Supreme Court Justices were wine and dined.

The only way to get big money out of politics is to cut politicians dependence on big campaign contributions. It all comes down to one solution: Public Funding. If we don’t act now, we are indeed part of the problem — Still. Check out Americans for Campaign Reform at <http://www.accreform.org/>.

Regardless, in the meantime, the system is flawed, it invites temptation as quid pro quo is an option; an evil source of double trouble. Thus, legally and illegally, our U.S. government is bought and paid for, fraught with corruption as temptation, collusion & intimidation overwhelm— in the name of the almighty dollar. Ultimately, the USA, our Republic is, but a ‘Spectacle of Turbulence and Contention’ as our Representatives are Possessed by Greed and Obsessed with Power.

They will do anything to stay in office. Our Country is paralyzed in a State of Competition and Denial; torn by profit and greed. God Help Us! United We Stand, Divided We Shall Fall — Into a Cultural Divide Between the ‘Haves’ and the ‘Have-Nots’ as Money is god and whomever has that money can make the laws and even break the laws. Destination — the Rule of Unconstitutional Law?

Ironically, inside trading is illegal but what about political intelligence? Did you know that there is actually an industry that deals strictly with political intelligence? Political intelligence firms in Washington, D.C. make a fortune for their clients. They provide information as well as analysis about federal legislative developments; proposed regulations, policy decisions and the likely policy ramifications of those decisions to clients—usually Wall Street financial institutions; whose business decisions are affected by what happens in D.C. Sometimes, the clients even get to meet or talk with congressional staff members, who share what they know about relevant legislation.

Perhaps it is no small wonder why, a lot of politicians become rich since— they are already in the *Know*, and they have the power of the ‘*Yea or Nay*’ *Vote!* They know where to invest their money. Fringe benefits? Unfortunately it is hard to define let alone prove political intelligence, but all you have to do is follow the money trail.

Mysteriously nobody seems to bother? Do some research, and you might become livid? *Legal* and *Ethical* are two different animals. Alas, there is indeed a fine line between inside trading and political intelligence. However, On April 4, 2012, President Obama signed into law the Stop Trading on Congressional Knowledge (“STOCK”) Act which is supposed to be a safe guard to halt Political Intelligence. Time will tell?

☞ SURPRISE

Perhaps, “*the love of money; is the root of all evil?*” But, essentially, life is but a matter of perspective; precisely — attitude, attention and awareness via observation, interpretation and evaluation. It is an on-going struggle of trial and errors as relationships between people, places and things; a process of interacting experiences. Environment plays a major role in our development per influence as do parents, immediate family, friends, community and culture. Reason and free will, lead us to choices — cause and effect, actions and reactions. Behavior varies and it is complicated by logic — excuses and opinions.

Ironically, life is but, a mystery. Intuition is our Divine Gift. Who are we? Why are we? What is reality? What is Truth? Truth is a challenge. “*Knowledge is Power* but, *Applied Knowledge is Empowering.*” Wake up! My question for now is— what does the future hold for Democracy in America? And, will we be able to preserve it, in spite of all of the evils that are lurking upon us?

Blessed with Liberty, Americans are spoiled as we appreciate our *Freedoms* but, take them for granted? United we stand when necessary, but somewhere, somehow, we were blind-sided— as America fell into this culture of greed and corruption— one evil step after another as *Corporate Security* hides behind *National Security while they invade our privacy*. Alas, when ignorance is ignored, stupidity is justified. Wake up— out of the portrayed illusion.

Frankly yet sadly, the situation is intense, dramatic and getting out of control; and the *Consequences* will be dire. The shit is going to hit the fan. Stupidity is Dangerous. To each his own but, all of us are connected. We are being dehumanized and far too many have already accepted this appalling fact as routine as they regress, timidly with a silent mentality via fear and / or ignorance of Truth? Unfortunately,

blind obedience usually leads to both unintended and intentional consequences as you leave your guard down and become vulnerable.

Wow, this is terribly wrong, creepy, and even unbelievable, yet undeniable and unacceptable. Think! It is our duty to question authority. Speak Out and be a Hero or Else? Compliance is the culprit, for crying out loud. We have to fight for our rights. It is our responsibility. Once upon a time, our forefathers faced some nasty crap. But, they woke up and rose to the occasion as they realized that if you see no evil, hear no evil, or don't speak out against and confront evil; it's goodbye Freedom. History speaks volumes, fortunately for we the people; silence— fans the flames of dissension. It is but a matter of time and the Truth won't be denied. It will be self-evident.

“But you must remember, my fellow-citizens, that eternal vigilance by the people is the price of liberty, and that you must pay the price if you wish to secure the blessing. It behooves you, therefore, to be watchful in your States as well as the Federal Government.” — Andrew Jackson, Farewell Address, March 4, 1837

Now, now is the time to address and recognize the evils within our own government. It's time to confront the evil of the *Powers that Be*, before it is too late! Especially the evil greed of the corporate world and their profit agenda. They are in cahoots; the corporations and our politicians, as greed has manifested into a sinister occupational disease. But, temptation is a measure of character. Verily, *“Do not be deceived: bad company corrupts good morals.”*

Wake Up! *The Powers that Be* must never impose their self-interest upon— *We the People* —upon the *Country or Above the Law* but, they do? Why?

☞ SURPRISE

Justice cannot be enforced via fear but, it is? It is— *Blind Justice!* It is— *an Immaculate Deception* when it is *Not Challenged!* It is *Arrogance* on their part, *Stupidity* on the part of *We the People!*

It doesn't matter if you're Democratic, Republican or Independent. It is a Humanity issue. Right is right. Wrong is wrong. All *Humans* have a right to a decent life, liberty, equality, and the pursuit of happiness.

It is time for corporations to stop their destructive exploitation of— *All of Mother Earth's Natural Resources*, including *Human-beings*. They are ruthless and will stop at nothing in the name of the almighty dollar; including assassinations, so that they can sustain and maintain absolute power? Alas, '*Power Corrupts, Absolute Power Corrupts Absolutely.*'

It is time to close the *Revolving Door*. Lobbyists are destroying America! Our two party political system is a farce. Incidentally, our fore-fathers warned us about the threat of a two party system. Prophetically, John Adams stated:

"There is nothing which I dread so much as a division of the republic into two great parties, each arranged under its leader, and concerting measures in opposition to each other. This, in my humble apprehension, is to be dreaded as the greatest political evil under our Constitution."

Ironically, the corporate world plays one party against the other as they actually finance both and mislead the public. It's a ploy, a game to keep the American people divided and distracted. They enjoy the drama, confusion and the chaos. Somebodies are making a fortune on all the hype and advertising and all mainstream media should be a shame of themselves for being part of this conspiracy. Instead of reporting what is really going on and trying to figure out why; they

are just a bunch of parrots— that repeat what they are told to report. *We the People* are spoon-fed current events by the ‘government-corporate-media complex,’ which carefully selects the news that is reported. To add insult to injury, they even analyze the story for us as a way to hijack our ability to think for ourselves.

Also all the press conferences you watch on TV in regards to our *Federal Government in D.C.* are also a farce— where protocol dictates; pre-screened questions— both as a heads-up and as a way to avoid the questions / issues, which they don’t want asked. A perfect example is the crisis in Syria; not one politician or reporter or mainstream media addressed the real issues or asked the main reason for all the chaos? Why is the USA threatening to bomb Syria and get involved? The real reason is NATURAL GAS. More on that later in this book.

I don’t know whether it is a test of or an assault upon our intelligence. Perhaps it is both, but it is all about money as the corporate bottom line is more important than the very people that work for them. Unions are becoming obsolete. Full time employment will be next as a way to do away with benefits. It is our responsibility to ask why?

Unfortunately, it is just part of the Grand Plan as the dumbing down of America. Public schools and colleges are being told what to and what not to teach under the powerful threat of *Federal Funding*. I meet teenagers that can’t add or subtract basic math without a calculator. Some of them don’t even know how to tell time on a standard wall clock. Military time is like algebra to them. Some schools are discontinuing cursive-writing all together? Do you see how money plays and factors into their system. The corporations bribe the politicians who make the laws and the Federal government; plays dictator over our public schools and colleges.

☞ SURPRISE

It is time to get our Educational System back on track with the rest of the world as we are falling behind? Far too many colleges are passing out so many worthless degrees and both the students and parents are hooked on the student loans? For more information, I suggest that you check out <http://www.Studentloanjustice.Org>

Will our books be burned like in Ray Bradbury's *Fahrenheit 451*? Are we headed for a dystopian society? Our e-mails and phone calls are all being tracked, monitored and recorded as well as our internet activities; all in the Name of *National Security*? Corporate control will stop at nothing including *24 / 7 Surveillance* .Surveillance without probable cause? Fourth and Fifth Amendment? Technology? Drones?

The FBI has admitted that it used drones on some US citizens. Did you know that there are drones that look and sound just like a humming bird? Did you know that drones are actually killing machines used in assassinations? And now, they are allowed to use them here in the USA for surveillance? Will they kill us too if we get out of line? Hypothetically YES! Alas, in a letter that Sen. Rand Paul (R-Ky.) wrote to U.S. Attorney General Eric Holder; Mr. Paul asked: "Do you believe that the president has the power to authorize lethal force, such as a drone strike, against a U.S. citizen on U.S. soil?"

Attorney General Holder wrote back that the Obama administration rejected the use of military force where "*well-established law enforcement authorities in this country provide the best means for incapacitating a terrorist threat.*" But in theory, it'd be legal for the president to order such an attack under certain circumstances. Holder continued:

“The question you have posed is therefore entirely hypothetical, unlikely to occur, and one we hope no president will ever have to confront. It is possible, I suppose, to imagine an extraordinary circumstance in which it would be necessary and appropriate under the Constitution and applicable laws of the United States for the President to authorize the military to use lethal force within the territory of the United States.”

Hypothetically? Bull shit, it sure as looks like our country, America is preparing to become a *Police State*? According to the American Civil Liberties Union’s (ACLU) report in July of 2013, police across the USA use automatic camera-scanners to take digital photos of millions of license plates. Yes, the process does solve crimes, but it also stores data on millions of innocent people. Better known as “government location-tracking systems”, they constantly observe us and enter our activity in the data bank?

Perhaps Albert Einstein put in the proper perspective when he realized: *“It has become appallingly obvious that our technology has exceeded our humanity.”* At the rate technology is going, someday soon, Earth will be a **‘Prison Planet’**; monitored by the *Powers that Be*. Or, will man become inferior to machines? Will the servant become the master? Gods? Is it possible to be controlled by artificial intelligence?

Wake Up! **Knowledge is Power**. Ignorance is **NOT** Bliss. What you don’t know, can come back and hurt you because you chose to ignore it. **Apply the Knowledge that you acquire and Pass It On**. Be aware. Get informed. Educate yourself. Get connected with other civic minded citizens, debate and **Vote the SCUM out of Office**. Silence only fans the flames of discontent. *Do a Little Research* — Seek and You Will Find the TRUTH and Comprehend the Lies That Have Been Portrayed Upon US.

☞ SURPRISE

Unfortunately, Washington, D.C., formally the District of Columbia and commonly referred to as Washington, “*the District*”, or simply D.C., the capital of the United States; is now AKA the “*District of Corruption*”. Open your eyes, inquire; concentrate, focus, enlighten yourself, follow the money trail, connect the dots and put an end to the blatant corruption; ignoble acts that are sabotaging our *System of Justice* and stop the *Financial Rape of We the People* as well as our *Environment* by the amoral so called ‘*Banksters*’, *the Military Industrial Complex, Corporations, Lobbyists and Sinister Politicians*. Eventually, the ‘*Secret Shadow Government*’, will be exposed as it is but an abomination. God Bless the *Whistleblowers* who speak out to *the Court of Public Opinion*.

Incidentally, the International Court of Public Opinion has spoken and its message is getting louder and clearer as humans – worldwide, are standing up to, and addressing— the horrific man-made danger known as GMOs – (genetically modified organism). Both plants and animals are being genetically modified and we are the guinea pigs thanks to *Powers that Be* and their malicious intent in the name of the almighty dollar? Ironically, in 1970, Henry Kissinger boasted:

“Control oil and you control nations; control food and you control the people.”

Alas, GMOs have been in the works for a long time and is part of their grand plan— population control. But people are AWAKENING! In fact, two million people in more than 50 countries marched in May, 2013, to protest against a company called Monsanto and its ‘Monster Crops’. They were protesting about the genetically modified seeds – Exclusive Franken-Seeds / Franken-Foods; which are a deliberate manipulation in the name of food chain control. For more information please *check out* “Genetic Roulette” — <http://geneticroullettemovie.com>.

To clarify, Monsanto is the largest corporate culprit that is getting boycotted as protesters from across the globe are demanding the termination of their monster seeds that are associated herbicides that can harm birds, insects, amphibians, marine ecosystems, and soil organisms. They reduce bio-diversity, pollute water resources, and are unsustainable “bee killing” pesticides. There is “undisputed evidence” that they are destroying the planet’s bee population and left unchecked may destroy the world’s capacity to produce enough food to feed its population. The impacting results are unimaginable.

To learn all about GMOs, go to: <http://www.onegreenplanet.org/news/all-you-need-to-know-about-gmos-and-march-against-monsanto/>

In response to “colony collapse disorder,” the massive die-off of bees all over the planet; Monsanto’s solution is to replace God’s honeybees with new genetically modified bees that are resistant to all the pesticide producing food they make. Hence, in September, 2011 Monsanto announced that it bought *Beeologics*. Their web site is now <http://www.beeologics.com/> Alas, Monsanto wants to Control both the *Seeds* and the *Pollination Process*! And they will stop at nothing?

According to an article in April, 2012 by the *Prairie Advocate News*: “The Illinois department of agriculture illegally seized privately owned bees from renowned naturalist, Terrence Ingram, without providing him with a search warrant.” Ingram is famous for saving the American Bald Eagle from being on the endangered species list and was currently researching Monsanto’s product *Roundup* and its effects on *honey bees*, which he’s raised for 58 years. “They ruined 15 years of my research,” he told *Prairie Advocate*, by stealing most of his stock? Was it a Coincidence, or did Monsanto get a little help,

☞ SURPRISE

from friends in high places? Mr. Ingram did not get his bees back? Imagine that?

Pathetically, it appears that President Obama is in cahoots with Monsanto as is the, EPA, USDA and FDA? Why? In the face of a growing ‘bee apocalypse’ and the deliberate devastating contamination of our environment, why did Obama signed the Monsanto Protection Act on May 26, 2013; which gives Monsanto complete immunity from federal courts when it comes to their ability to act against any new Monsanto GMO crops that are suspected to be endangering the public or the environment. The courts can do nothing to Monsanto if it’s found that their newest creation may be promoting cancer or destroying our food supply.

Really? How appropriate? It’s evident that they crossed the red line and the evidence is piling up quickly. How can and why did Monsanto manage to get Immunity? We have to put a stop to this *Unconscionable Mayhem*. It is a scandalous disgrace to Humanity. Our *republic* is *NOW out of control* — its decisions are affecting the very Survival of our Lives! Our Democracy is now but a farce and a Big Outrageous Lie! Somebody should be monitoring the EPA, USDA, and the FDA as well as all of our elected officials; stringently and vigorously.

Do you *FEAR the* Genetic pollution from GMOs and the loss of the bumble bee – “colony collapse disorder? If it’s not compelling enough for you, it sure seems like most countries do; but not the United States? Believe it or not, *Honey* lasts forever. Honey is a miracle food; it never goes bad. It was reported that archaeologists found 2000 year old jars of honey in Egyptian tombs and they still tasted delicious! It doesn’t spoil. Should we *FEAR the new* genetically modified bees? If so, speak out, protest, boycott and make a difference in the name of Survival. If not, you best take a

look at what Albert Einstein warned:

“If honey bees become extinct, human society will follow in four years.”

In 2010, India banned commercial approval of GM seeds “indefinitely” to prevent Monsanto from “frankencropping”. The Indian government even filed a “biopiracy” suit against Monsanto to stop them from flooding the Indian market with “patented” artificial seeds. Unfortunately, over 200,000 Indian farmers committed suicide by eating the poison pesticides right in front of their families. This horrific act of mass suicides have been dubbed as “GM genocide” per “food fascism”.

Those farmers killed themselves because they were told that the GM seeds were “magic” seeds. Unfortunately, they learned the hard way how dangerous those “magic” seeds really are after switching from traditional, sustainable farming to corporate, chemical, GMO-based farming. Many of the crops didn’t even come up and those that did needed much more water. Water is scarce enough in India and many droughts over the years made it even scarcer. A few years later, the biotech agricultural method failed as pests and weeds were growing resistant to chemical warfare and the farmers had to buy more expensive and dangerous pesticides and apply them more than they had to in the first place. Alas, the farmers went broke or got deeply in debt and couldn’t live with the guilt, shame and or disgrace.

India is not the only country that experienced trouble with the Franken-seeds’. Here in the USA, after a few short years, hard to kill “super-weeds” started growing because they had developed a resistance to the Roundup in the seeds. As a result, millions of acres of U.S. farmland is out of commission. In fact Monsanto is now paying farmers about \$20.00 an acre for planting Roundup Ready

☞ SURPRISE

GMO crops but, they have to spray other harmful chemicals on the land to reduce weeds because the Roundup doesn't work on them.

And, furthermore, just recently, the Center for Public Integrity stated that: "...fatal chronic kidney disease of unknown origin, or CKDu, has killed more people in El Salvador and Nicaragua than AIDS, diabetes, and leukemia combined over the past five years." According to their findings, Glyphosate, a systemic herbicides; is a major cause of this dilemma. Unfortunately, Glyphosate is the active ingredient in 'Monsanto's poster-child RoundUp'. And guess what the poor farmers in these areas were using.

Read the story at:

<http://naturalrevolution.org/monsantos-glyphosate-linked-to-kidney-disease-epidemic-in-poor-farming-regions/>

Alas, 'It's not nice to fool Mother Nature.' We best not mess with the Laws of Nature or else? If flirting with disaster is not *Thought Provoking* and or compelling; what is? How about this? It looks like the Franken-Fish will be for sale soon here in the USA as the FDA gave its approval in April, 2013.

But what scares me are the FDA's own words '*When Produced*' and '*Significant Effect*' in their following assessment: "...The AquAdvantage Salmon will not jeopardize the continued existence of United States populations of threatened or endangered Atlantic salmon, or result in the destruction or adverse modification of their critical habitat, ***when produced and reared under the conditions described...***" And, "...FDA has carefully considered the potential environmental impacts of the proposed action and at this time has made a preliminary determination that this ***action would not have a significant effect on the quality of the human environment in the United States.***" Unfortunately, it all boils down to ***If and When?***

Mysteriously, I don't see any of our main stream media here in the United States as being any concerned about these potential calamities? I wonder why? Is it not vitally imperative? Unfortunately, it is called *Censorship by Ownership!* Corporate conglomerates. In fact, just six corporations own the vast majority of media outlets in the United States and thus, dominate most of what Americans read, see and hear on a daily basis. Thank God for *Alternative* media!

Apparently, many supermarkets and food chains here in the U.S. declared that they won't sell these genetically modified salmon and environmental organizations are planning a campaign to boycott them. There is also a bill in US Congress to ban them completely but, I don't see any movement on it yet? *Greed and Deep Pockets are our worst enemy.*

What if these Franken-Fish are not produced under the conditions described and there is a significant effect on the quality of the entire food chain of the World? Sometime accidents happen on purpose in the name of money, regardless of the consequences. Corporations will stop at nothing to generate profit.

"I see in the near future a crisis approaching that unnerves me and causes me to tremble for the sake of my country...Corporations have been enthroned and an era of corruption in high places will follow; and the money power of the country will endeavor to prolong its reign by working on the prejudices of the people until all wealth is aggregated in a few hands and the Republic is destroyed." - Abe Lincoln

Woefully, old Abe was right-on, as corporations are controlling our food, water, and oil in the name of the almighty dollar. And now, Monsanto wants to expand into another Adventure. *Weather Manipulation?* In October, 2013, it bought the weather company,

☞ SURPRISE

Climate Corporation. “The company uses machine learning to predict the weather and other essential elements for agribusiness.” But, I wonder what else it is secretly up to.

You can read the whole story at: <http://www.oneworldchronicle.com/?p=17442>

‘Look Up,’ a POWERFUL NEW Documentary explores GeoEngineering, SRM, Solar radiation Management, Weather Modification and “chemtrails”. It introduces to the public, a new way to protest and petition this dangerous initiative by using the all new mobile app SkyderALERT. Put an end to this potentially catastrophic program. Check it out at: <http://www.skyderalert.com/>

“The Artisan Festival International is a part of the A.F.I. World Peace Initiative and we believe that ‘Look Up!’ address the most important environmental issue our planet faces today GeoEngineering,” — George Barnes

Believe it or don’t, *Weather Manipulation/Modification* is a fact. Control the weather and you control the food. Control the food and you control the people. Control the food and the weather and you control your enemy. It sounds like Modern Warfare that is Top Secret, something that the government controls such as HARRP.

HAARP stands for — The High Frequency Active Auroral Research Program. Supposedly, it is an ionospheric research program (a complex process involving reflection and refraction, of electromagnetic waves propagating in the ionosphere) which is jointly funded by the U.S. Air Force, the U.S. Navy, the University of Alaska, and the Defense Advanced Research Projects Agency (DARPA). But, what does it actually do? And Why? Wake Up America!

Check HAARP out at: http://www.theforbiddenknowledge.com/hardtruth/haarp_index.htm

And, what about other man-made *Dangers* that are being *implemented* now, or the ones that already have been applied throughout history? Many of them have to be confronted and addressed sooner or later as they are purely diabolical.

Let's get back to the subject of man-made drones. They certainly have some serious danger issues. In fact, on September 30, 2013 ABC News reported that a 3-pound helicopter "drone" with an on-board camera crashed in Midtown Manhattan during evening rush hour. Before crashing to the ground and landing a few feet next to a businessman, the drone flew directly into a skyscraper. The scared and shaken man recovered a video from a memory card in the crash debris which shows the drone flying twenty to thirty stories above the busy streets and crowded sidewalks near Grand Central Station. Ironically, no laws were broken? However, the FAA considers it an "unmanned aircraft system"—which is not allowed to operate over congested areas like Manhattan.

The businessman was lucky that he wasn't killed by the unmanned device. Unfortunately, we best be on guard as in the near future, the sky might—in fact be falling. Alas, the Washington Times reported in February 2012 that: **'Drones over U.S. get OK by Congress'** – "Look! Up in the sky! Is it a bird? Is it a plane? It's ... a drone, and it's watching you..."

The FAA projects that 30,000 drones could be in the nation's skies by 2020. And in March, 2013, New York City Mayor Michael Bloomberg stated that—city dwellers could expect that drones would be flying above them and surveying their every move. He proclaimed that a drone was no different from a surveillance camera.

☞ SURPRISE

“What’s the difference whether the drone is up in the air or on the building? We’re going into a different world, uncharted. You can’t keep the tide from coming in,” he added. I wonder if the city or government has liability insurance. I wonder if our *Federal Government* needs liability insurance. Especially if somebody gets killed accidentally or maybe on purpose?

Watch out as the sky is falling— A U.S. military MQ-9 Reaper Drone crashed into eastern Lake Ontario during a New York Air National Guard training mission in early November 2013? Thank God nobody was hurt but the cost to taxpayers was at least 4 to 5 million dollars. Technical and pilot errors were blamed for a Reaper crash in Nevada last year. How long before this becomes more routine?

Unfortunately Mr. Bloomberg is right; we have created a ‘*Different World*’, with uncharted waters and it’s awfully scary. We are messing not only with *Mother Nature* but with *Mother Earth*. Energy is vital to our survival but common sense should dictate before profit. I am talking about Fracking. It is the process of drilling and injecting fluid into the ground at a high pressure in order to fracture shale rocks to release natural gas inside. In the process, it contaminates our drinking water as well as the air that we breathe and the ozone. It also, causes acid rain and threatens wild lands. Fracking is also being blamed for causing earthquakes throughout the USA as well as other parts of the world.

And let us not forget about *Big Pharma*; the pharmaceutical industry is killing us with medications that have side-effects which are worse than the disease that they are trying to control? People are dying and lawyers are getting rich on all of the law suits? Doctors are rewarded with luxurious trips, all expenses paid to sit at a convention for a few hours and learn which new poison pills are now on the market. They

are even given free sample to sell to their patients. And we are supposed to trust our doctor?

And now the FDA is making guide lines to ban and control vitamins, natural herbs and dietary supplements? Check out the whole story at: <http://www.foxnews.com/health/2011/12/20/is-fda-trying-to-take-away-your-vitamins/>

Where are we headed? Years ago, I found an old magazine at the public library with an article that is eerie in regards to today's perspective. 'In 1931, Nikolai Bukharin, president of the Soviet Academy of Sciences; addressed the International Congress on the History of Science in London with this question: "shall science enslave the masses or serve them?"' Go Figure?

Unfortunately our medical system is set up to treat instead of preventing disease? There is big profit in *Surgery* and *Medications*. Welcome to the age of corporate controlled medical field; where—class does have its privileges. Today, health insurance determines treatment as disease is a multi-179 plus billion dollar industry.

Pricing is out of control. Doctors are giving out happy pills to anybody that wants them? They are even doping our children so that teachers and parents can tolerate and control them better? Shame on them. And then, there is 'Death by Prescription' as doctor's bad hand writing, is blamed for about 7,000 deaths a year because of misread prescriptions— Worldwide?

And what about the assault on the most vulnerable; the unborn children? Did you know that 7 in 10 pregnant women in the U.S.A. take at least 1 prescription Rx drug? Unfortunately, the FDA records show that prescription drug use during pregnancy causes more than 15,000 birth defects every year?

According to the article: *“Educated parents can either get their children out of harm’s way or continue living inside one of the largest most evil lies in history, that vaccines – full of heavy metals, viral diseases, mycoplasma, fecal material, DNA fragments from other species, formaldehyde, polysorbate 80 (a sterilizing agent) – are a miracle of modern medicine.”*

It is a ‘Criminal Travesty’ but how can this happen? Mark Twain surmised: *“If you tell the truth you don’t have to remember anything.”*

Donald Rumsfeld bragged: *“There are a lot of people who lie and get away with it, and that’s just a fact.”*

America’s *Immaculate Deception’s*, are all *National Disgraces*, which infuriate me. But how one man can have so much power, is unconscionable? In my opinion, Donald Rumsfeld is one of the biggest scum bags that ever lived. He is a blatant liar, and should be locked up for Genocide and Treason. Below are some alarming facts from my second book, *Social Security*, which was published in 2009. These are some perfect examples of how dangerous man-made hazards— get incorporated into the system and how the *Powers that Be* profit from it, in spite of the health and or safety of *We the Little People*?

Let's see how 'Diabolical Donald' Rumsfeld plays a role in each of the following:

1. The Swine Flu Vaccine Scams / Poisoning
2. The Axis of Evil (TREASON?)
3. The Cancer Causing Aspartame

Here are some historical facts:

Donald Rumsfeld was the Secretary of Defense under President Gerald Ford from 1975 to 1977 and again, Secretary of Defense under President George W. Bush, from 2001 to 2006. He was also a major stock holder and former CEO of Gilead Sciences Inc., which was the sole patent owner of Tamiflu.

'Tamiflu', is an antiviral prescription medication, in pill form. So far it is supposedly, the most effective treatment for combating the new swine flu as well as protecting health care workers who may be exposed to it. This drug was made and marketed by Hoffmann-La Roche Holding AG of Switzerland, but was developed by Gilead Sciences Inc. of California in 1996.

Tamiflu was stockpiled by the U.S. Defense Department and millions are made with each new Swine Flu Panic. The US federal government is one of the world's biggest customers for Tamiflu at the tax-payers expense. Former Sec. of State George Schultz — CFR, Trilateral, and Bilderberg member, was also on the board of Gilead Sciences. According to Fortune, Shultz turned a neat \$7 million profit in 2005 in insider selling of some of his Gilead stock.

From 1977 to 1985, Rumsfeld served as Chief Executive Officer, President, and then Chairman of G. D. Searle & Company, a worldwide pharmaceutical company that is the maker of aspartame, and

☞ SURPRISE

which was based in Skokie, Illinois. For over sixteen years, the FDA refused to approve aspartame because of the seizures and brain tumors this drug produced in lab animals. Among other influential positions, the scum bag sat on the board of a technology giant — ABB from 1990 to 2001. In 2000 this company sold two light-water nuclear reactors to North Korea.

In 2006, George Bush signed into law the Public Readiness and Emergency Preparedness (PREP) Act as part of the 2006 Defense Appropriations Act (HR 2863). This law; lets the Department of Health and Human Services (HHS) Secretary declare any disease an epidemic or national emergency requiring mandatory vaccinations. But, nothing in this Act lists any criteria that warrant a threat. Nor does it list any potential penalties for those who balk and or refuse to get it. Maybe quarantine and? This law is still in effect now in 2014.

Now let's see how all of this plays out.

1. The Swine Flu Vaccine Scam / Poisoning

Ironically, at Rumsfeld's urging, in 1976, President Ford called for a national inoculation against swine flu. The \$135 million program proclaimed that 'every man, woman and child'; should be vaccinated. Huge amounts of vaccine were produced and distributed quickly and the government assumed all liability from side-effects.

Several older people died within hours, after taken the shot; from heart attacks. There were also reports of the vaccine touching off neurological problems, especially rare 'Guillain-Barre' syndrome. Eventually, the government suspended the program, after inoculating 40 million people for a flu that never came. It was known as the 'Swine Flu Fiasco' or the 'Swine Flu Debacle'. The strain itself killed one person and hospitalized 13. 300 died from the vaccine itself.

The over-all consequences of the 1976 Swine-Flu scare, are somewhat distorted. It embarrassed the federal government and cost the director of the U.S. Center for Disease Control (CDC), his job. Why did the U. S. government give its citizens the vaccine known as X53A; which was known to have neurological side- effects?

The U. S. Government was sued and the taxpayers paid again. Whoever made it, was off the hook? Who did the USA pay for this bad/worthless vaccine and why? And, why did Donald Rumsfeld urge the President Ford to go through with it in the first place?

I think we have a right to know all of these facts! But wait! That was just the beginning of Rumsfeld's cronyism?

In 2005, President George W. Bush pushed for and won \$7.1 billion in emergency funding to prepare for an influenza pandemic that was not even yet on the horizon. Remember, Donald Rumsfeld was AGAIN— Defense Secretary at that time? The United States placed an order for 20 million doses of Tamiflu at a price of \$100 per dose. It cost the taxpayers around \$2 billion. Conflict of Interest? Also, in March 2005, Britain's Tony Blair, ordered the UK Government to buy enough Tamiflu drugs to supply 14 million of its British citizens.

And then, the World Health Organization was hyping up the hysteria by declaring a Swine flu Pandemic; warning that governments worldwide should launch emergency response plans for late 2009 or early 2010 as a pandemic is "imminent."?

Do You See a Pattern Here? How many billions did our US Government spend on Swine flu to line his pockets? Propaganda from friends in Washington and other high places to instill a scenario of panic by fear-mongering to rob the taxpayers? Go Figure!

Dr. Ron Paul warned:

Now, today as I finish editing this book in early 2014, Tamiflu is advertised all over the TV, with a sick giant in a small house—“Large Man” Ad”, that tries to convince us to buy it? They even want us, to give it to our sick infant children, over 2 weeks old, in spite of the dangerous side effects?

2. The Axis of Evil

Recently, North Korea ominously warned the USA that: ‘It WILL use its Nuclear Weapons - both to defend itself and as an offense against those who seek to attack the country’? But how did North Korea get the Nuclear Material for its weapons in the first place?

ABB, Donald Rumsfeld and North Korea? TREASON?

Remember, Donald Rumsfeld was on the board of a technology giant — ABB when it won a deal to supply North Korea with two nuclear power plants. Rumsfeld sat on the board of directors of ABB, from 1990 to 2001, until he became Secretary of State again. ABB is a European engineering giant—based in Zürich, Switzerland. In 2000 this company sold two light-water nuclear reactors to North Korea. The sale of this nuclear technology was a high-profile, \$200 million dollar contract with Pyongyang, Korea.

Weapons experts warned that waste material from these two reactors could be used for so-called ‘dirty bombs’. According to Wolfram Eberhardt, a spokesman for ABB; Rumsfeld “was at nearly all the board meetings,” during his decade-long involvement with the company. Rumsfeld does not recall the \$200 million dollar deal being

brought before the board at any time. (Denial or selective memory or a blatant lie?) But ABB spokesman Björn Edlund told Fortune (magazine) that “board members were informed about this project.”

Ironically, in 2002 Defense Secretary Donald Rumsfeld declared North Korea a terrorist state and a target for regime change. ABB no longer has any involvement with the North Korean power plants. Rumsfeld got paid to help supply North Korea with Nuclear Material and then he declared North Korea part of the so called ‘Axis of Evil’?

Who in their right mind would give Nuclear Material; which could be used for a dirty bomb, to a MAD Man? Especially when he was a former and then again, became the Secretary of Defense for the U.S.A. Some people will do anything for money? OMG WTF? If that is not Treason, then I don’t know what is!

Unfortunately, everything is in fact backwards. Edward Snowden is a HERO! And, I believe that Donald Rumsfeld is a TRAITOR?

3. The Cancer Causing Aspartame

The FDA refused to approve aspartame for sixteen years because it triggers brain tumors—violates the Delaney Amendment; that makes it illegal to allow any residues of cancer-causing chemicals in foods. But, In 1981, the FDA magically changes its mind and Approves Aspartame? Why?

In January 1981 Rumsfeld bragged at a sales meeting, according to one attendee, that he would ‘call in his markers’ and get aspartame approved by the end of the year. In 1981 the FDA commissioner’s authority was suspended by the new President of the USA, Ronald Reagan; on his first day in office. One month later, he appointed a new FDA commissioner.

☞ SURPRISE

Four months later, the new FDA commissioner, Dr. Arthur Hull Hayes (Rumsfeld's old friend); defying FDA advisors, approved aspartame for dry foods. It was his first major decision? In November 1983 the FDA approved aspartame for soft drinks. It was Dr. Hayes last decision? Supposedly, he was under fire for accepting corporate gifts; thus he left the agency and went to work for GUESS WHO? He became Searle's senior medical advisor for their public-relations firm.

Aspartame name was changed to NutraSweet. Rumsfeld received a \$12 million bonus. 'Prior to the approval of aspartame, the FDA sent two specialized teams to G.D. Searle and found a ghastly 95% level of misdirected testing; concealed tests, collusion between corporate and their company-funded research; withholding of material facts; alterations of records: lying to investigators, lost records, no records; falsification of reports, bribery, poor test methodology or design...'

Ironically, but not surprisingly, Donald Rumsfeld – made millions of dollars, at tax-payers expense; because of his position in both the corporate/private sector, and while being Secretary of Defense—two different times? Wow! We the Little People were played as fools as he laughed, joked and lied all the way to the bank! Imagine that! Has cynical become obsolete in our society?

No! And, it is not a mystery, either. There is a lot of Truth to the old adage: 'Power corrupts; absolute power corrupts absolutely'. In fact, members of the 'Good Old Boys' Club'; make sure that their money talks, as they corrupt others via the temptation of money, because of their own personal greed for more money.

And, they have the audacity to think that they can get away with it? Membership does have it privilege but, what are the consequences? Where are their conscience? It is comprised of a den of thieves. They are monsters! Where is our system headed?

In spite of the fact that the USA already has a law, (PREP) Act; that entitles it to enforce mandatory vaccines; there is another scary fact that frightens me. Obamacare has a provision for 'Forced' Home Inspections. In fact any family can be visited by federally paid agents for almost any reason? For instance, families where the mom is under the age of 21? Families where someone is a tobacco user? Families where children have low student achievement, development delays, or disabilities? Talk about a 'Police State'?

To read the whole story, go to:

<http://oathkeepers.org/oath/2013/08/15/obamacare-provision-%E2%80%9Cforced%E2%80%9D-home-inspections/>

Also, buried in the 2,572 pages of the Affordable Care Act are two little paragraphs that make me cringe?

"The federal government may enter into contracts with private companies to buy vaccines..." "The government not only will be buying more vaccines, but it also will be promoting their benefits..." It sounds like the Good Ol Boys are laying the Ground Work for Their Future Prosperity.

☞ SURPRISE

Now, the medical industry is working on a vaccine to prevent cancer? In fact, the American Cancer Society: “Recommends vaccine use to prevent cervical cancer— or Human Papilloma Virus (HPV) and pre-cancers.”

‘These vaccines are used to prevent cancer that can result from an HPV infection – before an abnormal Pap test develops. They will not treat or protect against cancer from an existing HPV infection. Each vaccine requires a series of 3 injections (shots) over a 6-month period. The injections are most often given in the muscle of the upper arm. They are recommended for 11- or 12-year-old girls and now, boys too.’

What will they think of Next? Pills for this, shots for that? Unfortunately most parents are gullible. Most people trust their doctors. Most doctors are advocating an immoral System of Health Care? Why?

Believe it or not, there are many natural alternatives to most diseases. Prevention? Acupuncture, chiropractic care, osteopathy, Chinese medicine, naturopathy, iridology, kinesiology, reflexology, homeopathy and aromatherapy are still amazing and stem cell research is proving to be miraculous. According to the World Health Organization (WHO), 80 per cent of the world’s population relies on natural therapies. Many homeopathic remedies are used worldwide and are encouraged by their governments because they actually work. In fact, Natural therapies have been used for more than 10,000 years.

Unfortunately, *WHO* puts medical errors as among the top 10 killers in the world? According to the US’s Institute of Medicine, “preventable medical errors kill 98,000 people in the US alone each year and injure countless more.” Ironically, it is a fact that modern medicine

is completely unable to treat or cure chronic illness. Instead, it suppresses the body's healing mechanism with drugs that attack the body's natural defense mechanisms, throwing the immune system out of whack. On the other hand, natural medicines don't focus on symptom control, they work on the body's ability to heal the cause of the illness!

I personally used Turmeric, Carnivore and Alka-Seltzer Plus. Alka-Seltzer Plus is my Miracle medicine. I have been taking it since my early twenties and it took care of my colds and flu and I never had a sinus infection while taking it! But about twelve years ago I was told that I have high blood pressure and was advised to stop taking it because it had sodium in it. I finally stopped but when I did, I got three to four sinus infections a year for three or four years straight. Twice, I got so sick from the antibiotic that I had to go to the hospital. I started taking Alka-Seltzer Plus again three years ago and have had no sinus infections since! Thank you Alka-Seltzer Plus. It doesn't seem to affect my blood pressure either.

Speaking of health care, what to do think of the new mandatory *Obama Care Health System*? I personally don't know how it will play out but, it is the law. Unfortunately, the *Tea Party Republicans* had the Audacity to partially shut down our U.S. Government in October 2013 because of their obsessive ardent discontent for *Obama Care* as they held our government budget and the American economy hostage?

They argued that neither President Obama nor the Democrats were willing to compromise. But to their defense, America doesn't compromise with terrorists. Besides, Obama Care was already implemented as *Law* and the Supreme Court upheld it and still, the republicans tried to repeal it— forty-two times? Hence, it was a non-sensical political issue and their action of *Extorting Obama Care* was irresponsible, reckless, ruthless, and an unprecedented act of economic obstruction.

In fact, in my opinion, the Republican Speaker of the House John Boehner is a *Fascist Dictator* whose power went to his head. He refused to call a *House Vote* to end the shut-down? I can't believe that he didn't stand up to a few radical lunatics from the 'Tea Party'. And in the end, he bragged: "We fought the good fight. We just didn't win."

Alas, *We the People* suffered for no reason as the reckless Republicans— tried to prove their point and demand a ransom — Obama Care? Unfortunately, it was a blatant act of dereliction of duty and it was unconstitutional and they should be penalized for the fiscal crisis and neglect of America's obligations. It was also an act

of terrorism as they willingly terrorized American citizens because they didn't get their way. They are a bunch of inconsiderate terrorist bastards that abused their power and broke the law at the same time as Obama Care is the Law of the Land.

They went too far and it is time to throw them or vote them out of office! They played political games with our daily lives, put our recovering economy and even our health at risk because the *FDA* couldn't operate at full force. Neither could the *NSA* as *Homeland Security* was also at risk. Ultimately, their actions did nothing to hurt Obama Care and it did hurt America and its vital services. Don't they realize that People / Families are just trying to survive? So many barely eek by. Some are even destitute, including many homeless veterans? They showed their true colors as they have No HEART, No Shame and No Compassion for— 'We the People'. They totally missed the point— the *Necessity to Survive* another day.

You just don't treat your fellow citizens like that— to make your point. You just don't put your country in jeopardy or our *National Security* in danger as our almighty alphabetic agencies had to limit their resources. They actually betrayed their country men, women and children as well as their country; it's tantamount to treason! They conspired together and their actions were appalling. It was so *Un-American*; a blatant disregard for the *Necessities* of 'We the People' and for the *Constitution of the United States*— all in the *Name of Spite*? ***Quite frankly, they VIOLATED their Congressional Oath of Office:***

"I do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or

☞ SURPRISE

purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter: So help me God.”

Ironically, the Republicans tried to repeal and de-fund both *Medicare* and *Social Security* when those programs were first enacted, before finally giving up and accepting that they are the law of the land? And, the republicans were also responsible for the down-grading of America’s credit rating back in 2011. America was a day late in raising the 2010 debt ceiling. The republicans refused to raise the debt ceiling unless President Obama extended the Bush Tax cuts for the wealthy. President Obama eventually gave in and extended it for two years and America avoided a default of its financial obligations and an economic shutdown. Unfortunately, that bickering and hesitation proved to be a bad decision which resulted in the down-graded from AAA to AA.

Ultimately, those Bush tax-cuts for the rich as well as the wars that Jr. started in Afghanistan and in Iraq are major causes for our economic problems. Initially Grover Norquist who is a lobbyist, a corporate go between, persuaded most republicans to sign a pledge not to raise taxes. He claims to be for ‘*We the People*’, but he hangs out with the corporate elite.

Coincidentally, corporations don’t like to pay their fair share of taxes. *Go Figure!* Incidentally, Grover’s pledge was the catalysts, the root cause for the down grading of America’s credit rating in 2011 in regards to the Bush tax cuts. Unfortunately, soon we will be facing another fiscal crisis as we will have to raise the national debt ceiling again to meet our financial obligations. Will America meltdown into an *Economic Armageddon* when the next debt ceiling is reached?

Incidentally, this shutdown was pre-planned. Rachel Maddow host of MSNBC’s ‘The **Rachel Maddow Show**’— has a video that reveals

how republicans planned the government shutdown back in 2010. Please watch the video and share it on social media forums so that every American will know about the sinister roots of the Republican Tea Party government shutdown. Check it out at <http://www.occupy-democrats.com/watch-rachel-maddow-reveal-republicans-planned-gov-shutdown-2010/>. You will see that they were actually excited about causing havoc because they could?

Getting back on track to health, what about invisible danger from radiation? I am talking about the recently implemented use of Smart Meters. California banned them as did many countries world-wide but what about where you live?

Did you know that the utility companies have utility easements on your property, but that doesn't mean they have the right to install Smart Meters that:

1. Make people sick who live in your property;
2. Diminish the market value of your property by making it less rentable and less saleable;
3. Data-mine the daily habits of people living in your property, so that faceless bureaucrats and computer algorithms can micro-manage how they live;
4. Impose more costly and less reliable utility usage fees on people who are already struggling to keep up with rising energy costs;
5. Massively invade the privacy of every citizen who uses computers, televisions, washing machines, dishwashers and other 'smart' appliances that can be tracked and controlled through Smart Meters.

Let's move on to some other imminent dangers. Our *Electric Grid*, is in DANGER and our elected officials — *Don't give a Damn?* If and when it goes down; we will get knocked back into the *Stone Age*! Our Top Priority should be to *Protect* and *Modify* our electric grid from an EMP or Solar Flares from our Sun.

A solar flare disrupted primitive electronics such as telegraphs in 1859 and another one... A blast like that one above the U.S. could **wipe out** every electric grid in the U.S. ...More than 1,800 electric power plants are part of this nationwide network. A Nuclear blast 200+ miles above mid America could wipe out every electric grid in the U.S. – plunging our nation into darkness.

We must Guard the Grid by passing the **Secure** High-voltage Infrastructure for Electricity from Lethal Damage Act (H.R. 2417) which was introduced by Rep. Trent Franks [R-AZ8] in June of 2013. This is very, very serious and if you don't believe me then you best check out the book 'One Second After' at <http://www.onesecondafter.com/> Also you can do a Google search on EMPs and Our Electric grid. **You don't play politics when it is a matter of survival.**

Speaking of politics, Power and Control, what about the 'Fast and Furious scandal! "During an in-depth www.infowars.com investigation into *Fast and Furious*, it was discovered that ATF, DEA and FBI agents working under the direction of the US Department of Justice, were illegally acquiring firearms through straw purchasers in states like Arizona, and then intentionally flooding the black market around the Mexican border regions with thousands of illegal guns – in order to demonize and regulate gun sellers in US border states. As a result, multiple lives were lost at the hands of gangs using *Fast and Furious* weapons including federal agents in the line of duty. The operation was ultimately designed to set the stage for further restrictions on the Second Amendment and increased gun

☞ SURPRISE

restrictions in the near future.” *Watch this Infowars.com mini-documentary on ‘Fast and Furious’ from early May 2012:*

On June 22, 2012, Judicial Watch had filed a Freedom of Information Act (FOIA) request seeking all documents relating to Operation Fast and Furious and “*specifically all records subject to the claim of executive privilege invoked by President Barack Obama on or about June 20, 2012.*” Judicial Watch President Tom Fitton said that Holder’s and Obama’s desire to continually hide these Fast and Furious documents is “*ironic*” now that they’re so gung-ho on gun control. “*It is beyond ironic that the Obama administration has initiated an anti-gun violence push as it seeking to keep secret key documents about its very own Fast and Furious gun walking scandal.*”

“*Getting beyond the Obama administration’s smokescreen,*” he continued; “*this lawsuit is about a very simple principle: the public’s right to know the full truth about an egregious political scandal that led to the death of at least one American and countless others in Mexico. The American people are sick and tired of the Obama administration trying to rewrite FOIA law to protect this president and his appointees. Americans want answers about Fast and Furious killings and lies.*”

Did you know that the Department of Homeland Security has been buying up as much Ammunition as it can get it hands on all across America? If you don’t believe me go to your local supplier and try and buy some. In fact, the DHS just contracted in February, 2014; to purchase 704,390,250 rounds of ammunition over the next four years. That averages out *to be to a total of about 2,500 rounds per DHS agent per year.*

Do you know the reason why they are buying all the Ammo up? You can thank the United Nations and President Obama. It is their way around our *Second Amendment Rights. No Bullets, No use for guns?*

On June 10, 2013, Secretary of State John Kerry confirmed President Barak Obama, will sign the controversial U.N. arms regulation treaty, which requires countries create a registry of gun owners, manufacturers, and traders within their borders and **establish mechanisms that could keep the citizens of each country from buying ammunition for their own weapons.** How will Obama justify his answer to this betrayal?

By the way, who does the Federal Reserve answer to? According to Ron Paul, *“The Federal Reserve is the chief culprit behind the economic crisis. Its unchecked power to create endless amounts of money out of thin air brought us the boom and bust cycle and causes one financial bubble after another...”* In fact he wants to audit the Federal Reserve! Check it out at <http://www.ronpaul.com/on-the-issues/audit-the-federal-reserve-fed-hr-459-s202/>.

How about this! **The Federal Reserve debunked** by Wright Patman (1893-1976) a Democratic representative from Texas, who served in the U.S. Congress from 1929 to his death on March 7, 1976. He was chairman of the House of Representatives Committee on Banking and Currency for 40 years. For 20 of those years, he introduced legislation to repeal the Federal Reserve Banking Act of 1913 and to no avail?

Check it out at <http://www.michaeljournal.org/feddebunked.htm>

Here are excerpts from what Mr. Patman said on September 29, 1941, as reported in the Congressional Record of the House of Representatives (pages 7582-7583):

“When our Federal Government, that has the exclusive power to create money, creates that money and then goes into the open market and borrows it and pays interest for the use of its own money, it occurs to me that that is going too far. I have never yet had anyone

☞ SURPRISE

who could, through the use of logic and reason, justify the Federal Government borrowing the use of its own money... I am saying to you in all sincerity, and with all the earnestness that I possess, it is absolutely wrong for the Government to issue interest-bearing obligations. It is not only wrong: it is extravagant. It is not only extravagant, it is wasteful. It is absolutely unnecessary..."

"... Now, I believe the system should be changed. The Constitution of the United States does not give the banks the power to create money. The Constitution says that Congress shall have the power to create money, but now, under our system, we will sell bonds to commercial banks and obtain credit from those banks."

"I believe the time will come when people will demand that this be changed. I believe the time will come in this country when they will actually blame you and me and everyone else connected with this Congress for sitting idly by and permitting such an idiotic system to continue. I make that statement after years of study."

"We have what is known as the Federal Reserve Bank System. That system is not owned by the Government. Many people think that it is, because it says 'Federal Reserve'. It belongs to the private banks, private corporations. So we have farmed out to the Federal Reserve Banking System that is owned exclusively, wholly, 100 percent by the private banks — we have farmed out to them the privilege of issuing the Government's money. If we were to take this privilege back from them, we could save the amount of money that I have indicated in enormous interest charges."

Alas, the Federal Reserve is but the Abomination of America. Disheartening to say the least. Unfortunately, Woodrow Wilson thanks to his chief advisor Colonel Edward House, fought for and signed the Federal Reserve Act into law in 1913. What? Ironically

he latter warned: "Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the U.S., in the field of commerce and manufacturing, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it." It sounds like a *Secret Shadow Government*.

And, according to Brad Olsen's book entitled 'Future Esoteric: The Unseen Realms', 'On his deathbed in 1924, Woodrow Wilson made the following telling confession:

"We have come to be one of the worst ruled, one of the most completely controlled and dominated, governments in the civilized world—no longer a government by free opinion, no longer a government by conviction and the vote of the majority, but a government by the opinion and the duress of small groups of dominant men." Wilson lamented; "I have unwittingly ruined my government."

Incidentally, the Federal Reserve was the third 'Privately' owned bank. America came to her senses and got rid of the first two! The First Bank of the United States operated from 1791 to 1811. "After a few years of "bank money", the prosperity of "Colonial Scrip" was gone." Benjamin Franklin said, "Conditions were so reversed that the era of prosperity had ended and a depression set in to such an extent that the streets of the Colonies were filled with the unemployed!"

Thomas Jefferson fought to dismantle it and proclaimed:

"The central bank is an institution of the most deadly hostility existing against the Principles and form of our Constitution. I am an Enemy to all banks discounting bills or notes for anything but Coin. If the American People allow private banks to control the

✧ SURPRISE

issuance of their currency, first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the People of all their Property until their Children will wake up homeless on the continent their Fathers conquered... The issuing power should be taken from the banks and restored to the people, to whom it properly belongs."

The Second Bank of the United States operated from 1816 to 1836. Andrew Jackson helped to destroy the Second Bank and stated: *"If congress has the right under the Constitution to issue paper money, it was given them to use themselves, not to be delegated to individuals or corporations."* Ironically, even Napoleon Bonaparte, Emperor of France warned against private banks controlling a government's money:

"When a government is dependent upon bankers for money, they and not the leaders of the government control the situation, since the hand that gives is above the hand that takes... Money has no motherland; financiers are without patriotism and without decency; their sole object is gain."

And Charles A. Lindbergh, Sr. warned:

"When the President signs this bill, the invisible government of the monetary power will be legalized....the worst legislative crime of the ages is perpetrated by this banking and currency bill."

Ironically, believe it or not the American Revolution was fought mainly because in 1763 the British Parliament declared all Colonial acts for the issue of paper currency to be void. **'Every medium of exchange,' said the British Board of Trade, 'should have an intrinsic value, which paper has not.'** Alas, England nearly destroyed the Colonies by creating fake Colonial money and hyper-inflation. In fact,

Franklin stated that the ***British Currency Act*** was the true cause of the American Revolution - and not the tax on tea or the Stamp Act.

Adamantly, Franklin explained: ***“The colonies would gladly have borne the little tax on tea and other matters had it not been that England took away from the colonies their money, which created unemployment and dissatisfaction. The inability of colonists to get power to issue their own money permanently out of the hands of George III and the international bankers was the prime reason for the Revolutionary War.”***

Perhaps today's 'Tea-Party', should do a little research about our True American History, that the 'Powers that Be' don't want our schools to teach. The Tea-Party is clueless, they are misinformed.

For more information about the Federal Reserve, I suggest that you read: *The Creature from Jekyll Island: A Second Look at the Federal Reserve* by G. Edward Griffin. The six participants included Senator Nelson Aldrich, his personal secretary Arthur Shelton, former Harvard University professor of economics Dr. A. Piatt Andrew, J.P. Morgan & Co. partner Henry P. Davison, National City Bank president Frank A. Vanderlip and Kuhn, Loeb, and Co. partner Paul M. Warburg. The meeting would result in the creation of the central Bank that Thomas Jefferson warned us against The Federal Reserve.

Incidentally, the six attendees escalated their mission; in 1921, they were the founding fathers of a group of elites called the Council on Foreign Relations (CFR). The CFR is an invitation only membership

☞ SURPRISE

group. Some consider it to be the shadow government of America. It is headquartered in New York City, with an additional office in Washington, D.C. It publishes a bi-monthly journal, *Foreign Affairs*. The CFR is considered to be the nation's "most influential foreign-policy think tank." Actually, it is more than a 'think tank', it is a network of elitists that control America by creating policies, laws, financial alliances and monopolies.

The council has been the subject of debates over sovereignty as well as the subject of numerous conspiracy theories. This is primarily due to the number of high-ranking government officials (along with world business leaders and prominent media figures) in its membership and the large number of aspects of American foreign policy that its members have been involved with. Many believe that its ultimate goal is a one world government. Ironically, the FED chairman is usually CFR member, including in the past— Paul Volcker, Alan Greenspan and Ben Bernanke and soon to be Janet Yellen; who was just nominated by Obama to be the first FED Chairwoman.

Unfortunately, CFR member President Bill Clinton set the ground-work for the economic crisis which resulted in the 2008 TARP bank bailout when he killed the Glass-Steagall Act. The Glass Steagall Act, (AKA the 1933 FDR Banking Bill) was setup over 80 years ago to regulate or prohibit the combination of commercial and investment banking. Unfortunately, on November 12, 1999; William Jefferson Clinton stated the:

"Glass- Stegall is no longer appropriate for our economy. This was good for the industrial age. The Financial Modernization Bill is the key to rising paycheck and great security for ordinary Americans."

He then signed the 'Financial Modernization Bill' which allowed the CFR's too big to fail banks like JP Morgan, Bank of America, Goldman Sachs and others, to speculate and the rest is history.

It was just a matter of time as it was inevitable, especially since they all work together as it is a matter of greed. In fact, Sen. Barry Goldwater wrote in his book *'With No Apologies.'*

"Does it not seem strange to you that these men just happened to be CFR (Council on Foreign Relations) and just happened to be on the Board of Governors of the Federal Reserve, that absolutely controls the money and interest rates of this great country. A privately owned organization... which has absolutely nothing to do with the United States of America!"

The Federal Reserve does more than control the money and interest rates of the U.S.A.; according to Congressman Ron Paul:

"The Federal Reserve System launders drug money for the CIA and it's been happening since the 1970's."

Check it out at <http://www.youtube.com/watch?v=jFuNhPdopdQ>.

And a few months before that in January, 2010 at a conference in Atlanta Mr. Paul got a standing ovation when he declared: *"There's been a coup, have you heard? It's the CIA coup. The CIA runs everything, they run the military. They're the ones who are over there lobbying missiles and bombs on countries. ... And of course the CIA is every bit as secretive as the Federal Reserve. ... And yet think of the harm they have done since they were established [after] World War II. They are a government unto themselves. They're in businesses, in drug businesses, they take out dictators ... We need to take out the CIA."*

Incidentally, as I stated in the first paragraph, Illegal drugs are still out of control and getting worse? Why? Don't forget that the CIA has to get its money from somewhere. After all — let's think back to the Iran-Contra scandal – *Covert Operations* and cocaine drug money in exchange for weapons for the 'Cause'? Who's Cause? The 1%'s? It takes a lot of money to implement and maintain their secret plot as they slowly enslave us by design.

In fact Ron Paul also stated in 1988 when he was running for president on the Libertarian Party ticket *that*:

“Drug trafficking is “a gold mine for people who want to raise money in the underground government— in order to finance projects that they can’t get legitimately. It is very clear that the CIA has been very much involved with drug dealings. The CIA was very much involved in the Iran-Contra scandals. I’m not making up the stories; we saw it on television. They were hauling down weapons and drugs back. And the CIA and government officials were closing their eyes, fighting a war that was technically illegal.”

Alas, did you know that the CIA had its own secret airline? It was called Air America and it was an American passenger and cargo airline established in 1950 and covertly owned and operated by the Central Intelligence Agency's (CIA) Special Activities Division from 1950 to 1976. It supplied and supported United States covert operations in Southeast Asia during the Vietnam War. Air America allegedly transported opium and heroin on behalf of Hmong leader Vang Pao. This allegation has been supported by former Laos CIA paramilitary Anthony Poshepny (aka Tony Poe), former Air America pilots,

and other people involved in the war. Air America's slogan was "*Anything, Anywhere, Anytime, Professionally*".

Did you ever hear about 'The PIPELINE'?

After 20 years of serving the New World Order agenda for America from within the CIA and Office of Naval Intelligence, Michael Maholy is spilling the beans. He has been hiding and remains underground now for 17 years. He decided it was Time to Tell America the Truth. He wrote a series of articles back in 1995-1996 entitled 'THE PIPELINE,' exposing names, locations and activities in the CIA drugs out of South America.

Michael had been a major role player in the infamous CIA drug smuggling black ops in Columbia, South America. You can read about him in 'Defrauding America' by former federal FAA inspector and whistleblower, Mr. Rodney Stitch.

Check out <http://www.defraudingamerica.com>.

In fact, Michael Maholy worked directly under pseudo-'Patriot' Ollie North and Bush Sr., then head of the CIA. When asked about the so called F.E.M.A. (Federal Emergency Management Agency) Prison Camps by Pamela Schffert, an investigative journalist with a Christian perspective; he replied: 'Oh, all of us in the CIA knows all about the concentration camps in America and their purpose! We all know that their purpose is to terminate 'resisters of the NEW WORLD ORDER' under Martial Law!

Pamela was blown away by Michael's blunt revelations concerning the NWO and their Martial Law agenda. He not only elaborated

☞ SURPRISE

on the FEMA Camps and their grim purposes. He confirmed many other reports that she was investigating; boxcars with shackles, guillotines and more.

Ironically, in a Private Oval Office ceremony, George Bush signed into law in October, 2006; Public Law 109-364, or the ‘John Warner Defense Authorization Act of 2007’ (H.R.5122). It allows the President to declare a ‘public emergency’ and station troops anywhere in America and take control of state-based National Guard units without the consent of the governor or local authorities, in order to ‘suppress public disorder. Alas, the President can utilize the use of the Armed Forces in Major Public Emergencies and declare Martial Law.

Unfortunately, the CIA is the root cause of most of our problems—all over the world today; as they play god. I believe that the CIA is akin to the Calloused Infrastructure of America. In actuality, they are un-American.

They use people as pawns in a massive world-wide chess match with the ultimate goal of making money to finance their secret mission — A New World Order. They put people into power, train and supply their armies with outdated weapons until they accomplish their mission or get what they want; especially natural resources and then, they leave them high and dry as they pull out all U.S. resources and or support. Alas, resulting in just another country that is pissed off at us and which will probably be our next enemy.

Perhaps you should watch the History Channel’s: *America’s Book of Secrets*: CIA runs drugs, Wall Street washes the money.

In March 2010 Wachovia, bank was sanctioned for failing to apply the proper anti-laundering strictures to the transfer of 378.4 billion dollars. “Wachovia’s blatant disregard for our banking laws gave

international cocaine cartels a virtual carte blanche to finance their operations,” said Jeffrey Sloman, the federal prosecutor. It paid federal authorities 110 million dollars in forfeiture, for allowing transactions later proved to be connected to drug smuggling, and incurred a 50 million dollar fine for failing to monitor cash used to ship 22 tons of cocaine. Nobody went to jail? Selective Prosecution? Wachovia is now part of the giant Wells Fargo.

God Help Us Please! What are we waiting for? Banks are caught laundering drug money and No, Nobody goes to jail. The corporation pays a fine that amounts to peanuts when compared to how much cash they make on the illegal act. In fact the international banking laws are set up so the bankers don't have to go to jail if they get caught in the act? Are you kidding me? HSBC got caught laundering 881 million dollars of drug money *for drug cartels in Mexico and Colombia* and was fined 1.9 Billion dollars in July 2013. I wonder where that 1.9 billion dollars went and who got a piece of that pie? After all— Nobody went to Jail again? Talk about Above the Law? The system is broken.

Ah Ha, Elizabeth Warren Wants HSBC Bankers Jailed for Money Laundering. According to an article on ABC News's website: Elizabeth Warren has a question: *“How much money does a bank have to launder before people go to jail?”* Warren, the Democratic senator from Massachusetts and financial-regulatory maven, posed that question numerous times to financial regulators at a Senate Banking Committee hearing Thursday on banks and money laundering.

“If you're caught with an ounce of cocaine, the chances are good you're going to jail. If it happens repeatedly, you may go to jail for the rest of your life,” an exasperated Warren said, as she wrapped up her questioning. *“But evidently, if you launder nearly a billion dollars for drug cartels and violate our international sanctions, your*

company pays a fine and you go home and sleep in your own bed at night — every single individual associated with this — and I just think that's fundamentally wrong."

I don't know about you but I think Elizabeth Warren should run for president. She cares about our college kids and their student loan problem and she wants to put the 'Banksters' in jail. It's another *No Brainer*! She has more *BALLS* than most men in our government.

President John F. Kennedy had a Set of BALLS and he despised the CIA! Especially when in 1962, his Joint Chiefs of Staff presented him with an unusual proposal known as Operation Northwoods. Operation Northwoods was a series of false flag proposals that originated within the United States government called for the Central Intelligence Agency (CIA), or other operatives, to commit perceived acts of terrorism in U.S. cities and elsewhere.

These acts of terrorism were to be blamed on Cuba in order to create public support for a war against that nation, which had recently become communist under Fidel Castro. One part of Operation Northwoods was to *"develop a Communist Cuban terror campaign in the Miami area, in other Florida cities and even in Washington"*. Operation Northwoods proposals included hijackings and bombings followed by the introduction of phony evidence that would implicate the Cuban government. It stated:

'The desired resultant from the execution of this plan would be to place the United States in the apparent position of suffering defensible grievances from a rash and irresponsible government of Cuba and to develop an international image of a Cuban threat to peace in the Western Hemisphere.'

Ultimately, President Kennedy and his administration rejected their proposal. In fact, he was livid and vowed to: *"shatter the CIA into*

a thousand pieces and scatter the remnants to the wind." In fact, he fired their Chief Executive of the CIA, Charles Cabell; because of the proposed 'Operation Northwoods'. Almost everyone at the CIA was infuriated, including Richard Helms, former CIA director Allen Dulles, and Gerald Ford, who would later become the default president of the United States and a member of the Warren Commission.

President Kennedy had many documented enemies at the CIA, FBI, Mafia and other organizations; because he cared about America and all her citizens. He wanted to end the Vietnam War. He cared for Humanity. He wanted World Peace! He stood up to Evil! Unfortunately, it cost him his life. Below is part of his 'Peace Speech' at the American University in Washington D.C. on June 10, 1963.

*"...I have therefore, chosen this time and this place to discuss a topic on which ignorance too often abounds and the truth is too rarely perceived - yet it is **the most important topic on earth: world peace.**"*

"What kind of peace do I mean? What kind of peace do we seek? Not a Pax Americana enforced on the world by American weapons of war. Not the peace of the grave or the security of the slave. I am talking about genuine peace, the kind of peace that makes life on earth worth living, the kind that enables men and nations to grow and to hope and to build a better life for their children - not merely peace for Americans but peace for all men and women, not merely peace in our time but peace for all time."

Incidentally, President John F Kennedy was also against the idea of the Federal Reserve, just as was President Lincoln who was also assassinated. JFK planned on abolishing the Federal Reserve. In fact, on June 4, 1963, he signed an Executive Order 11110, which legally stripped the Federal Reserve Bank of its power to loan money

☞ SURPRISE

to the United States Federal Government at interest, by **Issuing a New Currency - the United States Note**. Thus, it returned to the federal government, specifically the Treasury Department, the Constitutional power to create and issue currency - money - without going through the privately owned Federal Reserve Bank.

“At the time, \$4,292,893 of this currency was put into circulation. This new currency was to be distributed through the U.S. Treasury and not the Federal Reserve System. Furthermore, it was to be issued debt and interest-free.”

“Upon Kennedy’s assassination, this currency was withdrawn from circulation, never to be issued again. The media remained silent on how Kennedy would have eliminated the debt and interest payments, and therefore eliminated the FED.”

“Interest-free United States Notes do not result in hyper-inflation. By issuing United States Notes, interest-free, we have less interest expense, and less taxes. With less taxes people spend more and buy more. This result is added production, and therefore, you can add dollars without inflation.”

Believe it or not, that *Presidential Decree* was legally in effect until President Ronald Reagan issued Executive Order 12608 in 1987—which abolished it. But Lyndon Baines Johnson never bothered to enforce Kennedy’s executive order? Neither did anybody else?

I can’t stress enough; the *Devastation* that the *Federal Reserve* has *Caused America*.

“There is a self-satisfied dogmatism with which mankind at each period of its history cherishes the delusion of the finality of existing modes of knowledge.” — Alfred North Whitehead

IN Summary: (The True Definition of the Term BANKSTER)

The Federal Reserve Bank is a private company, which has nothing to do with our American government except— rob us, We the People— of our hard earned cash. Why? Remember, The Revolutionary War was fought and the Constitution was written to prevent other nations and private banks from issuing (printing) money and controlling our currency. Initially, Article 1, Section 8 of the Constitution states that Congress shall have the power to coin (create) money and regulate the value thereof.

It is wrong and illegal and we still continue to let a privately owned FED, control and profit by printing money through the Treasury, and regulate its value? Unfortunately, Congress illegally gave the FED the right to print money (through the Treasury) at no interest to the FED; via the Federal Reserve Banking Act of 1913. In fact, the members of Congress who voted in favor, committed treason and violated their oath of office to defend the Constitution against all enemies foreign and domestic by voting in the Federal Reserve Bank. And, President Wilson sadly admitted; “I have unwittingly ruined my government.”

Originally, the FED began with approximately 300 people or banks that became owners (stockholders purchasing stock at \$100 per share - the stock is not publicly traded) in the Federal Reserve Banking System. They make up an international banking cartel of wealth beyond comparison. Ironically, the FED creates money from nothing, and loans it back to us through banks, and charges interest on our currency. The FED also buys Government debt with money printed on a printing press and charges U.S. tax payer's interest. This is fraud. Alas, the FED banking system collects billions of dollars in interest annually and distributes the profits to its shareholders.

☞ SURPRISE

Under the Federal Reserve Bank Act, the bankers control our economy. The FED controls interest rates and the amount of money in the economy. These factors determine either economic prosperity or the lack thereof.

The 12 Central banks that make up the Federal Reserve are:

Rothschild Bank of London

Warburg Bank of Hamburg

Rothschild Bank of Berlin

Lehman Brothers of New York

Lazard Brothers of Paris

Kuhn Loeb Bank of New York

Israel Moses Seif Banks of Italy

Goldman, Sachs of New York

Warburg Bank of Amsterdam

Chase Manhattan Bank of New York

To see who owns these banks, go to:

<http://members.iimetro.com.au/~hubbca/fed.htm>

According to Rothschild (who owned the Rothschild Bank of London) :

“It (Central Bank) gives the National Bank almost complete control of national finance. The few who understand the system will either be so interested in its profits, or so dependent on its favors, that there will be no opposition from that class... The great body of the people, mentally incapable of comprehending, will bear its burden without complaint, and perhaps without even suspecting that the system is inimical (contrary) to their interests.”

It's Time to Open Your Eyes & WAKE-UP! Our Nation Is Out of Control — Constitutionally, Economically, Ethically and Legally as a Cancer of Discontent is Spreading — Nation-Wide? Confusion Will Lead to Chaos if We Don't Address these Issues. Failure to act will result in tragedy.

Our Individual Rights & Freedoms are Being Cannibalized from Within by Own Government; an Unforgiving Act of Immaculate Deception. Think back, our fore-fathers warned us about the threat of a two party system.

It is time to deal with these problems. Together, We Shall Overcome these National Disgraces! Public Opinion is Not Only— Our Right, but Our Duty; a Task Force to Be Reckoned With. Speak Up! Cry Out — WHY?

Remember, “Our forefathers saw first-hand how the bankers’ giant debt money leech sucked the life out of their struggling economy and they wanted no part of it. They were willing to **FIGHT** and they were willing **DIE** so that their children and their children’s children would not have to suffer under its continual, intolerable burden - Such was the magnitude of their disgust. How do you think they would feel, knowing that we chose to ignore their sacrifice and shackled ourselves - slaves to debt money? Was debt money the only reason for our Revolutionary War? Of course not. Was it an extremely important factor? Yes. Did you learn about it in school?” No. Why not?”

I can't believe that Americans put up with this for so long? It was the end of the American Dream and our Prosperity as we knew it. Unfortunately the 'Powers that Be' got bolder and cockier and thus, the assassinations of Malcolm X, Dr. Martin Luther King, Jr. and Robert Kennedy were a continuation of the big conspiracy and more National Disgraces; and so was 9/11.

In fact Robert Kennedy assassination is also a covered-up mystery as Sirhan, Sirhan, the alleged assassin, had an eight shot revolver. 7 bullets were accounted for as 3 were in Mr. Kennedy's body and 4 in other victims. But, there were 5, 6 or 7 extra bullet holes in the ceiling, door jam and wall? Go Figure?

They are not invincible or immune from Justice!

9/11 was also a conspiracy that was covered-up and also a violation of the *RICO Act*!

Under the RICO ACT, a person who has committed "at least two acts of racketeering activity" drawn from a list of 35 crimes—27 federal crimes and 8 state crimes—within a 10-year period, if such acts are related in one of four specified ways to an "enterprise," can be charged with racketeering. Those found guilty of racketeering can be fined up to \$25,000 and sentenced to 20 years in prison per racketeering count. In addition, the racketeer must forfeit all ill-gotten gains and interest in any business gained through a pattern of "*racketeering activity*." RICO also permits a private individual harmed by the actions of such racketeers to file a civil suit; if successful, the individual can collect treble damages (damages in triple the amount of actual/compensatory damages.)

CIA agent and Watergate conspirator E. Howard Hunt's deathbed confession to his son in September 2010, Reveled JFK's KILLERS. E Howard Hunt wrote it out and he even tape recorded it. He proclaimed that the US Government / CIA Team Murdered JFK.

Specifically, Hunt alleges on tape that then Vice President Lyndon B. Johnson was involved in the planning of the assassination and in the cover-up process, stating that: *"LBJ had an almost maniacal urge to become president, he regarded JFK as an obstacle to achieving that."* In fact, he even admitted he was approached to be part of the CIA Assassination Team to Kill JFK. "Essentially, this breakthrough confession apparently appears to thoroughly corroborate the work of key JFK assassination researchers and historians."

To read more about the story including the names of the people involved go to: <http://www.rense.com/general76/hunt.htm>

Here are some interesting facts that add plausibility to Mr. Hunt's confession:

Why did Assistant Attorney General Nicholas Katzenbach send a memo to Bill Moyers, (oh yes, the same soft-spoken Bill Moyers from PBS—that I thought was a true American Patriot. Wow, was I hoodwinked.) President Johnson's press-secretary at the White House on November 25 1963, the day of the Kennedy funeral? The memo was urgent, but why? Oswald was already dead? The second paragraph stated:

"The public must be satisfied that Oswald was the assassin; that he did not have confederates who are still at large; and that evidence was such that he would have been convicted at trial." Katzenbach's memo also noted the possible need for ***"the appointment of a Presidential Commission of unimpeachable personnel to review and examine the evidence and announce its conclusions."*** It ended by advocating a quick public announcement to ***"head off speculation or Congressional hearings of the wrong sort."***

To learn more about this fact, go to

http://www.maryferrell.org/wiki/index.php/Katzenbach_Memo

And, then there is LBJ's mistress Madeleine Duncan Brown's statement about what LBJ promised at a party the night before JFK was killed. She was his girlfriend / lover for 21 years.

According to ***Madeleine Duncan Brown in a taped interview*** in 2002, with prolific author and lecturer Robert Gaylon Ross: "They were at a party the night before the Kennedy assassination November 21st 1963. It was in Dallas and hosted by Clint Murchison, another business tycoon who had close links to the Genovese mafia. Those present at the event included J. Edgar Hoover, Clyde Tolson, John J. McCloy, Jack Ruby, George Brown (of Brown and Root), numerous mafia kingpins, several newspaper and TV reporters, and Richard Nixon."

"The party began to wind down at around 11 o' clock," she continued "when the attendees were shocked to witness the arrival of Lyndon Johnson who had traveled from Houston. Mr. Clint Murchison immediately called a meeting. *They all went in to this conference room.....Lyndon didn't stay that much in the meeting and when he came out....he grabbed me by the arm and he had this deep voice and he said, 'after tomorrow those S.O.B.'s will never embarrass me again - that's no threat - that's a promise.'* "And Miss Brown continued that:" Johnson was still irate when he called her the following morning of the assassination, telling her the: 'Irish mafia (meaning the Kennedy family) would never embarrass him again!'"

Did They Let 9 / 11 Happen on Purpose, so that certain somebodies, can make more— money again?

Let's do another brief history.

Back in September 14, 2003 on NBC's Meet the Press, Dick Cheney said, "And since I left Halliburton to become George Bush's vice president, I've severed all my ties with the company (Halliburton), gotten rid of all my financial interest. I have no financial interest in Halliburton of any kind and haven't had, now, for over three years." Ironically, the ex-vice president conveniently forgot to mention (lies of omission) that he continued to receive a deferred salary of over \$150,000 per year while maintaining 433,333 shares of unexercised stock options from Halliburton.

Halliburton Corporation, who's former CEO is Ex-Vice President Dick Cheney; has so far gotten billions of dollars' worth of US

construction contracts in Iraq and elsewhere. In January 2004, it got a no-bid cronyism and favoritism contract from the US Army. Soon thereafter, it over-billed the US Government by about \$27.4 million dollars for meals for our troops. It has evaded paying US Taxes, admitted and or was accused of bribes as well as doing business with foreign countries which were forbidden at the time by our US Government to do business with. Halliburton also over-billed the US Government while Dick Cheney was CEO.

The US bombed the hell out of Iraq and the US taxpayers paid Halliburton to rebuild it? Is it just a coincidence that Cheney's closest political friend is Donald Rumsfeld? Sad but true, both men got rich off the US taxpayers.

So how did this all come about?

It is standard operating procedure (SOP) to scramble jet fighters whenever a jetliner goes off course or radio contact with it is lost. Between September 2000 and June 2001, interceptors were scrambled 67 times. In the year 2000, jets were scrambled 129 times. What happened on September 11, 2001?

Coincidentally, on the day of the 9/11 attack, NORAD, the North American Aerospace Defense Command did nothing, there was no reaction from the United States Air Force as hijacked aircraft flew through US airspace and plowed into buildings. This lack of response is inconceivable unless the USAF was ordered to stand down. And apparently, it was. Ironically, according to the Chairman of the Joint Chiefs of Staff Instruction CJCSI 3610.01A (dated 1 June 2001)

‘the protocol was changed so that any requests for “potentially lethal support” had to come explicitly from the secretary of defense (Donald Rumsfeld), leaving commanders in the field unable to respond to hijackings in any meaningful fashion.’

In fact on the day of September 11, 2001, there were five military exercises being held and this resulted in flight controllers, commanders and pilots being unable to distinguish real world events from exercise scenarios. Vice-President Richard Cheney, AKA Dead-eye Dick was in charge of the training exercises Even after NOARD personal realized that the horrendous events were real, they were ordered to Stand Down.

Alas, Cheney was told that: *“Flight 77 was getting closer and closer to Washington.”* Then, he was asked: *“Do the orders still stand?”* The Evil Bastard replied: *“Of course the orders still stand, have you heard anything to the contrary?”*

Dick Cheney Crimes against Humanity?

Congressman Dennis Kucinich for instance, he is a democrat from Ohio who wants to restore the rule of law and hold former President George Bush and his administration, including former VP Dick Cheney; accountable for their alleged abuses of power and violation of national and international law. He introduced several Impeachment Articles of Resolution, including one against Cheney and a so called: ‘35 Articles of Impeachment against President George W. Bush’ as well as a single article to impeach President Bush, accusing him of deceiving Congress to convince lawmakers to authorize his invasion of Iraq.

Check it out at: http://www.bibliotecapleyades.net/sociopolitica/sociopol_bushimpeachment02.htm

2 pending lawsuits were filed on March 13, 2013 against George W. Bush, Richard Cheney, Colin Powell, Donald Rumsfeld, Condoleezza Rice and Paul Wolfowitz. Check them out at:

<http://witnessiraq.com/blog/page/3/>

Also, Congressman John Conyers has proposed extending statutes of limitations on the Bush-Cheney crimes (before they magically escape down the rabbit hole). In his 487 page report, titled ‘Reining in the Imperial Presidency: Lessons and Recommendations relating to the presidency of George W. Bush’. Congressman Conyers, who is the House Judiciary Committee Chairman; warned: “To fully preserve and protect the rule of law, the statute of limitations must be

extended now.” He called for a fair opportunity for them to be actually investigated by a real prosecutor.

I think George W. Bush was looking in the mirror when he coined the term: ‘Axis of Evil’. In fact, he must have been standing next to Donald Rumsfeld and Dick Cheney, at the time of his revelation. I bet they laughed and conspired the idea— for him to use it, in his State of the Union Address in January, 2002; referring to Iran, Iraq and North Korea.

Their power went to their arrogant heads. It is proof that power corrupts, and absolute power corrupts, absolutely! I hate to admit it but, these bastards are above the law; until we prove otherwise?

There is no American Pride in their world-view. Humanity is a Taboo. Truth is Taboo. Their souls are void of morals. Their hearts are raged in malice, as bribery is the key to their continued evil doings. Money is their weapon of choice, they are cowards, afraid to face the Truth. They fear the consequences of the inhumanity that they committed, across the world as we know it.

Unfortunately, stature is paramount in our society? The rich and famous are worshiped like gods? We put them on a pedestal? Is it any wonder why greed is prevalent; since wealth is appealing? Do other humans really want to be like them? Go FIGURE!

Like I mentioned previously in this book, everything that we are led to believe in our system is in fact, backwards. Yes, we do have an ‘Axis of Evil’! But which definition do you believe? Who will be prosecuted first? *Mr. Snowden received 2 nominations for the Nobel Peace Prize on January 29, 2014 in NORWAY!*

A Must READ!

Family of Secrets: The Bush Dynasty, the Powerful Forces That Put It in the White House, and What Their Influence Means for America by Russ Baker.

‘This book goes deep behind the scenes to deliver an arresting new look at George W. Bush, his father George H. W. Bush, their family, and the network of figures in intelligence, the military, finance, and oil who enabled the family’s rise to power. Baker’s exhaustive investigation reveals a remarkable clan whose hermetic secrecy and code of absolute loyalty have concealed a far-reaching role in recent history that transcends the Bush presidencies. Baker offers new insights into lingering mysteries—from the death of John F. Kennedy to Richard Nixon’s downfall in Watergate. Here, too, are insider accounts of the backroom strategizing, and outright deception that resulted in George W. Bush’s electoral success. Throughout, Baker helps us understand why we have not known these things before. Family of Secrets combines compelling narrative with eye-opening revelations. It offers the untold history of the machinations that have shaped American politics over much of the last century.’

The Prosecution of George W. Bush for Murder:

‘...incontrovertible evidence that President Bush took this nation to war in Iraq under false pretenses—a war that has not only caused the deaths of American soldiers but also over 100,000 innocent Iraqi men, women, and children; cost the United States over one trillion dollars thus far with no end in sight; and alienated many American allies in the Western world.’

Check out what all the Architects and Engineers think about the Truth about 911 at: <http://www.ae911truth.org/>

As you can see people in the Architect and Engineer field believe that the 'Twin Towers', were imploded. I do not believe that the plane brought them down! Ironically, it is well documented that there were a bunch of workers on many different areas of the towers, as whole floors were shut down, power outages and evacuations in the weeks before 9/11?

Ironically, guess who was on the board of directors of a company providing electronic security for the World Trade Center, Dulles International Airport and United Airlines on 9/11/2001, according to public records? Marvin P. Bush, former President George Bush's younger brother! Surprised? Coincidence?

The security company was called Securacom, but now it is named Stratesec and it was backed by an investment firm, the Kuwait-American Corp., also linked for years to the Bush family. According to its former CEO, Barry McDaniel; the company had an ongoing contract to handle security at the World Trade Center "up to the day the buildings fell down." The company listed as government clients 'the U.S. Army, U.S. Navy, U.S. Air force, and the Department of Justice', in projects that 'often require state-of-the-art security solutions for classified or high-risk government sites.'

And, what about the downing of TWA Flight 800? Who's running the show? Another cover-up? On July 17, 1996, minutes after take-off, TWA Flight 800 was blown out of the sky, killing all 230 people on board. "Altered Evidence" by James D. Sanders, examines suggestive evidence of an exterior hit upon TWA Flight 800 by one or more U.S. missiles, and efforts of the government to conceal that possibility.

Check it out at <http://www.amazon.com/books/dp/0967665809>

In December of 1997, James Sanders, a police officer who became an investigative reporter, and his wife, Elizabeth, a TWA attendant and trainer, were arrested for conspiracy to steal government property; after receiving material from a whistleblower— within the Flight 800 investigation. They were arrested for exposing the Truth, another National Security cover-up of the biggest government scandal since Watergate. Par for the course. Incidentally, they lost 18 friends on that flight.

On June 19, 2013, a documentary alleging that the investigation into the crash was a cover-up made news headlines with statements from six members of the original investigation team, now retired, who also filed a petition to reopen the probe. The video disappeared off of

YouTube? But you can buy it here- <http://www.myfortune3cart.com/rekojreed/SilencedTWAFlight800.html>

And now, Mr. Sanders has a new book — The Downing of TWA Flight 800 [Kindle Edition]. It was released in July, 2013 with New Indisputable Evidence that he FBI tried to suppress about the true history of TWA Flight 800. Check it out at:

<http://www.amazon.com/Downing-TWA-Flight-800-ebook/dp/B00E0OCMMG/ctoc>

The Indisputable Evidence includes:

- Reddish residue from missile fuel on passenger seats
- Clean entry and exit hole in forward cabin
- 34 certified eyewitnesses to airborne projectile not allowed to testify
- FAA radar tapes or projectile in path with Flight 800
- Government documents confirm Naval testing in area that night
- And more, including new explosive photos!

And then more recently, we have the IRS scandal? The IRS is out of control? Everybody seems to fear the IRS, but *The IRS's* latest scandal is evidence that our income tax system needs an overhaul. We need a Fair Tax System.

In fact, United States Senator Rand Paul and Citizens United are leading the charge *to— Abolish the IRS* in favor of a streamlined and easy to understand tax code that eliminates the need for a monstrosity like the IRS. Check it on now and sign the Petition at

✧ SURPRISE

<http://www.abolishnow.com/>.

Tell Congress you want the fair tax. Check it out at <http://www.fairtax.org>. There is HOPE! — Abolish the Tax — Create an Economic Boom!

The FairTax Act (HR 25, S 296) is nonpartisan legislation. It abolishes all federal personal and corporate income taxes, gift, estate, capital gains, alternative minimum, Social Security, Medicare, and self-employment taxes and replaces them with one simple, visible, federal retail sales tax administered primarily by existing state sales tax authorities.

The FairTax taxes us only on what we choose to spend on new goods or services, not on what we earn. The FairTax is a fair, efficient, transparent, and intelligent solution to the frustration and inequity of our current tax system.

The FairTax:

- Enables workers to keep their entire paychecks
- Enables retirees to keep their entire pensions
- Refunds in advance the tax on purchases of basic necessities
- Allows American products to compete fairly
- Brings transparency and accountability to tax policy
- Ensures Social Security and Medicare funding
- Closes all loopholes and brings fairness to taxation
- Abolishes the IRS

By the way, while we are on the subject of taxes: Why Doesn't Congress Reinstate the Financial Transaction Tax (FTT), also known as the "Stock Transfer Tax" or "Financial Speculation Tax,"? The U.S. had such a tax from 1914 to 1966, when the tax forced investors to pay a small fee every time they executed a trade. It was intended not only to raise revenue for the government, but also to deter excessive speculation. This took part of the burden off of the tax payers. Imagine that?

Check It Out! Get Involved & Promote This! The Proposals for an FTT rate are modest — for instance 0.25 percent on a stock purchase or sale and 0.02 percent on the sale or purchase of a future, option, or credit default swap. These rates are proportional to the actual transaction costs in the industry. http://www.sourcewatch.org/index.php?title=Financial_transaction_tax.

And what about multinational corporate offshore tax avoidance? In fact, many corporations *set up* offshore tax shelters and then benefit from tax loopholes? Maybe *Big Brother* should be spying on these corporations that don't pay their fair share; instead of sharing public information about us with some of them! Unfortunately, "*Shell Corporations* that carry out no real business but only serve to hide money and the owners of money from our government or a foreign government. *Facilitate Tax Evasion, Money Laundering and Terrorism*". But then what's the difference, especially when the banks get caught laundering the money and just pay a fine. The system makes me puke. The Powers that Be are all in cahoots!

Unfortunately, certain or should I say most Americans are burdened by so many taxes and *Foreign Oil Dependency* is the root cause of America's *Economic pain*. But did you know that Rudolf Diesel, the inventor of the diesel engine, designed it to run on vegetable and seed oils like hemp; he actually ran the thing on peanut oil for the 1900 World's Fair. And, Henry Ford's early cars were all flex-fuel vehicles.

☞ SURPRISE

They were made to run on alcohol or fuel made from hemp. It wasn't until gasoline magnate John D. Rockefeller funded Prohibition that alcohol fuel companies were driven out of business.

After all, he was the founder, chairman and the major shareholder of Standard Oil which was ruled to be an illegal monopoly by the United States Supreme Court. His wife, was a founding member of the Woman's Christian Temperance Union (WCTU). WCTU was the crazy group of women that carried signs and sang religious hymns as the protested the use of alcohol. There was also intense lobbying by other petroleum companies for the federal government to maintain steep alcohol taxes. There were many bills proposing a National energy program at the time for the use of America's vast agricultural resources (for fuel production) but they were all killed by smear campaigns launched by the vested petroleum interests.

Read the Truth about Alcohol Fuel at:

[http://www.alcoholcanbeagas.com/?bid=2&aid=CD263&opt=.](http://www.alcoholcanbeagas.com/?bid=2&aid=CD263&opt=)

Was Mr. Henry Ford psychic? He believed that ethyl alcohol was "the fuel of the future." He even constructed a car of resin stiffened hemp fiber, and the car ran on ethanol made from hemp. Ford knew that hemp could produce vast economic resources if widely cultivated. Hemp fuel is biodegradable, it does not contribute to sulfur dioxide air poisoning, and it is nontoxic. Growing hemp for fuel would be a tremendous boom for our American farmers and the U.S. agricultural industry.

In fact an article in Popular Mechanics, Feb., 1938 stated that Hemp was called 'Billion Dollar Crop.' It was the first time a cash crop had a business potential to exceed a billion dollars. Also, Mechanical Engineering Magazine (Feb. 1938) published an article entitled 'The Most Profitable and Desirable Crop that Can be Grown.' It stated

that if hemp was cultivated using 20th Century technology, it would be the single largest agricultural crop in the U.S. and the rest of the world.

Hemp played an important role in the history of the USA. “George Washington, Thomas Jefferson and other founding fathers *Grew HEMP*. According to U.S. Government Archives, the first Bibles, maps, charts, Betsy Ross’s flag, the first drafts of the Declaration of Independence and the Constitution were made from hemp. Benjamin Franklin owned one of the first paper mills in America and it processed hemp. Also, the War of 1812 was fought in part because of hemp. Napoleon wanted to cut off Moscow’s export to England; check out the book – ‘Emperor Wears No Clothes’, by Jack Herer.

Here are some more facts about Hemp: For thousands of years, 90% of all ships’ sails and rope were made from hemp. The word ‘canvas’ is Dutch for cannabis; Webster’s New World Dictionary. 80% of all textiles, fabrics, clothes, linen, drapes, bed sheets, etc. were made from hemp until the 1820s with the introduction of the cotton gin. And, in 1942, United States Department of Agriculture released a 14-minute film encouraging and instructing ‘patriotic American farmers’ to grow 350,000 acres of hemp each year for the war effort:

In 1916, the U.S. Government predicted that by the 1940s all paper would come from hemp and that no more trees need to be cut down. Government studies report that 1 acre of hemp equals 4.1 acres of trees. Plans were in the works to implement such programs; Department of Agriculture. Quality paints and varnishes were made from hemp seed oil until 1937. 58,000 tons of hemp seeds were used in America for paint products in 1935; Sherman Williams Paint Co. testimony before Congress against the 1937 Marijuana Tax Act.

🦋 SURPRISE

Unfortunately, hemp was detrimental to the bottom line of at least two major corporations. “In 1937, Dupont patented the processes to make plastics from oil and coal. At the time, hemp was used in the development of paint, rayon, synthetic rubber, plastics, chemicals, photographic film, insecticides, paper and agricultural chemicals. Hemp could have put a hurting on his progress. William Randolph Hearst and the Hearst Paper Manufacturing Division of Kimberly Clark owned vast acreage of timberlands.” The Hearst Company supplied most paper products and hemp was also his competition.

Alas, as the story or conspiracy goes; “Andrew Mellon became Hoover’s Secretary of the Treasury and Dupont’s primary investor. He appointed his future nephew-in-law, Harry J. Anslinger, to head the Federal Bureau of Narcotics and Dangerous Drugs. Hearst’s newspapers ran stories emphasizing the horrors of marihuana (HEMP). The menace of marihuana made headlines. Readers learned that it was responsible for everything from car accidents to loose morality.”

“Films like ‘Reefer Madness’ (1936), ‘Marihuana: Assassin of Youth’ (1935) and ‘Marihuana: The Devil’s Weed’ (1936) were propaganda designed by these industrialists to create an enemy. Their purpose was to gain public support so that anti-marihuana laws could be passed. Reefer Madness did not end with the usual ‘the end.’ The film concluded with these words plastered on the screen: TELL YOUR CHILDREN.”

“On April 14, 1937, the Prohibitive Marijuana Tax Law or the bill that outlawed hemp was directly brought to the House Ways and Means Committee. This committee is the only one that can introduce a bill to the House floor without it being debated by other committees. **They even had to Sneak the LAW in?**

The Chairman of the Ways and Means, Robert Doughton, was a Dupont supporter. He insured that the bill would pass Congress. In September of 1937, hemp became illegal. The most useful crop known became a drug and our planet has been suffering ever since.” Industrial hemp was made illegal in the U.S. in 1957. For more information about Hemp go to:

Ironically, CNN’s chief medical correspondent, neurosurgeon Sanjay Gupta, had previously been one of medical marijuana’s most staunch critics. But since he spent a year traveling around the world shooting a CNN documentary, “Weed,” on medical marijuana, to shed light on the debate about marijuana, he changed his opinion 180 degrees.

After doing some due- diligence— talking to doctors and patients from around the world, Dr. Sanjay Gupta has retracted his previous negative statements about marijuana admitting “We have been terribly and systematically misled for nearly 70 years in the United States, and I apologize for my own role in that.”

He admitted that he was almost entirely basing his decision and opinion on the fact that marijuana is classified as a *Schedule 1* substance here in the U.S., which means it is categorized as being one of the most dangerous and often-abused drugs around. But now, Dr. Gupta believes that this an old-fashioned and outdated notion, and that the substance is neither dangerous nor overly abused. Ironically, cocaine is only a classified as a Schedule 2 substance in the U.S.A.?

Check out his “Weed” documentary that was released in August 2013, along with the worldwide reaction to it at:

<http://www.cnn.com/2013/08/09/health/gupta-weed-reaction>

☞ SURPRISE

Maybe CNN's documentary is getting the message across because, in a January 19, 2014 interview with the New Yorker's David Remnick; President Obama was quoted: "As has been well documented, I smoked pot as a kid, and I view it as a bad habit and a vice, not very different from the cigarettes that I smoked as a young person up through a big chunk of my adult life. I don't think it is more dangerous than alcohol."

Unfortunately, opinions are mere words. Especially when it comes to something— that interferes with the Powers that Be— Source of PROFIT. I am talking about the 'Prison for Profit Industry'. It is a well-known fact that is ignored, as many 'Inmates', 'In the System', Create Wealth for Certain Somebodies. Legalizing or decriminalizing 'Weed', would remove a major source of people and thus reduce the 'Revenue Stream'. More on that— later in this book!

Alas, in May 2011, Rep. Ron Paul (R-TX) introduced a federal bill which if passed, will remove restrictions on the cultivation of industrial hemp, the non-drug oilseed and fiber varieties of Cannabis. Unfortunately, his bill H.R. 1831, The Industrial Hemp Farming Act of 2011. H.R. 1831 didn't get enough support? It seems that they still don't care enough our economy, our farmers or our energy problem? Ron Paul seems to be the only one that speaks out and addresses any of these man-made problems!

Don't you see a pattern here? When something works, it gets destroyed or becomes illegal? Throughout the years, many corporations have paid and bullied their way to get what they want. Slowly but surely, they are indeed redefining a whole New World Order of overwhelmed humans, who are subjected to and at the mercy of the Powers that Be; in order to Survive.

Why? Because they want Supreme Domination! Destination Slavery? "Power Corrupts" and "Absolute Power Corrupts Absolutely".

“How”, you ask; “how can they get away with their twisted plan?” Because we tolerate their actions by our grave inactions of doing nothing to stop them! We are allowing it to happen as we are being strategically divided with the ultimate goal of conquering our reason and free-will as well as our own individual autonomy.

Here is a perfect example of what is going on:

Listen to Rick Simpson’s ordeal, on how he beat cancer with Hemp-oil, tried to get the word out, and almost went to jail for spreading the word; so that others could beat cancer too. Ironically, Rick worked in the medical profession in Canada, and trusted its judgment until he had to face the facts. What you don’t know, can kill you!

Rick proclaims that: “We All, have a ‘Right to Life’” Unfortunately, the Medical Industry is committing ‘Genocide’, by preventing Humans from Natural cures, as well as the information about these cures, while at the same time— killing us with Rx, prescribed drugs; that they know will eventually be— Detrimental to our Lives. Shame on Them! Shame on the FDA!

What about a ‘Cashless Society’, with no money changing hands—just like in the Bible’s *‘mark of the beast,’* 666? Everybody must have a pin number or chip implanted in them to buy something?

And in order to implicate new policy/policies, they will surely have to— re-educate us and make sure that we know that they are serious. Perhaps they will separate families like the Nazis did to the Jews. Will they put us in some sort of readjustment camps that actually *“re-educate people into the new way of thinking”*? What if they take our children away from us and put them in some schooling—run by the government— according to their aptitude, cooperation, beliefs and/or their parent’s political/social status?

Does that sound insane? Perhaps paranoia? How does one define sanity? History does repeat itself. Unfortunately, our country has regressed from a few of the so called— Karl Mars’s anticipated *‘Useful Idiots,’* to a majority of *Conformed Idiots*, as the system itself is running amok and *We the People*, waiver both our Civil and Human Rights Good-Bye; because we stand down with our eyes-wide-shut, and do NOTHING to Stop It!

How long before they try to Control and Regulate the Worlds Drinking Water? Believe it or not drinking water is in serious danger world-wide! We best deal with it soon and start constructing a desalination system for sea water now or else?

In fact in January 2014, California Governor Jerry Brown declared a statewide drought emergency as it is facing a severe water crisis, and experts fear it could get worse. “Climatologists report that the 2013-2014 rainfall season is well on its way to becoming California’s driest period in more than 400 years. ☞ SURPRISE

Soon, there is sure to be a ‘*Water War*,’ and ‘*Drinking Water*,’ will be a hot commodity. *Commodity Future traders* are already, aggressively bidding up Future Commodity prices on water, as well as meat, and produce; which will eventually result in higher prices for us, the consumers. Time will tell as *Mother Nature* and *Mother Earth* compromise, to teach us a lesson. What’s next? God help us.

Unfortunately, when it is a life and death situation, panic can become brutal as people get desperate. Survival is a different ball game. Rules? What Rules? Anything could happen. Including paranoia, chaos / riots and Martial Law. Suddenly, guns, bullets and bartering become important again. And of course, there is always those that are ready, willing and able to make a fast buck— under any situation. *The Law of Supply and Demand, the American Way— Capitalism.*

Case in point, our Great Lakes here in the U.S.A account for 20 % of the world’s drinking water and now, “AMERICAN COMPANIES ARE SELLING OFF OUR NATION’S WATER SUPPLIES WITH THE BLESSING OF OBAMA REGIME”

Check it out at: <http://www.coachisright.com/american-companies-selling-nations-water-supplies-blessing-obama-regime/>

According to the article: “Lake Michigan water is being shipped by boat loads over to China! By using a little known loophole in the 2006 Great Lakes Compact, Obama minions are allowing Nestle Company to export precious fresh water out of Lake Michigan to the tune of an estimated \$500,000 to \$1.8 million per day profit.” By labeling the drinking water as a ‘Commodity’, and as long as the removal of water is in containers of 5.7 gallons or less; it can be sold? Talk about a Hot Commodity, these water profiteers quickly realized a staggering “240 times markup, well over current production costs.”

This is an atrocity to All Americans as certain somebodies are profiting off of and Depleting one of *Our Most Vital Natural Resources; Drinking Water?* It is irrational, irresponsible and repugnant. It is an ACT of TREASON! Furthermore, Congress knows all about? Where is our main stream media? WAKE Up America! What's next?

What about human body parts for sale? Organ harvesting! Can you imagine a baby factory for body parts or body parts from inmates or slaves? A kidney here, sorry but then again, you still have one left so be grateful. Sorry but, you must die; we need your liver— Now.

Perhaps you should do a search on the web about Bill Clinton's scandal when he was Governor of Arkansas, involving the sale of blood form Arkansas prisoners via a company named Health Management Associates to Canadian citizens. Ironically, the mainstream media doesn't even address any of these issues? The *American System* has turned into a circus, a spectacle of greedy personas with inflated egos. Money talks and it is all about

☞ SURPRISE

the money, as the *Powers that Be*, have dollar signs in their eyes. Bribery, blackmail and murder, secure silence. They hide behind *National Security*, when people question their authority. But if Truth be told, it's *Corporate Security*; that they are worried about, as they are all connected.

Ultimately, *Absolute Power*— Fears Change! But, it is time for the worm to turn, so to speak. It is our job to make change. *We the Little People must Manifest Destiny— Honor, Glory, the American Dream, Liberty and Justice for All. TRUST is the backbone of America! Do you Trust our Government? Do you Trust the Corporate World? Do you Trust the United Nations?*

How many more venture capital firms are lurking, anticipating and ready to take over a company or a city's resources and strip it / them to the bones – and then sell it off for a profit. How long will it be before physical money is obsolete and all transactions are monitored electronically? How long before the UN takes over the World and establishes all of its International laws and Regulations including the banning of guns. Are you aware of UN's Local Agenda 21 program?

It may already be in your local community thanks to the International Council for Local Environmental Initiatives (ICLEI). It is all about the environment. Agenda 21 seeks for the government to curtail your freedom to travel as you please, own a gas-powered car, live in suburbs or rural areas, and raise a family. Furthermore, it would eliminate your private property rights through eminent domain. Agenda 21 can be stopped at the local level by organizing and informing others to encourage local government officials to end their community's membership in ICLEI and to repeal any of the Agenda 21-related "sustainable development" laws and ordinances they have enacted.

What if we refused to obey these newly mandated UN International Laws? How long before we are implanted with micro-chips so the government / UN can monitor us electronically? Some might even get ankle bracelets so that they can shock them with a volt of electricity when they get out of line.

Ironically, our prison system here in the United States is a profit-making industry. In fact, private corporations operate over 200 facilities nationwide and some of them are traded on the New York Stock Exchange. Ironically many of these prison privatization corporations that make a fortune on cheap labor from inmates hide behind the ALEC to justify their reason for being. By joining the American Legislative Exchange Council (ALEC) which is a non-profit association that advocates “tough on crime” legislation; they can also collaborate on “model policies” and even help —draft legislation which they would like to become law?

Believe it or not, American has more people in prisons than any other place in the world and most of them are drug related— thanks to Nixon’s so called ‘War on Drugs’ which started in 1971. Ironically all that declaration of war did; was open up an opportunity for a new bootleg industry just like Prohibition did in the roaring twenties. Hence, a huge part of our drug problem here in the USA is man-made and that has manifested into our “*Gang*” problem.

Naturally, Illegal is profitable for both the offenders who don’t get caught and for the corporations that now house them. Ironically, when something is illegal it becomes the cool thing to do. Especially when so many teen-agers as well as young men and women have so much time on their hands as they like to hang out, pal around and sometimes get into trouble since they need some quick cash. Alas, these corporations that own the slave prisons want more prisons and more prisoners. Thus, they spend a fortune lobbying Congress for

✧ SURPRISE

tougher laws and to fight against the reduction of any current law. One such corporation, namely Corrections Corp. of America was so worried about losing money that they made it an issue in their 2010 report to the Securities and Exchange Commission, in regards to how drug policy reform threatens their business model:

“The demand for our facilities and services could be adversely affected by the relaxation of enforcement efforts, leniency in conviction or parole standards and sentencing practices or through the decriminalization of certain activities that are currently proscribed by our criminal laws. For instance, any changes with respect to drugs and controlled substances or illegal immigration could affect the number of persons arrested, convicted, and sentenced, thereby potentially reducing demand for correctional facilities to house them.”

Ironically, Supreme Court Justice Stevens once stated that: “. . . corporations have no consciences, no beliefs, no feelings, no thoughts, no desires. Corporations help structure and facilitate the activities of human beings, to be sure, and their ‘personhood’ often serves as a useful legal fiction. But they are not themselves members of ‘We the People’ by whom and for whom our Constitution was established.” Unfortunately, he was half right because— the corporations do believe, care and think constantly; about their bottom-line— their almighty American Dollar; PROFIT!

Seriously? We are talking about people’s lives here. They have families and they are human beings! Not Slaves for profit for corporate labor!

Corporations aren’t the only ones that profit on prison slave labor. So does the U.S .Federal Government as it mandates that all federal prisoners do some sort of work while in prison as long as they are physical or mentally fit. They even have their own work program through a corporation which is wholly owned by the US

Government. It is called Federal Prison Industries (commonly referred to as FPI or by its trade name UNICOR). By statute, FPI is restricted to selling its products to the Federal Government. But, its principal customer is the Department of Defense (DoD), from which FPI derives approximately 53 percent of its sales. Ironically, the DoD sells these contracted assembled parts that are made with slave labor to multinational subcontracted corporations such as Lockheed Martin; which then in turn resell the finished advanced weapons system for the highest profit to customers such as the Pentagon for millions of dollars.

Incidentally, in Federal U.S. prisons; sentenced inmates are required to work if they are medically able. Institution work assignments include employment in areas like food service or the warehouse, or work as an inmate orderly, plumber, painter, or groundskeeper. Inmates earn 12¢ to 40 cents per hour for these work assignments. Those that work under the FPI program get paid 23 cents to \$1.15 per hour. In the private corporate prisons, they get paid around 17 cents to 50 cents an hour and if they refuse to work, they are locked up in isolated cells. Wow! Slave labor here in America in the Twenty-First Century? Unfortunately, some corporations even resort to the use of child labor in third world countries?

Initially, it is stated in the constitution: *'We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.'*

Hence, if we want to form a more perfect union, we have to get rid of all Greed, Corruption and the Special Interests in politics which are causing America to be En-slaved by Corporate Agendas? Profit

☞ SURPRISE

is the Name of the Game and Our Freedoms and Health are at Risk! Far too many corporations are destroying the Environment and Natural Resources World-Wide?

America is very resourceful, creative, innovative and resilient but, don't the *Powers that Be*, realize that our *Children* are our *Greatest National Resource*? We had better nurture, educate and provide for them? It is time for Crisis Management as our country is in critical condition. Somehow, it managed to create yet another problem that is ruining this country. Besides Our unfair income tax system and our beat up, run down and neglected infrastructure, I am talking about the interest rates on student loans. It is a ticking time bomb, a crisis that is also out of control. We bailed out Wall Street and helped the Auto Industry; why can't we help our college students get a decent rate on their student loans? Unfortunately, many student loan rates doubled on July 1, 2013 — from 3.4 percent to 6.8 percent? But, Congress says that it might restore low rate later. Don't hold your breath. It is an outrageously *Act of Greed*! Alas, students today are labeled as "Generation I.O.U."

According to Sen. Elizabeth Warren (D-Mass.) in an article in May, 2013 from the Huffington Post in regards to high interest rates on student loans: "This is not fair. And it's not necessary, either. The federal government makes 36 cents on every dollar it lends to students. Just last week, the Congressional Budget Office announced that the government will make \$51 billion on the student loans it issued this year — more than the annual profit of any Fortune 500 company, and about five times Google's yearly earnings. We should not be profiting from students who are drowning in debt while we are giving great deals to big banks."

Incidentally, according to the Congressional Budget Office, \$8.7 billion of the money collected in student loan interest payments will

actually go to help pay for ObamaCare. Wait till the students learn that they are footing the bill. Maybe they will protest on all colleges since marching on Washington is useless nowadays. Perhaps some old hippies can help them organize. The CBO also estimates that the interest rate on these loans could be reduced from 6.8 percent to only 5.3 percent if the funds were not used to subsidize the healthcare reform law and other federal programs.

Check it out at: <http://thehill.com/opinion/columnists/dick-morris/302247-loans-subsidize-obamacare>

Sen. Warren also unveiled her first bill in May, 2013, designed to set student loan interest rates at the same level the Federal Reserve offers to big banks. Her bill would reduce student loan interest rates to 0.75 percent, opening the Fed's discount window to students. "Every single day, this country invests in big banks by lending them money at near-zero rates," Warren told The Huffington Post. *"We should make the same kind of investment lending money to students, who are trying to get an education."* Will Special Interests Stop this Bill?

Frankly, that's where we the people have to step up to the plate and put pressure on our elected officials to pass Sen. Warren's bill for our children! It's *a No Brainer!* We have to get informed as concerned citizens, support and act upon laws that benefit our country and *SPEAK* out against the laws that are ruining America. Unfortunately, people seem to be too lazy or just don't care as if —THEY Don't Matter? However, they do *Indeed Matter!* We are all connected and everything matters as experience is the teacher and history speaks for itself. Remember — *The Powers that Be* realize that if —We don't MIND, they will take all benefits and rights AWAY from us as they continue to enact laws intended to destroy this great country. That's the game plan.

☞ SURPRISE

Ironically, America can't afford to help her college students but, the good ol USA had a \$695.7 Billion Dollar Defense Budget in 2011. Excuse me? Excuses, Excuses, Bull shit. Washington D.C. and the Pentagon are, but a cesspool. According to an article by the Huffingpost.com on August, 2012; "The United States spends 58 percent of the total defense dollars paid out by the world's top 10 military powers, which combined for \$1.19 trillion in military funding in 2011. With its unparalleled global reach, the US outspends China, the next-biggest military power, by nearly 6-to-1."

\$695.7 Billion Dollar Defense? That leaves a hell of a lot of room for profit to be made by the Powers that Be, at tax-payers expense. This is a heavy burden on Americans. Have we forgotten what President Dwight D. Eisenhower (who was also a five-star general during World War II) stated as he warned Americans in his Farewell Address to the Nation on January 17, 1961 in regards to the **Military-industrial complex**?

In particular, he asked the American people to guard against the **"danger that public policy could itself become the captive of a scientific-technological elite."** He cautioned that:

"A vital element in keeping the peace is our military establishment. Our arms must be mighty, ready for instant action, so that no potential aggressor may be tempted to risk his own destruction..."

"This conjunction of an immense military establishment and a large arms industry is new in the American experience. The total influence — economic, political, even spiritual — is felt in every city, every statehouse, and every office of the federal government. We recognize the imperative need for this development. Yet we must not fail to comprehend its grave implications. Our toil, resources and livelihood are all involved; so is the very structure of our society. In the councils of government, we must guard against the acquisition

of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists, and will persist."

"We must never let the weight of this combination endanger our liberties or democratic processes. We should take nothing for granted. Only an alert and knowledgeable citizenry can compel the proper meshing of the huge industrial and military machinery of defense with our peaceful methods and goals so that security and liberty may prosper together."

Wow! Was he physic or what? Our current situation is now intense, chaotic and complicated by Power and Greed. ***"The potential for the disastrous rise of misplaced power exists, and will persist."*** It sure did and it too is out of control ***as it does endanger our liberties and our democratic processes.*** Why? Because ***We the People*** have fallen asleep; we are **Not Alert** nor a **Knowledgeable Citizenry!** WAKE UP AMERICA! United We Stand, divided, we shall fall. The 'System' is now so Anti-American! **Be Afraid, Be Very Afraid of your own U.S. Government!**

Thus, it is indeed imperative that we unite and stand up to these derelicts and their non-coincidental organized pattern of secrecy which translates into fascism. It is not a democrat versus republican thing. It is a Good versus evil Reality. It is about Peace, not War. It is about Humanity; solutions to create a sustainable, resilient, high-performance culture via the American Dream. I am talking about the survival of our Declaration of Independence as well as our Unalienable God given Rights; which are both the cornerstones and the foundation of the American Dream. Perhaps Helen Keller said it best:

"The most pathetic person in the world is someone who has sight, but has no vision."

✧ SURPRISE

Edward Snowden has both insight and vision and a *Set of BALLS!* He is an American HERO, Champion of our Civil Liberties and HOPE for America. Mr. Snowden is the former CIA employee who was privy to Secret No-No's and blew the whistle on the NSA and leaked its Secret Surveillance without probable cause on its citizens. He told the TRUTH – and exposed government wrongdoing! He proclaimed:

“I understand that I will be made to suffer for my actions, but I will be satisfied if the federation of secret law, unequal pardon and irresistible executive powers that rule the world that I love are revealed even for an instant... My sole motive is to inform the public as to that which is done in their name and that which is done against them.”

Mr. Snowden walked away from a near \$200,000 salary and “paradise” job in Hawaii to “do the right thing.” *“I don’t see myself as a hero, because what I’m doing is self-interested. I don’t want to live in a world where there’s no privacy, and therefore no room for intellectual exploration and creativity. I’m willing to sacrifice [my income and career success] because I can’t in good conscience allow the U.S. government to destroy privacy, Internet freedom and basic liberties for people around the world with this massive surveillance machine they’re secretly building.”*

Unfortunately, Mr. Snowden is in hiding and the US government is looking for him; ready to charge him with Espionage and theft of government property (secret classified data of its own citizens). In the Name of National Security, Ed Snowden is being charged with a crime for reporting a crime (NSA’s violation of the constitutional rights of all Americans) and to make an example out of him for the sole purpose of silencing dissent! Unfortunately, when a whistle-blower exposes government waste, fraud corruption and criminal conduct; they are then deemed as “enemies” and targeted for

prosecution because the US Government fears the “Truth” coming out and going public.

Edward Snowden is not the first whistle-blower who has a good reason to be scared and a few paragraphs below, will explain why. First off, he doesn't trust the US Government and neither do I for that matter. That is why he is trying to escape to a country that won't extradite him back to America. Who knows what he will face when they get their hands on him? The Guantanamo Bay detention camp, AKA “GTMO” or “Gitmo”? Water-boarding? Will they execute him? Maybe they will assassinate him with a drone before they catch him?

Perhaps they will lock him up and forget about him for 4 or 5 days, without giving him food or water or a lawyer until he almost dies; just like the Drug Enforcement Administration (DEA) did to Daniel Chong, a University of California San Diego student on April 21, 2012. He was supposedly, held for questioning about some ecstasy pills, marijuana, prescription medications, hallucinogenic mushrooms, several guns and thousands of rounds of ammunition that were found in the house that he was visiting; but the federal idiotic morons forgot about him?

There wasn't even a toilet in his cell and he had to drink his own urine to survive. When he was finally discovered four and a half days later by DEA employees, Chong was covered in his own feces and severely dehydrated. He was breathing with difficulty and was rushed by ambulance to Sharp Memorial Hospital, where he spent five days, three of them in intensive care, suffering from severe dehydration and kidney failure. Chong was later diagnosed with post-traumatic stress disorder. He was never charged with any crime and settled with the Federal Government for over 4 million dollars in July, 2013.

☞ SURPRISE

In regards to former whistle-blowers in recent years, there was the case of William Edward Binney. And then there is the case of Thomas Drake, along with former NSA officials J. Kirk Wiebe and Edward Loomis, as well as former congressional staffer Diane Roark; all whom complained through proper internal channels about massive waste, fraud, abuse, and illegality at NSA and not only did their message fall on deaf ears. They were targeted, subsequently criminally investigated by the FBI and threatened with prosecution.

Mr. Binney was a former highly placed intelligence official with NSA. He turned whistle-blower and resigned in October, 2001 soon after 9/11. He served over 30 years with National Security Agency, including a time as technical director of the NSA's Geopolitical and Military Analysis Reporting Group. He warned that the NSA's data-mining program has become so vast that it could "create an Orwellian state."

According to Mr. Binney: "... after 9/11, all the wraps came off for NSA as the White House and NSA and CIA decided to eliminate the protections on U.S. citizens and collect on domestically." They violated all the laws that protected US citizens, including the Constitution. And that was the reason that he made his decision to quit the NSA because they refused to listen to him? He immediately went to the Intelligence Committee, which was formed to have oversight over the intelligence community to make sure they didn't monitor U.S. citizens but after the shit hit the fan, more people quit and the powers that be got pissed, it just got worse and his legal troubles began? He was subjected to an armed FBI raid. He eventually obtained a letter of immunity.

Thomas Drake is the National Security Agency (NSA) whistleblower who became the fourth person in U.S. charged under the Espionage Act for alleged mishandling of classified information. He served 10

years in the Air Force and 12 years at the NSA .The Government Accountability Project (GAP) provided Drake with legal advice on whistleblower issues and launched an aggressive media and public advocacy campaign for his support.

Ironically, Drake was also targeted because he exposed widespread gross waste, fraud, abuse, and illegality at the NSA, including: the implementation of a warrantless, domestic surveillance and data-mining system; the agency's attempt to hide information about the surveillance from Congress and the Supreme Court; the squandering of billions of taxpayer dollars on an undeveloped data collection program that violated American privacy rights; the NSA's failure to give other intelligence agencies critical information it had obtained prior to 9/11.

The government's case against Mr. Drake collapsed days before trial in June 2011. The Department of Justice (DOJ) agreed to drop the ten-count felony indictment, including all of the Espionage Act charges. Drake pled guilty to a mere misdemeanor: "exceeding authorized use of a computer." One month later, Mr. Drake was sentenced to one year of probation and community service, a lot less than the government's goal of putting Drake in jail for "the rest of his natural life."

At sentencing, the judge sharply criticized the DOJ's handling of the case, calling it "unconscionable." Drake praised GAP's help: "I am grateful to the Government Accountability Project which provided crucial whistleblower advocacy and media outreach support ... while also serving as my voice when I did not have one. I am worried that the next target of such a witch-hunt will not be as fortunate." GAP's National Security & Human Rights team continues to fight for these truth-tellers that expose government wrongdoing.

☞ SURPRISE

Meanwhile, hopefully, GAP can advise Mr. Snowden on his defense. However, be what may, on June 11, 2013, The American Civil Liberties Union, (ACLU) filed a lawsuit charging that the National Security Agency's (NSA) mass surveillance of U.S. citizens' data violates constitutional rights of free speech and privacy as per. the 'Fourth Amendment'. In fact, Rep. Adam Schiff, D-Calif., who sits on the House Intelligence Committee admitted: There's very little trust in the government, and that's for good reason. We're our own *worst enemy*."

Enemy of the People? Wow! Does that make us *Enemies of the fascist police state*? We have a right to be outraged by the blatant audacity of the NSA and how it out sources our sensitive and confidential data—to be mined by public / private Federal Contractors for commercial use. They can sell and trade our information like kids trade baseball cards .Will this new Obama Care Health System keep our medical records private or will the NSA and its entrusted corporations snoop throughout the data base and share our personal medical files? For a profit of course.

Incidentally, people all over the world are outraged and pissed off at the USA for spying on them. Especially the citizens of Germany who remember history and the Stasi. In fact 35 world leaders are outraged as they found out that the NSA was spying via their personal phone numbers. And rumor has it that: 'US Spying Worldwide May Come Under UN Scrutiny!'

Check it out at: <http://original.antiwar.com/deen/2013/10/25/us-spying-worldwide-may-come-under-un-scrutiny/>

Unfortunately, most of our lawmakers don't seem to care as they upheld NSA's phone-spying dragnet in July, 2013? Ironically, according to an article posted on 07/26/13 by Wired.com: "The numbers

tell the story — in votes and dollars. On Wednesday, the House voted 217 to 205 not to rein in the NSA's phone-spying dragnet. It turns out that those 217 "no" voters received twice as much campaign financing from the defense and intelligence industry as the 205 "yes" voters." Money Talks and it does buy Votes which control our System of INJUSTICE.

Check it out at <http://www.wired.com/threatlevel/2013/07/money-nsa-vote>.

To add insult to injury in regards to Mr. Snowden's ordeal, President Obama went on national TV in August, 2013 and stated to Jay Leno: "*We don't have a domestic spying program,*" during an interview with NBC's "The Tonight Show." **Deny, Deny, Deny; another outright Lie!** Why? Why is he now a staunch defender of the NSA and its spying on innocent American citizens? Unfortunately, all dictators like to spy on their "*Sheeple*."

Ironically, Senator Obama warned about Patriot Act's potential abuses in 2005. He criticized the then-current version of the legislation for providing insufficient protections for civil liberties and even warned that certain provisions of the Patriot Act would: "allow government fishing expeditions targeting innocent Americans. We believe the government should be required to convince a judge that the records they are seeking have some connection to a suspected terrorist or spy." And, as a candidate in 2008, Barack Obama praised instances of whistle-blowing as "acts of courage and patriotism." Since becoming president, however, his administration has charged more people under the Espionage Act than all other presidents combined.

Oops, President Barack Obama is caught in his lie as per Mr. Edward Snowden release of new data to the Washington Post! According

☛ SURPRISE

to an article released by the Washington post on August 15, 2013, they obtained an NSA audit from Mr. Snowden which was dated, May 2012. “It cited, 2,776 incidents in the preceding 12 months of unauthorized collection, storage, access to or distribution of legally protected communications. Most were unintended. Many involved failures of due diligence or violations of standard operating procedure. The most serious incidents included a violation of a court order and unauthorized use of data about more than 3,000 Americans and green-card holders.”

Wow! Accidently? Unintended boobos? Mistakes? Go figure? In response to the NSA audit; according to the Washington Posts’ article: “We’re a human-run agency operating in a complex environment with a number of different regulatory regimes, so at times we find ourselves on the wrong side of the line,” a senior NSA official said in an interview, speaking with White House permission on the condition of anonymity. I guess they are doing a lot of accidental spying on U.S. citizens? Were the most serious incidents of unauthorized use of data about more than 3,000 Americans and green-card holders also a mistake?

According to Daniel Ellsberg, the man who leaked the Pentagon Papers in 1971, “**Edward Snowden is Saving Us from the United Stasi of America**” He also states that: “*In my estimation, there has not been in American history a more important leak than Edward Snowden’s release of NSA material – and that definitely includes the Pentagon Papers 40 years ago. Snowden’s whistleblowing gives us the possibility to roll back a key part of what has amounted to an “executive coup” against the US constitution.*”

On his website at: <http://www.ellsberg.net/>, Mr. Ellsberg stated that:

“Since 9/11, there has been, at first secretly but increasingly openly, a revocation of the bill of rights for which this country fought over 200 years ago. In particular, the fourth and fifth amendments of the US constitution, which safeguard citizens from unwarranted intrusion by the government into their private lives, have been virtually suspended.”

“The government claims it has a court warrant under Fisa – but that unconstitutionally sweeping warrant is from a secret court, shielded from effective oversight, almost totally deferential to executive requests,” he continues. Mr. Ellsberg also quoted Russell Tice, a former National Security Agency analyst in regards to the Secret Court: “It is a kangaroo court with a rubber stamp.”

You can check out the whole story at: <http://www.ellsberg.net/>

Incidentally, Daniel Ellsberg was charged under the Espionage Act of 1917 for leaking the ‘Pentagon Papers’ —thousands of Defense Department documents on Vietnam War decisions. In 1969, he was working as a military analyst with the RAND Corp. when he copied the documents. In 1971, he actually gave the files to *The New York Times* and other newspapers. President Richard Nixon tried to stop the *Times* from publishing them, but the newspaper continued after a court cleared the way, citing First Amendment rights. Mr. Ellsberg was later tried on 12 felony counts and faced a possible sentence of 115 years in prison but, his case was dismissed in 1973 on grounds of gross governmental misconduct in the case.

In an interview on August 21, 2013, Ellsberg told the Huffington Post Live that the United States is on the verge of becoming a police state as evidenced by the National Security Agency’s data collection programs and the treatment of secret document leakers Edward Snowden and Bradley Manning.

☞ SURPRISE

“When people understand that their every conversation of every kind on phones, email, chat logs whatever, is being recorded and can be retrieved, that will certainly curtail people’s freedom of speech over any digital means,” Ellsberg continued in an interview carried on Huffington Post Live.

“It gives the government blackmail capability over the population at large . . . With the digital stuff alone, we have a surveillance capability that outmatches any police state in the history of humanity.”

“We have not only the capability of a police state, but certain beginnings of it right now,” he continued. He also stated that: *“I absolutely agree with Edward Snowden. It’s worth a person’s life, prospect of assassination, or life in prison or life in exile — it’s worth that to try to restore our liberties and make this a democratic country.”*

You can help support Ed Snowden and Say NO to the Surveillance State at: <http://www.ThankYouEdSnowden.org>

Incidentally, on December 16, 2013; a federal judge ruled that the NSA’s ‘Metadata’ Surveillance Program— which Edward Snowden exposed to the world, was likely unconstitutional. U.S. district court judge Richard Leon described its technology as “almost Orwellian” and suggested that James Madison would be “aghast”, to learn that the government was encroaching on liberty in such a way.

“I cannot imagine a more ‘indiscriminate’ and ‘arbitrary’ invasion than this systematic and high-tech collection and retention of personal data on virtually every single citizen for purposes of querying and analyzing it without prior judicial approval,” Judge Leon wrote in his 68-page ruling. “Surely, such a program infringes on

‘that degree of privacy’ that the founders enshrined in the Fourth Amendment,” as it prohibits unreasonable searches and seizures.

The Ruling was a significant legal setback for the NSA and a mild victory to justify Mr. Snowden’s actions. It should weigh heavily, as several government panels are developing recommendations on whether to keep, restructure or scrap the bulk data collection program. Meanwhile, Congress is also debating bills over the program’s future. The case is expected to go all the way to the U.S. Supreme Court.

A Quick Update:

The Privacy and Civil Liberties Oversight Board, a governmental review panel warned in January 2014, that the National Security Agency’s daily collection of Americans’ phone records is illegal and recommended that President Barack Obama abandon the program and destroy the hundreds of millions of phone records it has already collected. It is bad enough that our country wants to spy on its own citizens but now, Russia wants to install 6 GPS monitor stations here in the USA too. And the State Department is thinking about giving them an OK? The CIA and the Pentagon are outraged. Meanwhile, Russia has positioned a station in Brazil this year and have agreements with Spain, Indonesia and Australia?

☞ SURPRISE

By the way, what do you think about the idea of President Obama being King Obama or a Dictator for that matter? It could happen: Alas, IN THE HOUSE OF REPRESENTATIVES on January 4, 2013 Mr. Serrano, a Democrat; introduced the following joint resolution; which was referred to the Committee on the Judiciary.

HJ 15IH

113th CONGRESS

1st Session

H. J. RES.15

Proposing an amendment to the Constitution of the United States to Repeal the twenty-second article of amendment, thereby removing the Limitation on the number of terms an individual may serve as President. You can check out the progress of this proposed bill at: <http://www.OpenCongress.org>.

Our forefathers would rise up; armed to max if they saw where America is today. They knew the difference between *Rights* and wrong and understood what *Freedom* is all about! Surveillance without probable cause? A worthless Fourth Amendment in the name of National Security via *Technology*, including *Drones*; which equals — Absolute Power for King or Dictator. Unfortunately, Obama still has three and a half years to get rid of our *Guns* and the *Second Amendment*. Will he declare martial law and do a house to house searches for weapons? Will U.S. soldiers fire On US citizens?

Perhaps there could be a Secret Police Force? A Death Squad? Will they round us up or make us conveniently disappear in in some type of FEMA / Concentration Camps? Or, perhaps they could make us wear special ankle bracelets— that keeps track of us and that has the ability to give us an electric shock if we disobey them— the Powers that Be? Would troops from the United Nation or NATO take over *Crowd Control* during *Martial Law*?

What about the CIA - operating in the shadows with impunity? Is our government getting ready to exercise rigid and repressive controls over our social, economic, and political lives in the name of National Security? In 1933 Germany amended its constitution with the '*Enabling Act*,' which played a critical role in the rise of *Adolf Hitler* to become the dictator and Fuhrer of Nazi Germany by August, 1934. Are we enabling our own Demise of America as we knew it? Is there an American Gestapo? How about a THOUGHT Police?

According to an article published on March 6, 2014 by the Wall Street Daily, the U.S. Government is not only spying on We the People, it is also spying on itself. "More specifically, the Central Intelligence Agency (CIA) has been monitoring the computers used by Congress' Senate Intelligence Committee. (Not coincidentally, that's the same Senate group responsible for overseeing the CIA's actions.)" **Imagine that! Does the CIA have something to hide? Damage Control?**

Alas, "If it turns out that the CIA was spying on the Senate committee that oversees the agency, it would be an outrageous violation of separation of powers. The CIA is prohibited from spying in the United States itself, and there can be few greater violations of that rule than spying on congressional staff carrying out the constitutional duty of being a check on the CIA's powers. CIA surveillance of Congress would be another sign that the intelligence community has come to believe that they're above the law and should get only deference from the other branches of government, not the meaningful oversight that's required by the Constitution." - Christopher Anders (senior legislative counsel with the American Civil Liberties Union.)

☞ SURPRISE

Do we have an *Enabling Act* of our own here at home in the USA? Believe it or not, we have something just as scary. On December 31, 2011, President Barack Obama signed into law the National Defense Authorization Act (NDAA); “for the defense of the United States and its interests abroad.” Amongst the many Powers that it has been granted to deal with and address conflict in the Name of National Security, is a controversial provisions entitled “Counter-Terrorism”.

Counter-terrorism authorizes the indefinite military detention of persons the government ***SUSPECTS*** of involvement in terrorism, ***including U.S. citizens arrested on American soil.*** Although the White House and Senate sponsors maintain that the Authorization for Use of Military Force (AUMF) already grants presidential authority for indefinite detention, the **Act states that Congress “affirms” this authority and makes specific provisions as to the exercise of that authority.** What about the two Boston Bombing Suspects? People’s houses we searched without their permission?

How dare we question authority in the Name of National Security as Congress “affirms” this *Unconstitutional*, indefinite military detention of US citizens based on *Suspicion*? Whistle blowers, rebel rousers — Beware! The *SHADOW KNOWS!* Gitmo? It reminds me of the East German Ministry for State Security (MfS), commonly known as the *Stasi*. Stasi has been described as one of the most effective and repressive intelligence and secret police agencies in the world. The Stasi motto was “*Schild und Schwert der Partei*” (Shield and Sword of the Party). Incidentally, the detention provisions of the Act have received critical attention by both the American Civil Liberties Union (ACLU) and the Bill of Rights Defense Committee.

What about the ‘War Powers Act’? In March of 2012 at a Senate Armed Services Committee hearing, Defense Secretary ***Leon Panetta and Joint Chiefs of Staff Chairman Gen. Martin Dempsey***

brazenly admitted that their authority comes not from the U.S. Constitution, but that the United States is subservient to and takes its marching orders from the United Nations Security Council and NATO, when it comes to taking military action.

They don't give a damn about the War Powers Act? They can invade whomever they chose without consulting or getting permission from Congress just like they did when President Obama ordered the USA to invade Libya; which was against the US Rule of Law. I guess the world is now ruled under International Law in the Name of the New World Order? What happened to the 'Supreme Law of the Land'? Destination — the Rule of Unconstitutional Law?

Is the USA turning into a Police State? Are there spies amongst us? Are we being set up, labeled, organized into categories and casted with Suspicion? Unfortunately, the agenda is on a need to know basis. Far too people are now considered ***Guilty; Until Proven Innocent?*** Ironically, the situation is getting worse and worse little by little especially since the Supreme Court decided in June, 2013 that Police can take your *DNA* upon arrest?

Justice Antonin Scalia was appalled as he argued that the case paves the way for increased DNA testing, which he claimed violates the Constitution's protection against unreasonable searches.

“Make no mistake about it: because of today’s decision, your DNA can be taken and entered into a national database if you are ever arrested, rightly or wrongly, and for whatever reason,” Scalia wrote. “This will solve some extra crimes, to be sure. But so would taking your DNA whenever you fly on an airplane.”

Incidentally, the Federal Government has funded ***checkpoint surveys***—to stop US citizens and draw their blood for cash in cities all across America. Some citizens are even secretly tested if they refuse

to cooperate, by a breath analyzer— which operates while they are talking to the police. The results go to some federal contractors, who are working to complete a 3 year, \$7.9M USD survey on behalf of the National Highway Traffic Safety Administration (NHTSA). They are allegedly collecting medical data to be used in combatting drunk driving. According to one lawyer, the search constituted an unconstitutional search and seizure.

It is absurd but, our government has the audacity, in association with *Special Interests*— in the name of their agenda, to TEST us- *We the People*; in order to see what they can get away with. If we don't complain and reject their policies; they will continue to push them down our throats until we choke to death as a *Non-Free Society*. God Bless our American Civil Liberties Union (ACLU)!

“These United States of America can never be destroyed from forces outside its borders. If America falls, it will fall from within, brought down by apathy. When good people do nothing, Anarchy reigns” - Abe Lincoln

Ironically, a lot of people thumb their nose, laugh at me and think that I'm a crazy, radical conspiracy theorists. It has been said that *'the road to hell is paved with good intentions'*? But, rational is a matter of perspective. And the facts are unfolding right in front of our eyes? Most of us are blinded by our own ego? Far too many are blinded by *Greed, Jealousy, Anger or Hatred*. Let us not be blinded by *Fear or Disillusioned by Ignorance via Denial*.

Let us not be — *Silenced by Fear Mongering!* Years ago, we were programed to fear *Communism* and then a *Nuclear-war or World War III*, followed by the Cold-war. Now it is the *War on Terror*. What's next? How about *Shock and Awe* on U.S. Citizens here in America? Or perhaps, the *Threat of a UFO Invasion*— just like the Orson Welles radio broadcasts of H.G. Wells 'War of the Worlds? Will they use some 'Holography' three dimensional laser play; with live sound intensity and suitable illumination of the recording as well as the use of, interference, diffraction and light intensity to make it look so real? Perhaps an asteroid hitting Mother Earth? Or maybe the Anti-Christ? Maybe the Boogeyman is under your bed. Maybe '...the only thing to fear besides our man-made disasters or 'Fear Itself'; is our own *U.S. Government!*

I understand that seriously and sometimes desperately, people get frustrated and even lost in their own little *Secular World* of hurry and worry about me and mine, status and stuff as they struggle through their troubles. But what will it take to get these people to get their heads out of the sand and Wonder — what the hell is going on — right in front of their eyes? Is it any wonder that there is so much depression and anxiety as we become miserable or nervous because of all of the *Stress*; which is the root cause to all disease? Preoccupied, most are curious yet too busy to resolve as others suffer in misfortune; destitute, poverty, sickness, emotional distress, disease, slavery and or loneliness. Many of us create excuses as we exist in denial amongst — *Social Injustice* that is caused by the *Powers that Be* here on Earth.

What if the UFO's were in fact trying to Contact us and make Peace and Teach— us about the outer limits of Existence as we don't know it? Perhaps, they need our Permission to interfere with out Free Will, unless we are in fact, a RISK to the rest of the Universes; according to some Divine Law? What if CONTACT was MADE and the

governments of the World are suppressing it from We— the little people? What if the Powers that Be are getting rich off of the technology that they got from the UFO's? Will they use it to keep us as economic slaves?

Did you ever hear about Majestic 12 (MAJIC or MJ-12)? Operation Majestic-12 is alleged to have been the code name of a secret committee of scientists, military leaders, and government officials, formed in 1947 by an executive order by U.S. President Harry S. Truman. It was classified as Above TOP SECRET. The goal of the group was to exploit everything they could from recovered alien technology.

Are there Good and Evil UFO's? Are they at War with each other? Will that war Manifest— here on Earth? Do you believe that Crop Circles are real? Do you believe that Crop Circles are Sacred Messages? Did you check any of them out?

Is Disclosure of the UFO phenomena in the near future? Don't we have a right to know and doesn't our government have the obligation to share the great knowledge that it received and pass it on to We — the People!

Have you heard about the Citizens Hearing on Disclosure? "From April 29 to May 3, 2013 researchers, activists, and military/agency/political witnesses representing ten countries gave testimony in Washington, DC to six former members of the United States Congress about events and evidence indicating an extraterrestrial presence engaging the human race."

"The Citizen Hearing on Disclosure was an unprecedented event in terms of size, scope and the involvement of former members of

the U. S. Congress. With over 30 hours of testimony from 40 witnesses over five days. The event was the most concentrated body of evidence regarding the extraterrestrial subject ever presented to the press and the general public at one time.”

Ultimately, a nation that doesn't take care of its own people, becomes inadequate and will create its own demise. It is time for our government to be honest with We—the People. At the rate this country is headed, a class war is inevitable. Big Brother needs an *Attitude Adjustment* before it is too late.

It is time to Unite as Americans. It is time to take the time to commit to and fight for change and the only way to get it done is to address the issues and work together as human beings — that care about what is best for each other — all of us in the *Name of Truth, Justice and Humanity as a little Concern, Consideration and Compassion go a long way*. It is time we do something to SAVE our country — The United States of America! Perhaps John F Kennedy was warning us when he stated: “*My fellow Americans, ask not what your country can do for you, ask what you can do for your country.*”

Wake up! America belongs to us — We the People! It is our prerogative, a privilege and our obligation as *due diligence*— to be *Alert, Scrutinize, Question Authority, Object and Demand Answers. Demand Accountability!* It is our *Sacred Civic Duty, Conflict Resolution*— before the shit hits the fan and we get blasted. Make no mistake about it; you better BELIEVE, it can happen and will happen if we let it!

Alas, should we fear our government? Does our government fear us; ‘*We the People*’? Think— everything they do is cloaked in Secrecy— *National* or should I clarify; *Corporate Security*. That is

☞ SURPRISE

why they want to spy on us and take our guns away, as well as both our Civil and Human Rights! And, if we don't take action to stop their insanity; then we are only *Enabling* them to continue with their sick, addicted, chaotic, habitual plan — by doing nothing!

No! Not any more, not on our watch. It is time to address the culture of corruption that has infected our government. It is time for our voices to be heard. Change is a critical must or else. *It is time to clean both Houses and the Senate.* It is time to make a difference and get rid of all the nonchalant attitudes that are preoccupied with habitual Greed, Power and Control. It is time to vote the bad apples out of office.

In Australia, voting is compulsory as it is mandatory and its citizens are fined for not voting. We should take voting more serious here in the USA. I too, am guilty of not doing my obligatory duty. Let's do it!

We have to pave the way for the future of our children. Vote, so that we can ensure the American Dream and Prosperity for All U.S. citizens. The Declaration of Independence, our Constitution and the Bill of Rights, are collectively known as the Charters of Freedom, which guaranteed the rights and freedoms of Americans. Unfortunately, they are being ignored? To hell with the corporate road map and their lobbyists. It is time to put an end to **Crony** capitalism. To hell with the UN and their New World Order. We are not giving up our *Right to Bear Arms* because the U.N. demands it. We will not give up our **Sovereignty**. We are one nation under God!

The United Nations' *founding* purpose—maintaining international peace and security, promoting global cooperation, and advancing human rights is a Great Idea, but it too, is infested with greed, corruption, waste and ulterior motives; thanks to the World Bank and the International Monetary Fund (IMF). Unfortunately, the U.N.

seems to be securing and promoting international corporations? Seek and you will find who will benefit from all of their proposed policies.

Its ultimate goal is a *New World Order*— Power and Control of the Masses and the World's Resources via *International Laws* in an *International Court* by a *One World Government* that is headed by the *FED*, the *Trilateral Commission*, and the *Council on Foreign Relations (CFR)*. But they have to disarm us first!

“We shall have one world government whether or not you like it, by conquest or consent.” Taken from the April 1974 issue of the CFR journal, *“Foreign Affairs”*. In fact, CFR member Richard Gardner stated: *“the new world order will be built... but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old fashioned frontal assault.”*

Wake UP! This is not a joke as it is documented in writing. The *Powers that Be*, are a lot closer than you think— to making it a Reality. *They already Control the Banks, the Main-stream-media and Most of the Political Leaders of the World. That is why they are trying to take All of Our Rights Away from us here in the USA*, as they enact new laws to control and spy on us and also enact laws that protect themselves. Their ultimate goal is to **Eliminate the U. S. Constitution.**

The FED announced publicly, that their first objective, was to get nationalism out of the American people's heads because patriotism to a country would not be of value in the future. (‘The Federal Reserve Bank’ by H. S. Kenan)

accepting “United Nations solutions to common global problems.”
— Henry Kissinger

In 1975, the Rockefeller Foundation Report discussed the “Interdependence” of the countries of the world on each other. It stated we are one world and America shall become a nation-state under one government.

Incidentally, William Rockefeller owned both banks and Shares in the FED. Rockefeller’s money was used to seize control of America’s teaching and training of students by rewriting history and textbooks. Rockefeller has also funded the National Education Association (NEA)

Rockefeller also controls the Council on Foreign Relations (CFR), the sole purpose of which is to aid in stimulating greater interest in foreign affairs and in a one world government via the United Nations.

The United Nations agenda is as follows:

- **Disarm all American Citizens.**
- **Impose a Cashless Society**
- **Get rid of U.S. Constitution.**
- **Install a World-wide “Declaration of Interdependence.”**
- **Establish a UN tax to not only finance new global programs, but to condition “citizens of the world” to paying tribute.**

Why do we let the United Nations utilize American Resources to do their Dirty Work at the U.S. Taxpayers Expense? America was not formed to police or control the world or its resources via Imperialism. Nor was she created to enforce U.N. policy. **We are supporting the**

very entity that is trying to *Take— Our Sovereignty Away?* We are the most powerful country in the world. Let's keep it that way.

Corruption, greed and waste are the problems within our government. But our two party farce of Democrats and Republicans divide this country into the rich against the poor as the Electoral College makes it easier to control the election itself. Congress has become despondent.

Perhaps Eldridge Cleaver summed it up best when he stated: *"If you're not part of the solution, you're part of the problem"*. Wake up! Our Freedom and Liberty is in Jeopardy! And, *Continual War is the Problem* as James Madison warned:

"Of all the enemies to public liberty war is, perhaps, the most to be dreaded, because it comprises and develops the germ of every other. War is the parent of armies; from these proceed debts and taxes; and armies, and debts, and taxes are the known instruments for bringing the many under the domination of the few. In war, too, the discretionary power of the Executive is extended; its influence in dealing out offices, honors, and emoluments is multiplied; and all the means of seducing the minds, are added to those of subduing the force, of the people. The same malignant aspect in republicanism may be traced in the inequality of fortunes, and the opportunities of fraud, growing out of a state of war, and in the degeneracy of manners and of morals engendered by both. No nation could preserve its freedom in the midst of continual warfare."

Ultimately, more wars, create more debt— which means— more profit to the bankers— whom love to finance and encourage— more wars. Unfortunately, the cost of war has taken its toll on America! Not to mention all the debt that we incurred because the FED robbed

☞ SURPRISE

Us— We the People? Alas, the U.S dollar is shrinking as a percentage of the world's currency supply; since confidence in the dollar is waning.

As our U.S. debt raises, many countries around the world are questioning the position of the U.S. dollar as the reserve currency. They are getting nervous as they diversify and want out of the U.S. dollar, as quickly as possible. In fact, in the past couple years, China has signed international currency agreements with South Korea, Germany, Brazil, Russia, Australia, Japan, Chile, the United Arab Emirates, India and South Africa. Japan and India also recently signed a currency deal linking their currencies closer together, as they too distrust the U.S. dollar.

To add insult to injury, China has been buying all the gold it can get its hands on over the last few years. It has been reported that the amount of gold China imported in 2012 alone is greater than the total amount of gold that the European Central Bank is officially holding. Are they stock piling and hoarding their gold for a reason? You Bet! There is speculation that the Chinese are planning to back their own currency with gold. Will they become the next proud owners of the World's *Reserve Currency* as the U.S. dollar dies?

Rumor has it that China is going to announce how much Gold it has in the— Spring of 2014. They usually announce the total every five years. If they have more Gold then the FED; it would be an Economic Time Bomb for the U. S. Dollar and America as we know it.

Incidentally, the dollar as we know it today, became the global reserve currency on 15 August 1971. That is about 43 years so far, and no other global reserve currency lasted over 40 years. In fact, according to a CNBC report dated February 26, 2014: '*Yuan to Supersede Dollar as Top Reserve Currency: Survey.*' Check it out at:

<http://www.cnbc.com/id/101450365>

Unfortunately, our U.S. paper currency is rapidly becoming worthless? And the Chinese know it as does the rest of the world. Presently, the U. S. dollar is now the currency in which oil is priced. Hence the phrase *Petrodollar*.

Gold, silver and other commodities are also measured in dollars, since the United States dollar is still the World's Reserve Currency. But, for how long can it last? If the dollar loses its standard as the World's Reserve Currency (the *de facto* world currency); that will surely change and that would be dire and disastrous to our country and our standard of living as we know it will become shocking. The US government won't be able to print money freely at will anymore!

Hyper-Inflation will surely follow. ***We Best Change this System of Insanity while we still have the RIGHTS to Do SO! If we don't, the Death of the U. S. dollar will be inevitable.*** The system is not only scandalous, it is also bankrupting America and devaluing the U.S. Dollar at the same time.

In a letter to Thomas Jefferson, John Adams wrote: *"All the perplexities, confusions, and distresses in America arise, not from defects in the Constitution or confederation, not from want of honor or virtue, as much as from downright ignorance of the nature of coin, credit, and circulation"*.

"The Federal Reserve Act should be repealed and the Federal Reserve banks, having violated their charters, should be liquidated immediately."— Louis Thomas McFadden in 1932— speaking before the House of Representatives as he accused the Federal Reserve of deliberately causing the Great Depression.

“Congress and the IRS do not have access to the financial records of the FED. Every year Congress introduces legislation to audit the FED, and every year it is defeated?”

Is there any GOLD in Fort Knox?

How much Gold does China Have?

Does China have more Gold then the FED?

If it does, the U. S. Dollar will no longer be the Global Reserve Currency.

“By abolishing the FED, we would not pay interest on Federal Reserve Notes. Until it is abolished, the FED has a monopoly on profit on our currency and whether our money supply will be increased or decreased, inflation or depression. The banks are capable of controlling business by controlling who can or cannot obtain a loan.”

About 40% of our personal federal income taxes— collected in the U.S.A. — goes to pay the Compound Interest to the FED! (Most of it goes to 12 Families)

Wake Up AMERICA! We have been fooled and lied to long enough! An Immaculate Deception or Willful Ignorance?

☞ SURPRISE

“There are two ways to be fooled. One is to believe what isn’t true; the other is to refuse to believe what is true.” — Søren Kierkegaard

Alas, this is a matter of National Urgency! If we want to restore American Pride, it is time to abolish the IRS as well as the Federal Reserve. We must allow Congress to reassert its Constitutional authority over monetary policy; to create or coin money; without having to ***pay compound interest*** for this privilege. Compound interest is our nation’s burden that is worse than any taxes and it is not necessary. We must back the US Dollar with gold or silver like we use to.

We must muster the courage and willpower to address these issues and fight to keep our *Natural — God given rights. We have to protect our Environment, our Electric Grid, our Food Supply and our Honey Bees. We have to fight to keep our Second, Fourth and Fifth Amendments.* God Bless those whom Serve, Create and Contribute in the Name of Humanity! United, we *Will Deliver Ourselves* from this *evil nightmare* that is *occupying* our American Government. *Amen!*

WAKE UP! Fascism is the unchecked rule of a class of the privileged, or relatively rich, in power—a full-scale assault on poor and working people. Frankly, far too many corporations and their lobbyists as well as politicians should be charged with treason for betraying we; the American people and for the destruction that they did to America.

Corporations are not people. Corporations are not *special*. People have feelings. People have Families. People bleed and depend on other people to survive. Corporations put *Profit* ahead of *People*? Why should corporations get Special Interest / Special Privileges? Why do they get certain privileged advantages over *We The People*; in spite of *Humanity*?

It is time to face the facts— that our Politicians and the Mainstream-media, are acting like a bunch of fools, who laugh and giggle, and point fingers, as long as they are semi-content; while the Powers-That-Really- Be— Parade in Naked Truth— Robbing the World Blind. Both the media and our elected officials know damn well, what is going on; but they are either too scared, or bought and paid for, to shout out that their truth— is a bunch of LIES. Just like in the short Fairy-tale— *'The Emperor's New Clothes'*, by Hans Christian Andersen.

'When the Emperor parades before his subjects in his new clothes, a child cries out, "But he isn't wearing anything at all!"'

Unfortunately, we are being Set-Up for the Fall— as far too many, silently pretend and mind their own business? Others ignore or dismiss the facts? President Obama talks a good game as he professed— to be for— 'We the People', but his actions have and continue, to speak louder than words, as he betrayed his promises. It was all a bunch of shit, as talk is cheap; it was nothing more than political rhetoric. His condescending hype and glory is now arrogantly apparent.

He might have entered his office with good intentions but, he is now destroying our Freedoms, one by one. And I assert that Obama's legacy, is headed to be that of a tyrant. Somebody, that wants to become a king or dictator, or at least— pave the way for some future king or dictator. The so called 'chosen one' — of the elite powers that be; who pull his puppet strings— since he is also — bought and paid for.

Ironically, he already invoked *executive privilege* as he is hiding behind a Freedom of Information Act (FOIA) Exemption in regards to the *Fast and Furious* gun walking plot. **And, laws are already set up to have a Dictatorship, when we have— The Planned Economic**

Crisis via FEMA - (Federal Emergency Management Act). To put it bluntly, he is a hypocrite who keeps on trying to ban the right to bear arms in America, while getting automatic weapons to drug cartels.

Remember back in history as our forefathers believed that— the right to bear arms would prevent a takeover by our government. And, history also shows— that before any government took over, they disarmed the citizens. Hitler did it, and before our Revolutionary War, King George told us to disarm - good thing we didn't! It should be by a law that All Americans own at least one fire-arm. We have to be prepared to fight for our rights if necessary!

Unfortunately, it looks like America as we know it, is about to get knocked on its ass by the one/two punch as Obama leads the way. It is all about *Power* and *Control* of the masses— *We the People* by the *Powers that Be*— *Corporations* and the *Special Interests* that own them. This is a major step towards the *New World Order* as they want total control of *International Trade* as well as the Authority to regulate and police the *Internet*.

Alas, “Lawmakers in Congress are just about to introduce a bill to hand over their own constitutional authority to debate and modify trade law. It’s called **Fast Track, or Trade Promotion Authority. (The First Punch)** It creates special rules that empower the White House to negotiate and sign trade agreements **without Congressional oversight**. Lawmakers won’t be able to analyze and change their provisions, and have only 90 days for an up or down, Yes or No vote to ratify the entire treaty. That means Internet and copyright provisions, buried in omnibus treaties, will get almost no oversight.”

“Tell your Rep to stand up for your digital rights and preserve our constitutional checks and balances in government.”

“The United States Trade Rep is in the midst of negotiating two major trade agreements: the TPP and the Transatlantic Trade and Investment Partnership, the EU-U.S. trade agreement. Both TPP and TTIP are multinational trade deals that will carry copyright and digital privacy provisions that threaten millions of users’ rights. **(This is the Second Punch)** Trade agreements carry these harmful provisions because the US Trade Rep has negotiated them with no credible public consultation. Instead, these agreements uphold the one-sided concerns of corporate interests who have little concern for how these policies will impact the Internet and our digital rights.”

“If instituted, the TPP’s IP regime would trample over individual rights and free expression, as well as ride roughshod over the intellectual and creative commons.” “If you read, write, publish, think, listen, dance, sing or invent; if you farm or consume food; if you’re ill now or might one day be ill, the TPP has you in its crosshairs.”

In summary, these are Secret Agreements and our government is willing to relinquish Constitutional Law in favor of International Law while doing business with International players, as we can say good bye, to the *Freedoms which we take for Granted on the Internet*. Also these agreements are the complete opposite of the Free Trade Agreements.

Obama’s drone policy, also has serious questions— that must be addressed in regards to international law, as thousands of civilians— in many parts of the world, including Iraq, Afghanistan, Pakistan, Yemen and Somalia, have been killed or seriously injured; because of the drone strikes that he actually ordered or sanctioned. It is an *International Human-Rights Violation!* He has *BLOOD* on his hands! In fact, the *United Nations* as well as *Amnesty International* and the *Human Rights Watch*; all want this insanity, the U.S. *Covert Drone War*— Stopped! Many of these *Drone Assassinations* are conducted by the *CIA*.

Can you imagine the audacity it takes to execute people intentionally, at will and without a fair trial; including— American citizens abroad? He should be brought up on *Charges of Murder* or at least *Manslaughter*, in an *International Court of Law*. Sooner or later, we will have to address these issues here in America too?

And then, there is the *Benghazi scandal*, another *CIA operation*; where four Americans, including Ambassador Christopher Stevens, were killed at the United States diplomatic compound in Benghazi, Libya, in September, 2012. CNN reported that dozens of people working for the CIA — were on the ground that night, and that the agency is going to great lengths to make sure whatever it was doing, remains a secret? Alas, that incident is also Hush! Hush! And what about PSYOP Arms for Libyan rebels which landed in the

hands of Islamic militants? Don't forget Obama ordered the bombing of Libya without seeking Congressional authorization?

There are reports that President Barack Obama's half-brother Malik (Roy) Obama is being investigated and in fact linked to the Muslim Brotherhood and that he financed them in Egypt with the support of President Obama's Administration. In fact, complaints have been filed with Egypt's Prosecutor General that call for Malik to be put on Egypt's terror watch list and brought in for questioning about his role in financing terrorism. Malik owns and runs two charity groups that are supported with American tax payer's money; the 'Barack H Obama Foundation' and the 'Mama Sarah Obama Foundation'. In 2012, the 'Barack H. Obama Foundation', received a very unusual retroactive tax-exempt approval determination letter from the IRS.

Where does that money go? Time will tell all as Egypt is hot on the trail of at least one of them. Wow — the IRS again?

And then, Obama wanted to bomb Syria? Thank God Russia stepped in and brokered a deal! Ironically, both the Syrian and Russian governments have blamed the Syrian rebels for launching the attack, calling it a False Flag operation designed to be used as a pretext to war. But why? Is there a lot more at stake other than the critical humanitarian issue? Is President Obama that gullible or is he in cahoots with the agenda as the bottom line is a war for control of the flow of Natural Gas? Guess what? American Special Interests are Banking on TAPI.

☞ SURPRISE

Essentially, statically speaking; TAPI – (Turkmenistan-Afghanistan-Pakistan-India) is a natural gas pipeline that has been in the works for about 20 years and is backed by our American War-Machine. It is nicknamed the *Arab Gas Pipeline* and it was originated by *Unocal*, an American company in conjunction with the *Saudi oil company* and developed by the *Asian Development Bank*. In fact, that is why we were at war in Afghanistan in the first place.

To learn about the transition in Afghanistan go to: https://www.cimicweb.org/Documents/CFC%20AFG%20Social%20Well-being%20Archive/CFC_Afghanistan_TAPI_Feb12.pdf

It is also a fact that in 2000, Iraq converted all its oil transactions under the Oil for Food program to euros. When the U.S. invaded Iraq in 2003, it returned oil sales from the euro to the USD. The Oil-for-Food Program (OFF), established by the United Nations in 1995 (under UN Security Council Resolution 986) was established to allow Iraq to sell oil on the world market in exchange for food, medicine, and other humanitarian needs for ordinary Iraqi citizens without allowing Iraq to boost its military capabilities.

The IRAQ War was fought to Protect the Power of the Petrodollar! They tried to make an example out of Saddam Hussein; a warning to back off and don't mess with the Almighty Petrodollar but, it back-fired. **Unfortunately, the rest of the world is waking up as the US Dollar is toxic.**

Many countries are fighting vigorously to remove and or under-mind the petrodollar. Iran, Venezuela, North Korea and Syria are against the Petrodollar and have been labeled as the 'Axis of Evil'. Venezuela,

Iran, Brazil and numerous other countries; are now doing business and avoiding the dollar in bilateral trade. In fact 13 countries are now members of an organization known as GECF. America is not a member? Check out their website at:

<http://www.gecf.org/aboutus/about-gecf> .

Accordingly, "...the Gas Exporting Countries Forum (GECF) is a gathering of the world's leading gas producers and was set up as international governmental organization with the objective to increase the level of coordination and strengthen the collaboration among Member countries.

GECF also seeks to build a mechanism for a more meaningful dialogue between gas producers and gas consumers for the sake of stability and security of supply and demand in global natural gas markets.

In accordance with the GECF Statute, the organization is aiming to support the sovereign rights of its Members over their natural gas resources and their abilities to develop, preserve and use such resources for the benefit of their peoples, through the exchange of experience, views, information and coordination in gas-related matters.

The Member countries of the Forum are: Algeria, Bolivia, Egypt, Equatorial Guinea, Iran, Libya, Nigeria, Oman, Qatar, Russia, Trinidad and Tobago, United Arab Emirates and Venezuela. Kazakhstan, Iraq, the Netherlands and Norway have the status of Observer Members..."

How much longer will the US Dollar be the global reserve currency?
How long before the Gold Standard is forced to be brought back?
Syria is a major factor in the destiny of the 'Petro-dollar'.

☞ SURPRISE

Unfortunately our Military has been utilized in the Name of Profit for the Big Oil Tycoons and Saudi Arabia. It operates to advance Special Syndicate Interests. Our soldiers are dying as American Blood is sacrificed for natural resources. But we don't need Syria's Natural Gas. In fact we have more natural gas in America than anybody else in the world.

Ultimately, *Syria is the Final Crucial piece of the puzzle*— that will make the oil executives a whole lot richer. Ironically, Syrian President Assad **rejected the Arab Gas Pipeline** as he wants no part of their dealings. In fact, he is working with Iran and Iraq and even signed an Iran-Iraq-Syria pipeline deal nicknamed the Islamic Pipeline. Thus there are two natural gas pipelines competing to be completed in Syria. That is the major reason for their civil war as well as control of Sunni verses Shiite points of view / issues.

How does Russia fit into the picture? Russia would love to see this civil war go on forever as she supplies most of her natural gas throughout Europe and is getting rich in the process since she has no real competition. Eventually one of the two natural gas pipeline will be built and Russia will have competition as the proposed pipelines are both designed to connect directly underwater to Europe. So in the meantime Russia brokered a deal to back the Islamic Pipeline in exchange for a piece of the profits.

As it stands now, the Arab Gas Pipeline is shit out of luck. It will have to ship its natural gas via tankers to Europe. Time will tell, but I bet the CIA comes up with something to overthrow President Assad. Especially since a lot of money is at stake.

News Flash / updates: Top Syrian Army General Killed in Battle— Maj. Gen. Jameh Jameh was killed in the provincial capital of Deir el-Zour. He was shot by snipers in the midst of a battle with rebel

units which included some forces linked to al Qaeda. General Jameh was head of military intelligence. Stay tuned!

Update:/ 10/31/13 – “CBS News has photographic proof that Iran’s elite Revolutionary Guard is engaged in combat alongside Syrian government forces to put down a popular revolt that began two-and-a-half years ago.” And according to The New York Times: “BEIRUT, Lebanon — Syria’s ability to produce chemical weapons has been destroyed and its remaining toxic armaments secured, weapons inspectors said Thursday— 10/31/13, as President Bashar al-Assad has offered unexpectedly robust cooperation, at least so far, with a Russian-United States accord to dismantle his arsenal.”

Update: 11/1/13 – “Israel has reportedly bombed a Syrian base to halt an arms shipment to Hezbollah, while the international Syria envoy said on Friday there could be no peace talks without the opposition.”

Things seem to be heating up in spite of the progress on the chemical weapons? Everybody wants their share of the Natural Gas. And, unfortunately, that is the real reason why America wants to get involved in Syria. The Corporate War Machine wants its share of the profits. *And yet, No-body mentions or questions this real reason for the civil war in Syria? Are they all that dumb? Believe me, both the politicians and the media know what’s going on but they keep it hush, hush? It is but a Testament to the Powers that Be. Again, thank God for the Alternative Press! God Bless Coast to Coast AM!*

☞ SURPRISE

The plot thickens, early March, 2014; Russia and Ukraine are at the brink of war but, does that surprise you? Coincidence? Retaliation? Payback! Remember, Russia is Europe's biggest supplier of natural gas. It provides about 30% of Europe's natural gas, half of it goes through Ukraine. The total output is worth about \$100 Million dollars a day to Russia; about 3% of its gross national product (GNP).

It's all about the money —Global Positioning, Leverage. Russia put the screws to the USA and stopped us from invading Syria because it doesn't want any more competition selling natural gas to Europe and now, the Powers that Be, are putting the screws to Russia. It is one big chess match. Go Figure!

Ironically, the Crimean peninsula, which is the main flashpoint in Ukraine's crisis, was a gift to Ukrainians; from Soviet leader Nikita Khrushchev way back in 1954. Back then, it didn't matter as Ukraine was part of the Soviet Union. But when it broke up in 1991, Ukraine became an independent country.

Today, it is still a pro-Russia part of Ukraine and, it is separated from the rest of the country geographically, historically and politically. It also hosts Russia's Black Sea Fleet and its thousands of naval personnel. Ukraine has accused Russia of invading it. Russia fears that pro-Western Ukrainian President Viktor Yushenko will evict its Black Sea Fleet, which protects its natural gas.

Now, with thousands of heavily armed Russian troops occupying Crimean, an overwhelming majority of Crimeans voted on March 16, 2014 to secede from Ukraine and join Russia. Western leaders are outraged and declared the public referendum illegal and vowed to punish Russia with economic sanctions. Russia's Vladimir Putin is waiting to annex and welcome the Crimean Peninsula, including Sevastopol; back to Mother Russia with open arms.

Beware! Author Bruce Coville warns us that: “*Withholding information is the essence of tyranny. Control of the flow of information is the tool of the dictatorship.*” And, Sir Winston Churchill before him warned: “*Those who fail to learn from history are doomed to repeat it.*”

It is time to put a stop to this bullshit! To paraphrase Gandhi: ‘Enough – We Too have had Enough already!’ It is Time to Get Dedicated. It is time to Resurrect America. It is time to Redefine American Values! There is Strength in Numbers. United on Common Ground, We Can Restore — ‘The Power to The People’ and preserve the Future of Our Country. Presently, our Rights and Freedoms are dictated and manipulated by the Powers that Be because of Special Interests via the Almighty Dollar. Unfortunately, the American Dollar is dying as are our Rights and Freedoms?

Intuitively, man knows right from wrong. Naturally as well as rationally; most of us long for *Love, Peace and Harmony*. However, some people are purely evil. Unfortunately, we have been manipulated by a toxic cultivated atmosphere of corporate greed and corruption as ***TOLERATION*** — manifested into our own ill rational reality which resonates today, as I write this. Alas, former President Jimmy Carter recently stated at an Atlantic Bridge meeting on July 16, 2013 “... we have a non-functioning democracy in the USA.” Ironically, Pogo realized: “We have met the enemy and he is us.” Bingo!

Again I must emphasize that Ignorance, is not Bliss. Silence only fans the flames of dissent. We created this mess by omission, by doing

☞ SURPRISE

nothing to stop it. Thus we, ourselves — collectively, are our own worst enemy as we are to be blamed for this insane world that we live in. This corrupt system of injustice and the Rule of Unconstitutional Law — Here in the United States! And, we are surely headed for a Police State if we don't act soon. Believe it or not, **“only 3% of Americans supported the Revolutionary War, and we won that war. We can win this war too, but only with your help.”**

Alas, when ignorance is ignored, stupidity is justified. But, ignorance is a poor excuse. To paraphrase William Shakespeare: *“Men at some time are masters of their fates. The fault, dear Humans, is not in the stars, But in our collective stupidity.”* Unfortunately, *Stupidity is Dangerous.*

On the bright side, fear not; yes we are in fact the enemy but, we are also the solution to this problem as ‘Hope springs Eternal’. The Spirit of Hope was the last thing out of ‘Pandora’s box of evils’. Unfortunately, Wishing and hoping won’t solve this mess. Get involved. Arise and claim your Divine inheritance. The time is now as destiny awaits our command.

CURIOSITY is our inherent inspiration! Inquire! It is our duty to proceed and challenge Anti-Humanity. We must ask—Why? And—Why Not? Reason Being What? Who? Where? When? What for? What If? What can I do to HELP? Listen to Your Voice of REASON! And, Trust your Conscience.

It is Time to WAKE UP!

It doesn't take a rocket scientists or brain surgeon to figure out that Something, AIN'T RIGHT. *Stupidity is but, Food / Fuel— for THOUGHT.* Contemplation! Psychoanalyze the situation. Denial is equivalent with appeasing the Powers that Be, en route to ‘The New World Order.’

You Gotta KNOW That Something Ain't Right? *How Can You Deny the Un-Deniable?* Unfortunately, both the main stream media, and our politicians act like they are brain dead? They walk around daily, like Sergeant Schulth? *They Ignore their Fiduciary Duty to We the Little People?* They Hear Nothing? They See Nothing? They Know Nothing?

But Many Things Are Wrong Because Of Their Denial (*Selective Stupidity*). They are Sacred of the Powers that Be? ***But, Our FREEDOMS Depend on their Ability to Perform Their Jobs with INTEGRITY! Why are they so afraid? Is there a Shadow Government; a Government above our U.S. Government— the 'Dark Side of American Power'?***

We have the right to be informed. The Free Press is supposed to keep an eye on all the politicians and hold them accountable for their actions! We should be able to Trust our leaders. But how can we Trust politicians that violate their oath of office and the U.S. Constitution itself? We have a right to question their authority. We should not be afraid to question their authority. ***Blind Obedience befell many a nations.***

We are literally at a crossroads and the choice is ours; Freedom or Economic bondage as Military oversight and surveillance via a Police State? Destiny awaits your command, my command, United — Together; Pro-action to the Promise land via Due Diligence; the Preservation of Humanity! ***Trust Your Intuition!***

Dare to know the Truth as the Spirit of Truth will set us Free! Dare to care. We are All Connected! Everything Matters! 'Seek and you will find'. 'Ask and you will receive'. 'Knock and the doo will open'. Service is Divine. Serve mankind In the Name of Humanity. We are

☞ SURPRISE

all instruments of God. United Together, In the Name of Love, Peace and Harmony; we are the HOPE; that we Hope for! Amen.

Ultimately, it is Time for a Change. A time to reinvent American Core Values. The fate of our country is in our hands. I have been laughed at and called a radical liberal but, I am a Proud Liberal as people all over the world are waking up. That is our job— to Enlighten each other. Perhaps John F. Kennedy summarized it best when he asked: “What do our opponents mean when they apply to us the label “Liberal?”

“...If by a “Liberal” they mean someone who looks ahead and not behind, someone who welcomes new ideas without rigid reactions, someone who cares about the welfare of the people — their health, their housing, their schools, their jobs, their civil rights, and their civil liberties — someone who believes we can break through the stalemate and suspicions that grip us in our policies abroad, if that is what they mean by a “Liberal,” then I’m proud to say I’m a “Liberal...”

John F. Kennedy

September 14, 1960

Subsequently, I am challenging All Americans, especially our servicemen, servicewomen, veterans, collage students and parents to stand up and unite to ensure our Civil Rights as well as our Human Rights via B4HEART. Speak out and Protest when you see social injustice or civil injustice. Social disparity and inequality between the rich and the poor has to be addressed eventually.

It is time to set a Precedent, a Policy that— We Will No Longer Tolerate Any Immaculate Deceptions –National Disgraces— Without Consequences! It is Time to Let Our U.S. Government

Know that: “We’re MAD AS HELL, AND We’re NOT GOING TO TAKE THIS ANYMORE!” It is Time to Investigate and Reopen All Cases that were Squashed by the Powers that Be; including the Deaths of JFK, RFK, Dr. King, as well as 9/11 and the Bush / Cheney Crimes— against Humanity, etc.!

Enough Is Enough! They Can’t Hide Behind the Pretense of National Security, in the Name of National Security Act; just to Protect their System of Evil as they Squash the TRUTH— Forever! Eventually, the Truth Will set us Free. And the Truth is that many a Corporations are Securing their Bottom Lines, at the expense of U.S. taxpayers, We the Little People? They Perpetuate the U. S. National Debt via Wars.

A New World Order is on the horizon. A ruthless multi-international corporate conglomerate of monopolies, now utilize the U.S. military might, to enforce their policies and police the world. Ironically 60% of the new military recruits are not even citizens of the U.S.A.? Yes our government is recruiting in foreign lands. It is a recipe for disaster. This fact as well as the practice of the United Nation’s military forces, training in the U.S. A. and, the Federal government buying all those rounds of Ammo; is a scary thought.

The Powers that Be, learned from the Vietnam War; that the U.S. citizens won’t tolerate an unjust war. Moms and Dads get mad and the college students would protest. The parents of foreigners can’t complain as loud as American Moms, when their child is killed in action.

The Powers that Be, don’t want— We the People, to make waves and destroy their Economic Empire before it’s completed; a Global Regime of Pirates. They are heinous, cruel, and irresponsible people that lack reverence for Humanity. Unfortunately, this small elite,

☞ SURPRISE

with its wide powers, including the power to dumb-down its citizens via a process of DENIALIZATION, is insidious.

They dazzle ‘We the People’ with bullshit, like magicians distract and misdirect their audiences, to believe in their phony magic. These elites want us to believe that everything is A-OK like some fairy tale. Thus pacifying us as, they manage to portray a *Semblance of Freedom*; so that they can maintain their power and control over us. Their Ideology is evil, as IDIOTOLOGY is their goal.

Unfortunately, “*there is tranquility in ignorance, but servitude is its partner.*” Ultimately, Truth is akin to Cool as both are Repulsive to the Un. But, when Ignorance is— Ignored; Stupidity is— Justified. Alas, Albert Einstein warned:

“The world is a dangerous place to live, not because of the people who are evil, but because of the people who don’t do anything about it.”

‘Good Grief’ America? This is No Joke! Wake up students! It is your Country, it’s your Future that is at stake. You will become a Slave to your Student Loan! Speak Out! “Love, Peace, Stop the Wars!” B4HEART! *God Bless the Hippies!*

Discontent is Brewing, as so many American citizens are unemployed. Far too many are only working part time, which will be the new status quo; if the corporations get their way. Unions are needed to keep the corporations in check.

Alas, we are on the brink of an economic disaster and, America won’t be able to sustain or maintain its financial burdens with so much disparity. Can’t you smell— *Economic Bondage*? Think about it: We the little People— Slaves. It’s just a matter of time; if we don’t ACT!

It is time to take our country back, before chaos erupts. We have to close the 'Revolving Door,' and put a stop to the BRIBATIZATION of American Politics! People can only tolerate so much for so long. It is time to take our government back. It is time to put an end to all of these unjustified wars in the name of profit. It is time to reinstate the draft in America. Not for War, but to Restore our infrastructure, our railways, and teach our young men and women a trade. I was a high school dropout and the U.S. Marine Corps taught me about computers in 1973.

It is time to eradicate hunger in this country. It is time to eradicate hunger World-wide! It is time to stop the *Corporate World*, from getting rich off— All the Blood, Sweat and Tears of ALL of *We the LITTLE PEOPLE of the WORLD!* It is time to get the American Dream back on track for all Americans. It is time to RESTORE— Honor, Dignity, TRUST and Pride in America! It is our Duty and Obligation. And let us not forget that the World's Greatest Natural Resource is our Children. They are the Future as HOPE is passed onto them.

Ultimately, I submit to you that:

Our Children Are Our Future

Synopsis

Two cousins, Chi and Jimmy, spend their summer vacation on their Grandpa's farm in Western New York and get the surprise of their life. It is a defining moment as they get enlightened, thanks to Oouey via B4HEART — Humanity Envisioned And Realized Together. For Oouey Gooley is a simple worm with a simple plan — Love!

He believes in miracles as he pursues his dream! He is but a blessing in a state of grace who, is opposed to drugs and devoted to peace. As an ambassador of hope and goodwill, he knows that 'Children', are out 'Future' and that 'Hardcore Rap Music' as well as aggressive video games and the glorification of acts of aggression portrayed via our main stream media; TV, movies, etc; have robbed us of a 'Generation of Progress', via violence, anger and hatred.

His mission is to start a revolution, a spiritual revolution to save mankind from greed, poverty, hunger, drugs, and corruption in the 'Name of Humanity'. Intuitively, Oouey believes in a spiritual evolution — that someday mankind will in fact, be enlightened as we evolve to a higher state of 'Moral Consciousness'.

He is not a democrat or a republican but an Earthling with a wife named Olga and twenty-three offspring. They live in the ‘Rose Garden’ in Delaware Park in Buffalo, New York. Oouey has a motto which he adopted from ‘Peace Pilgrim’; *“To Overcome evil with Good, falsehood with Truth and hatred with Love.”*

He wants to spread these words-of-wisdom, world-wide; via dialog and interaction. But, Oouey needs your help? So, spread the word to all of your friends about his mission and his website!

Chi and Jimmy make a pact and take a vow with Oouey. They promise to B4HEART. The three of them— *Declare War* on the ‘Drug Epidemic’, ‘Poverty’, all forms ‘Bullying’, ‘Greed, and ‘Corruption’, which are infecting our cities, schools, the entire country and ruining families as well as individual lives; via — www.B4HEART.com

This is the first in a series of Spiritual Enlightenment for the whole family, with work progressing quickly on the follow-up. It carries a ‘Message of Hope’ as it presents an opportunity with interactive substance, to make a difference; if you are willing to accept the challenge. It is both captivating and compelling as it demonstrates family and social values, little lessons in life.

‘Surprise’, will move and inspire both child and parent as it entertains the simple joys of life — Fun; Nature — fishing, horsing around and worms; which leads to the ultimate surprise as Oouey prepares to make the world a better place for all to live in! Never underestimate the element of ‘Surprise’.

About the Author

Robert James Karpie is a student of the human condition, wielding the written craft to enrapture the mind much like an artist wields a brush. The pages are a blank canvas on which to draw from a talent heralded by many and matched only by an imagination that rises to the task. *‘Surprise’, is but a fantastic journey from dream to inception, with persistence, faith and gosh darn guts!*

Beacon in the Night

By Robert James Karpie

As the complicated currents of *Life’s* turbulent waters brew and blow the stormy situations through the winds of *Time* upon us; we weather forth through the *Sea of Destiny* on *Faith*, like a ship guided by a beacon in the night. The signals are there, *‘seek and we shall find.’* The course is set, it may get rough. But as long as we follow our Heart — to *** *‘overcome evil with Good, falsehood with Truth and hatred with Love’*; we can’t get lost. Cause *God is shining upon and within us*, like a *Beacon* in the *Night*. So; *shine on, fear not and behold the good tidings of great joy*, as even *Death*, is a *Personal Privilege— along our journey*.

Preface

A little background: This book, *Surprise*, was inspired by the following story.

When I turned twenty-five, I had an epiphany, as I was sickened by what I was seeing in this world. It has been said that the world is a comedy to those who think and a tragedy to those that feel. Disgusted by inhumanity, I began expressing my thoughts on paper. I rattled on and on as if to clear my conscience, and I felt sorry for all mankind — humanity as a whole.

Unfortunately, nobody really cared, as most people are lost in their own little world with their own personal problems. In fact, some of my friends and family laughed at me like I was insane. Perhaps, I must admit, my writings were pretty bad, but with persistence, I managed to find my ‘Muse.’ I came to realize that mankind as a whole was a living bible, unfolding in time.

Ironically, I had to admit that we, all humans are little devils, as ‘evil’ is but ‘Live’, spelled backwards. Everybody is guilty. ‘Devil’ is merely ‘Lived’, spelled backwards. It’s a matter of wrong living. Ultimately, thanks to this epiphany, I view life as a matter of perspective and understanding, precisely — ‘Attitude’, ‘Attention’ and ‘Awareness’.

I concluded that we all hold destiny in our own hands via our actions as a whole; good actions verses evil actions. We could actually be little gods if we were willing to do angelic deeds. I was determined to make a difference, and share my insights but I didn't know where or how to start since nobody wanted to read the junk that I was writing. Thus, I would pray at night in bed for guidance; which led to 'The Dream'.

The Dream

One night, my thoughts were rambunctious as I fell into dreamland — lost, astray, deep in a dark, enchanting forest. Confounded by doubt and fear, I chose to flee from our world, since it was so cruel and corrupt. Drifting away, running scared, angry, confused, bewildered, and yet entranced by this mystical woodland, I shouted out loud — “Why, God? Why?”

Suddenly, I saw an incandescent light, particles of hope, dancing, peeking through the thick trees ahead of me. Curiously, I anxiously hurried toward that radiant area. The closer I came to this brilliant glow, the brighter it got.

Finally, I was out of the woods as I reached my focal point in a most beautiful Garden of Ether / Eden, which I could have never imagined. Astonished, as I assimilated my attitude, attention, and awareness, I knew that I was on Sacred Holy Ground, some harmonious realm — ineffable paradise.

Spellbound, I fell to my knees — mesmerized, amazed, overjoyed, and in a state of awe, beyond pure contemplation — exultation. Embraced by an exuberant feeling of Pure Perpetual LOVE —divine chemistry — I melted in rapture as I felt the presence of Sacred Holiness. My heart beat in tune with overwhelming yet soothing, soft music — bliss, which hailed from the Ultimate Divine.

Nonchalantly, I looked up into the sky, and there she was, totally refreshing and as clear as the full moon entertaining the darkest night; the Virgin Mary, Mother of Jesus, hovering amongst a cloud, floating closer and closer toward me. She was so beautiful, so immaculate — a bare testimonial of the absolute as a luminous white aura surrounded her completely. In fact, she looked as if she were made of light.

Ambushed by relentless peace, happy tears rolled down my face. Her elegance was so bright that I felt unworthy to look at her. I turned my head away. I wanted to stare, but I couldn't until she assured me; "Fear not, relax. Your heart is pure and you may look as your eyes won't hurt."

Ironically, she did not talk. Our minds — in fact, our thoughts — were engaged in communication as if by some visible sound waves, vibrating, emanating, and attracting and exchanging together as if magnetized. Mental telepathy!

She smiled and told me, "Your thoughts are true to your heart, and what you're thinking is right and just." Unfortunately, she warned, "time is running out, but the world isn't ready yet. Be patient. You will know when the time is right," she assured. Then she quoted Apostle Paul; "Proclaim the Word; be persistent whether it is convenient or inconvenient...for the time will come when people will not tolerate sound doctrine."

She finished by encouraging me to do my 'Duty' in the Name of World Peace and Humanity. "Soon," she promised, "the World will be Ready, Willing, and Able as it is Desperate for Love; so Follow your Heart and Live your Dream!"

Overwhelmed and excited, in a state of ecstasy — an emotional overload of pure high — I awoke with water in my ears and salt in

☞ SURPRISE

my mouth. I wiped the tears from my face and gently shook my wife to wake her up and tell her all about my Blessed Experience. Half asleep, she replied: “That’s nice,” and rolled over — back to sleep.

I was more determined than ever to make a difference. I realized that I couldn’t run away from the troubles of the world any longer. Denial is evil. Denial is ignorant. I must rise to the occasion. I visualized Peace on Earth, in my mind’s eye and vowed to do my best. It took a while but at last, I found my inner child — ‘Oouey’ —and I am determined to utilize him in the Name of Humanity to Spread the Word.

Shortly before that dream, my wife and I were with some friends at a flea market. I spotted an old painting; actually it was a beautiful lithograph of Baby Jesus and Mother Mary. It was lying on the floor in some corner. It was framed, but the glass was broken. I bought that old picture for \$3.00. I hung it on my bedroom wall, as it inspired me. Over thirty years have gone by, and it is still my inspiration.

Ye of Little Faith, thanks for the inspiration; for without your doubt, this book would never have happened.

This is the Painting that Inspired the Dream!

And the LORD God said, “Behold, the man is become as one of Us, to know good and evil; and now, lest he put forth his hand, and take also of the tree of life, and eat, and live forever...”

Dedication

As life goes on, we live and learn how bittersweet it can be. Sometimes we get so lost in everyday living that we take it for granted? But we come to realize how much certain people mean to us as life is so precious. When we lose one of them, it is oh so painful. Therefore, I am dedicating this book to three such people who surely and clearly meant the world to me...

To my Father, James Karpie; who taught me the meaning of *Love*. To my son, William James Karpie, who committed suicide at the age of sixteen in 1990; because he got into some trouble, was caught and he didn't want to rat-out an older friend of his. Unfortunately, he never got to know how much I truly Love him. And to my brother Dave; who was as close to me as two brothers can be; when we were growing up.

I Love and Miss All of You So Much!

The Legend

It all started way, way back in the so-called ‘Garden of Eden,’ with Adam and Eve, who Oouey’s Greatest Granddaddy, Ebenezer Worm (whose name implies Divine Help or Deliverance) tried but failed to warn and enlighten. For he attempted to prevent and later conquer evil as he stuck his neck out of ‘The Apple’ and shouted; “Excuse me, Madame,” just before the ‘Original Sin’ or first bite.

But, Eve was so intoxicatingly engrossed, so enthused and relished in the process that she didn’t notice or see him, and she almost bit Ebenezer’s head off. In fact, Grampa Gooey was too slow, and he lost his tail in the inevitable act. Thus, ‘Curiosity’ is the ‘Original Sin’ that led to the ‘Logical Fall of Mankind’ per ‘Choice’ or ‘Free Will’.

Some say it was a miracle that he didn’t lose his life in this historic event. But, perhaps God did have mercy on poor ol’ Gramps since he was on a sacred mission, actually trying to warn both Adam and Eve with a slice of advice. For he knew of God’s little secret. He knew that if man indulged in the ‘Apple of Good and Evil,’ then man must also partake of the ‘Tree of Eternal Life.’

✧ SURPRISE

Unfortunately, since he didn't succeed in averting the misdeed, evil manifested, and Grampa grew aghast. To make amends, he spent the rest of his life trying to get both Adam's and Eve's attention. But, they were too proud and salacious to listen as evil persisted and escalated.

Thus, on his deathbed, in front of his entire family, he made them all promise and take a solemn vow to erase evil and pass the word on to their offspring. Hence, Oouey believes that he was deemed by fate as a duty to fulfill his Greatest Grampa's death wish — to avenge the 'Logical Fall of Man.'

Planting Seeds

Chi and Jimmy are inseparable cousins who fight like cats and dogs. “Typical!” That’s what Pa always says. “Brotherly Love; God help anybody who messes with one, when the other is around. They’ll take on the world when they become teenagers as a force to be reckoned with.”

Pa is proud of his two grandsons. They have been spending their summers with him since they were two and a half and three, five years now. The little “Tigers” are six months apart, and the older they get, the more independent they become. Sometimes they think they know everything about anything.

Sometimes Pa calls them “Smarty-pants.” That is his way of getting their attention as he tries to get his point across; food for thought. Pa believes in teaching by example, but he also makes it fun and interesting as he inspires a positive attitude.

Sometimes Pa will instigate trouble just to get Chi and Jimmy mad at each other so they wrestle and toughen up. But, watch out if he just picks on one. It is a sight to see as they gang up and tackle him.

☞ SURPRISE

Pa just laughs it off as he teaches them the secret of push and pull, as well as pressure points. After all, Mr. Gravity is a major force to reckon with, when it comes to self-defense. From experience, Pa has the battle scars to prove it.

The boys love their Grandfather, and he adores them. It is a mutual respect. They all vowed to stick together as Pa taught them the values of loyalty, trust, honesty, and teamwork. “In Life”, Pa exclaimed: “you have to Prove Yourself and Earn Trust and Respect as your Word is Your Honor!”

Pa always preached, “Count your ‘Blessings’ and be ‘Thankful’ as success is overrated. Your health, family, and friends are precious, and ‘Love’, is the essence of life. Love is Sacred. Love is Divine. God is Love!”

Chi and Jimmy agreed with Pa. They always agreed with him, even though half of the time they didn’t know what he was talking about. Gramma would just shake her head in disbelief. “They’re only kids!” she would remind him.

But, Pa knew what he was doing. He was just investing in the future via his procreations. Pa was making a difference in his own way. He knows that children are our greatest natural resource, the key to humanity.

“Eventually, it will all sink in,” he would snap back at Gram, his wife. For Pa knows that they are little sponges that absorbed without thinking. He was just planting seeds.

After all, he was a farmer. It is a right-brain thing as children are in tune with the infinite. Their innocence is not yet corrupted by logic. He was merely laying a foundation as he set the standards. Intuitively, Pa has a dream; and his offspring are extensions of that dream en route to destiny.

“Someday,” Pa predicted, “mankind will believe in God, himself, and each other! But until then, we will never have ‘World Peace’. Trust and cooperation are both vital to the cause.”

He only hopes that he lives long enough to see his dream come true. He is determined to give guidance, direction and moral support for his cause, a solid foundation. Together, Pa knows that he and his two grandsons can make a difference as every little good deed helps.

Thus, Pa taught the boys his Marine Corps motto — Semper Fi (Semper Fidelis or Always Faithful). He assured them that if they were faithful to God, themselves and the rights of others; then they would be doing their part to make the world a better place for all to live in.

“Far too many worry about their own rights and forget their responsibilities to others? We have moral obligations!” Pa was adamant.

Both Chi and Jimmy wanted Pa’s dream fulfilled, so they vowed to do their best. Pa encouraged the boys to follow their dreams. “If you believe,” he assured them, “you’ll achieve! Never underestimate the Power of your ‘Dreams’! Focus and set your goal; desire and intent are the keys to turning them into reality!”

“Faith is your ‘Inner Strength’. It’s better to live your dream than dream it!” Pa explained that all of us have a purpose in life. “Find a need and fill it! Define your purpose, and proceed with passion!”

“I want to be an astronaut!” Chi exclaimed.

“And I want to be a superhero!” Jimmy interrupted.

☞ SURPRISE

“Go for it!” Pa inspired their confidence. “Perseverance, persistence! Never give up. ‘No’ and ‘Rejection’, are but facts of life; small obstacles that you can overcome. Sometimes, you gotta try a little bit harder! Adversity; makes you stronger. Be prepared! Always do your homework. Keep your ears and eyes open as well as your mind and heart. Everybody is born with potential!”

“Pa...pa...potential?” Jimmy stuttered, all confused with a puzzled look on his face.

“Potential, Jimmy.” Pa and Chi laughed as he corrected him. “It means possibilities. We all have talent, but everyone must find his own passion, his burning desire, his very reason for being.

“Unfortunately, far too many go through life bewildered, lost in hurry and worry, all confused as life can be so overwhelming. Sometimes they get sidetracked by jealousy, envy, or regret as they feel sorry for themselves.”

“Me and Jimmy thought we were lost in the woods once,” Chi interrupted, “but you fooled us, as you were watching all the time.”

“Yeah, it was scaarry,” Jimmy agreed. “I thought I saw lions, tigers, and bears.”

“Yeah,” Chi agreed. “Spooky, we felt sorry for ourselves!”

“That’s my job, to keep an eye on you two boys, but you better be careful, as I can’t be there all of the time,” Pa warned. “Sometimes life can seem scary, but you must learn to overcome your fears. Sometimes your imagination will play tricks on you!”

Both Chi and Jimmy shook their heads in agreement with Pa as they felt brave at that moment.

“Sometimes,” Pa continued, “life will sneak up on you and bite you on your behind. Sometimes it will knock you on your behind! Unfortunately, shit happens.”

The boys giggled since Pa swore but, he continued anyway; “When shit happens, just deal with it. When ‘Grace’, happens, enjoy it! If and when you get knocked on your ass, just get back up and try, try, try again. A ‘Little Humbling’, is ‘good for the soul; apply yourself, ‘Perseverance’!”

“Persir, what?” Chi was lost.

“Learn from your mistakes.” Pa enlightened. “Life is full of disappointments but, don’t you become a disappointment. Don’t take life for granted. Life is full of surprises. You never know what you can accomplish, discover or learn until you try.”

“You must remember that there is always ‘HOPE’. Nobody knows what tomorrow will bring. Have ‘Faith’, be ‘Patient’, be ‘Ready’ and never underestimate or doubt your ‘Ability’! Be true to yourself. If you give up, your dream dies.” Doubt is a curse; it kills dreams.”

Chi and Jimmy promised to try to remember what Pa had told them as he tucked them in bed and kissed them both good night. Then Pa reminded them of what Jesus professed: “Seek and you will find, ask and you will receive, knock and the door will open.”

Pa got up — off the bed to turn the light off. They exchanged good-nights, again. He smiled as the boys giggled and goofed

☞ SURPRISE

around as he was about to leave the room and encouraged: “Pleasant Dreams!”

Suddenly, Jimmy sat up straight and asked; “Pa, is dre... dre...dreamland re...re...real?”

Pa laughed as he sat back down on the edge of their bed. Then he replied, “Dreamland is as real as life itself, but it is a ‘Magical Place’. It is more important than we can ever imagine as it deals with our inner nature. In fact, ‘Dreams’ have fascinated artists, puzzled scientists and laymen since the beginning of time.

“Why do people dream”, Chi asked curiously.

“We all have ‘Dreams’ and we all dream”, Pa answered. “It is definitely a natural phenomenon but nobody knows why for sure. It has something to do with our subconscious awareness and memories. Dreams are a source of ‘Secret Knowledge’. They hold lessons, provide insight and have produced source material for some of Humanity’s most magnificent creations.”

“Your Gram’s sewing machine is the result of a dream and Shakespeare wrote about his dreams. Thomas Edison used his dreams to work out details of his inventions and, at least one dream was responsible for a Nobel Prize. All dreams carry a message, even a nightmare. Frankenstein was inspired by a dream as the author Mary Shelley, dreamt about ‘It’ — ‘Frankenstein’.”

“Wow!” The boys were amazed.

“In dreamland, you are in charge of your dreams and you can dream about anything you want to. You can be anybody or anything that you want to be. Dreams can seem surreal and/or bizarre. They can spark the inspiration of your imagination via

images, sounds, ideas, emotions and sensations as you connect with the unconscious. It can actually effect both you conscious and sub-conscious minds as all of us humans, have two minds. ”

“In dreamland you dream your dreams. But in life, if you ‘BELIEVE’ and work hard at it; you will ‘Live’ your ‘DREAM!’” Pa was adamant and then, he told the boys about his ‘Blessed Dream’.

They were surprised! They knew that he had ‘A Dream’, but they never heard about ‘The Dream’! When Pa finished, Chi and Jimmy were both amazed as they pondered and drifted off into ‘Dreamland’.

Family Tradition

Gram knows how to get Pa's goat, really make him sort of mad. She has a bad habit, like most Grams do, as she will always rescue the boys when they get in trouble. Pa just shakes his head and walks away when that happens.

"Accountability, accountability, accountability," he would shout back. Pa knows how to influence and he knows that discipline starts at home. But, so does Love, understanding, care, concern, respect and trust. Thus, he believes in both discipline and self-discipline. He practices what he preaches. "You guys are responsible for your actions. You must pay the consequences!"

Gram would smile, and the boys would giggle in an effort to butter him up. But, if Pa was real mad, he'd call them a couple of 'sissies,' and they knew to shut right up. Even Gram knew that that was when he meant business. For when Pa was serious, it was best to let him cool off by himself.

As usual, he'd head for the old barn and indulge in his cider barrel. He was proud of his orchard, and he usually won the cider competition at the State Fair. Cider making was his hobby, and he savored every drop. In the winter, Pa and Gram would drink

hot cider laced with cinnamon, together with cookies laced with ‘Love’, by the fireplace.

The boys couldn’t stand it when Pa was upset, so they always gave him about fifteen minutes to unwind. Then they would creep into the big ol’ barn and hide. They knew that Pa would forgive them. He always did.

Pa would pretend not to see them. Usually, by then he would just be finishing his mug of cider and then go to the spiracle to get some more. For some odd reason, that barrel never went empty, but Pa would always complain.

“Who was drinking my cider?” He’d scratch his head and bend down on his knees to watch it pour out. “Somebody has been drinking my cider. Just look how slow it is pouring out!”

The boys couldn’t help but laugh out loud, as they couldn’t wait to play their little game. They would stumble out like two drunken sailors, and Pa would charge at them, and they would whip him.

Gram was always in the doorway of the barn, shaking her head in disgust as she didn’t like the idea of them imitating alcohol. “Relax!” Pa would always try to calm her down as he went to his cabinet to get three more mugs — one for Gram, one for Chi, and one for Jimmy.

Pa would then pour the drinks as everybody giggled in anticipation as he passed them out, one at a time, and asked, “What shall we toast to?” The boys couldn’t wait to shout “Gramma!”

Poor Gramma is famous for her Toot-Toot, and the boys never let her forget it. Neither did Pa as they all cheered, “Tooty-Tooty Gramma!” It is a ‘Family Tradition’.

☞ SURPRISE

Gram would graciously laugh and smile. She has a ‘Great Sense of Humor’. After all, she always insists that laughter is a beautiful thing; especially, if and when you can laugh at yourself honestly.

Pa and the boys Love their Gram. She is a good sport and besides, she is an expert when it comes to picnics, mud-pies, butterflies and kite-flying. She knows all about the birds and the bees, honey and flowers. She is the best nurse who always kisses, cleans, and bandages your boo-boos. And she surely knows how to cook and clean, sew and bake brownies.

She even likes to fish and Gram is the ‘Champ’, when it comes to skipping stones. When they go camping at Allegany State Park, she tells spooky stories by the camp-fire. And, somehow, Gram always knows what you are thinking, before you ask? But, she always seems to worry about them. They just laugh it off when she reminds them to “‘Be Careful’, ‘Enjoy Your Day’ and ‘Wake Up and Smell the Roses’?”

Quality Time

Cats and dogs littered the barnyard. Pa didn't want any 'undesirables' as he would call them — rats. "One or two is okay," he'd say, "perhaps a family, but no more! Varmints are varmints."

Pa isn't prejudiced. He taught the boys to respect all of God's creatures. But sometimes, enough is enough. "Beware of the human rats," he warned with a smile as the boys laughed.

"Beware of people who pretend to be your friends. They have ulterior motives. Ironically", Pa continued, "the 'Human-Race', has turned 'Life' into a 'System', which evolved into a 'Rat-Race'. Far too many people are so self-centered, so engrossed in me – me - - me and my — family? Unfortunately, they have a blatant disregard for 'Humanity', wanton arrogance; selfish priorities?"

"To add insult to injury, 'Humanity' suffers because the 'System', is so corrupted. The deck is stacked against most people in this world. Sometimes, humans have to cheat in order to survive? Earth has become a vicious circle of a dog eat dog world. Therefore, it is our duty to change the 'Wicked System'.

☞ SURPRISE

Mankind must reach out via ‘Love’ and help, share and care about each other!”

The boys respected Pa’s opinions; ‘Little Facts of Life’ as he called them. Pa had a way of pointing out both the good, and the bad in people. Chi and Jimmy absorbed what they could. They liked hanging out with him, as he always has something to say or teach them about. Sometimes he is funny, but they learned that there is a time for work and a time for play.

Somehow, Pa always manages to make work fun. He encourages the boys to enjoy life and make the best out of each task. “Take pride in your work,” he always reminds them, “for somebody has to do it!”

“Life is an adventure”, he assured; “every day is a “Blessing”. Jump in and get involved. Take an interest and commit yourself. There are ‘Heroes’, all around us — ‘Teachers’, ‘Nurses’, ‘Policemen’ and ‘Firemen’, just to name a few. They serve Humanity, via Love; their Love to ‘Make a Difference’! They take ‘Pride’, in their work! They know that ‘Society’ depends on them. They inspire ‘Hope’, by doing their job and that ‘Hope’, keeps ‘Dreams’, alive, by helping, sharing, teaching and or by saving lives!”

By the way, Pa, Chi, and Jimmy have a special task that they Love to do. It is called ‘Worm Patrol’. It is a search and rescue mission and the boys are always ready, willing, and able to participate. Thus, they can’t wait for an early summer morning downpour and hope that it will clear up soon, as that is when the fun begins. For that’s when the worms like to come out and play. “Naturally”, Pa always told them that; “worms liked to dance in the rain.” Don’t you?

Unfortunately, some of them got so engrossed and intoxicated in the pleasure of splashing in puddles as they wandered, from puddle to puddle, that they actually got lost and confused when the sun came out and dried out all the rain, baking them alive as they were stranded on a long, hot sidewalk or driveway.

That's when Pa and his partners would come to the rescue of the poor unfortunate creatures that were helplessly waiting, anticipating death. Both Chi and Jimmy would get the biggest kick out of picking one up gently and rubbing his tiny belly as they made eye contact. If a worm looked all dried up, then they would spray that worm with some H₂O. They would always tell each worm: "Don't worry fellow, we're just trying to help you!" But sometimes the little worms would get so scared that they would poop in their hands.

The boys and Pa giggled and laughed as they chased each other with yucky hands, trying to wipe the worm poop on each other's clothes. Goofing off made their angelic adventure even more fun as they suspended disbelief and Pa excited their imagination by sparking an interest, a little human intervention. For he influenced their 'Sense of Wonder'; the 'Awe and Wonder of Being'; the 'Gracious Mysteries of Life'!

Gram would just shake her head and laugh when they came home all gooey and muddy. She was proud of Pa for letting the boys enjoy some simple joys of life. After all, Nature is the perfect opportunity for bonding. Nature is the ultimate mentor. Laughter and Nature go hand in hand — Free Fun!

Sometimes, Pa would tell the boys that the worm actually winked at them as a way of saying "Thank you!" Unfortunately, neither Jimmy nor Chi ever saw it. But Pa insisted and teased

☞ SURPRISE

them that they weren't paying attention. Perhaps, he suggested, it was because they were afraid to kiss the little fellow good-bye.

Habitually, Pa always preached that man is blinded by fear and doubt. But the boys had no doubt as to how appreciative the little worms were. For it was a sight to be seen; as they literally dove in the ground, as soon as they were released in some soft mud or grass. It was like a game of 'hide n seek'; catch me if you can, again — next time!

Incidentally, it was Jimmy who made Pa laugh. He got brave one day and insisted that a worm winked at him. Chi had no choice as he also kissed one of the worms; good-bye and swore that that worm winked at him too. Perhaps he was curious as he believed Pa and Jimmy, or perhaps he didn't want to be called chicken; peer-pressure.

So he gave the worm a little 'Lovin'. After all, Pa always said, "Never underestimate the 'Power of Love'! Never underestimate the 'Power of Suggestion'."

Pa laughed again, as he cherished their precious moments together. He remembered the first time he saved a worm. He was pleased that his grandsons enjoyed their little mission of mercy as he passed the tradition on to the next generation.

Together, they got involved, connected with Nature and made a difference by saving a few lives. Actually, they were doing God's work, as God does work in mysterious ways. "Man is but an instrument of God!" Pa exclaimed.

"Sometimes," he assured, "all creatures, big or small, need a helping hand. Most of the time many humans need a helping hand. All you have to do is take a look around. There are a lot of homeless people, all over this world."

“Far too many are down and out, tired, weak and weary.” Pa tried to get his point across. “They have nobody to turn to for help? So they just give up in spite of the fact that everybody wants to be ‘Loved’? Nobody wants to be forgotten or left alone. Sometimes, people just need a shoulder to cry on or somebody to lean on.”

“Unfortunately,” Pa continued, “many humans don’t seem to care or take or make the time for ‘Love’. Ironically, lots of people are afraid to ask for help. Sometimes they are too proud, sometimes they feel ashamed, but regardless, ‘A friend in need is a friend indeed,’ as a sense of accomplishment — the deed or act itself that may make you feel alive and realize the value of living.”

The boys listened to Pa when he talked because he always made them think. Sometimes he talked in riddles, and other times he made no sense at all; at least not at that moment. But they came to realize that he knew what he was talking about, at least when it came to fishing, fighting, worms, dreams, dream-land and yellow snow. After all, Pa graduated from the School of ‘Hard Knocks’!

One time when they were on ‘Worm Patrol,’ Pa told the boys that an infamous man named Charles Darwin proclaimed that: *“there is no animal which has played a more important part in the history of the world than the earthworm.”* (Charles Darwin’s *The Formations of Vegetable Mold Through the Action of Worms.*)

Pa explained that “Darwin recognized the value of the earthworms and their tilling as well as their divine poo-poo, better known as topsoil.” The boys giggled and were glad that they weren’t wiping real poop on each other. They were proud that

🐉 SURPRISE

they were playing an important part in the history of the ‘World’ as they helped the worms; so they could still do their job.

To them, it is ‘Cool’ to get involved. Pa is ‘Cool’, as are the worms. But Pa shared an insight as he enlightened them with a little advice. He proclaimed that: “‘Truth’ is akin to ‘Cool’ as both are repulsive to the ‘Un’.”

They were perplexed? They didn’t quite understand until Pa explained that ‘Cool’, is being real; true to yourself as well as to others. “Unfortunately,” Pa continued, “People that are not ‘Cool’, will often be jealous or laugh at you as they are either ignorant or afraid of ‘Truth’.”

“Sometimes,” he elaborated, “the ‘Truth’ hurts! You must face yourself. You got to know who you are and what you stand for. If you don’t respect yourself, you cheat yourself, and then, why should others respect you? It ain’t ‘Cool’ to lie to or fool yourself! When you talk to somebody— Look them in the eye. When you shake somebody’s hand— give them a firm grip. Honesty is the best policy.”

“Unfortunately”, Pa continued, “the politicians lie to us all the time. In fact our U. S. government is a cesspool of garbage. It stinks and it is full of shit and out of control as our elected officials are acting like a bunch of bullies. It is time to change the dirty diaper!”

The boys couldn’t help themselves as they both busted out laughing. But Pa, was mad and they stopped and put their straight face immediately on, as he continued.

“The power of we the people is still in the ballot box. It is not only our right to vote the scum out of office; it is our duty! We must vote for change. You gotta fight for your rights!”

“Never,” he warned, “Never use or abuse anybody. Bullying is a No-No! Don’t talk about people, behind their backs. Don’t hate and don’t poke fun at or put anyone down, because they are different than you are or because they are ‘Un – Cool’.”

The boys promised to be ‘Cool’ and, Pa believed them! But he warned them that, “‘Cool People’, don’t hang out with fools and ‘Cool People’ don’t need drugs! Fools do drugs?”

The Surprise

Chi and Jimmy were doing their early morning chores, as life on a farm entails responsibility. First they would attend to the chickens so Gram could get breakfast started. Next, the cows, which they liked milking. Sometimes they'd have a milk war as they actually squirted each other. It was fun! Especially if it was a cold morning, as the warm milk felt — warm.

One time, Pa caught them in the act. He seemed mad; however, he couldn't help but snicker. He told them to quit goofing off, or else! They always wondered, *Or else what?*

Neither of them ever worried, as they had their ace in the hole. Gramma would surely save them from 'or else'. They just laughed it off. But deep down, they knew what consequences were as they had both paid the price more than once. Sometimes you learn right from wrong the hard way.

Both Chi and Jimmy were afraid of milking the nanny goat. She was very moody. Sometimes she liked to kick, and it hurt. Sometimes Billy, the male goat, would get jealous, sneak up, and bite you on the behind. He didn't like anybody messing with his spouse except Pa.

After breakfast, the boys went fishing at the big watering hole. Gram packed them a lunch and told them to be careful. They promised, but reminded her that they both could swim like little fish. After all, Pa threw them in when they were three and a half and four and wouldn't let them out until they mastered the art of water survival. He taught them not to fear water but respect it.

Chi and Jimmy were always proud when they brought the fresh fish home for dinner. Pa taught them to respect the fish and life. "Keep those that you want to eat and let the others go free." He set the Law of Nature in their minds. Pa proclaimed that "greed was evil, and waste was just as bad."

He warned them not to be overcome by greed. "Don't," he'd always preach, "don't let greed become you!" He explained that, "there is a lot of evil in this world, which evolved into corruption. Unfortunately, there are a lot of people in this world who ignore or fell prey as they cooperate with evil. Therefore, there are a lot of people that are starving because of denial."

"Far too many are poor!" Pa would cry with a tear or two in his eyes. For it made him mad, as poverty is so sad — a harsh reality, as life is not fair. Thus, both Chi and Jim learned the value of sharing and caring as Pa told them that, "life is but a matter of survival and that all people just want to be 'Happy'".

He declared that; "everybody has a 'Right to Life', 'Liberty' and the 'Pursuit of Happiness'. But", he continued; "how can you be happy with no food in your belly or when you don't know where you are going to sleep tonight? True happiness", Pa insisted, "is an 'Inner Peace'; a feeling you get by helping others!"

🐟 SURPRISE

“Be grateful, thankful, for all that you are blessed, with. Be aware of the less fortunate, of what they don’t have or need. Don’t be afraid to share. Mother Nature will provide but, we must learn to cooperate with ‘Her’ and each other. Together, humans can conquer evil poverty!”

They cleaned the fish on the old table by the dock. Then they horsed around respectfully in the water before they headed back. Gram was pleased with the catch and suggested the boys go raid Pa’s cider barrel and take a nap in the barn before dinner.

The boys obliged, sort of, but had no intentions of taking a nap. They went there to chill out. They fought over who was going to pour first. They got so tired from wrestling, that they just fell fast asleep. Perhaps Gram knew best after all.

Jimmy woke up first. He was thirsty as thirsty can be. He poured his drink from the cider barrel. But something wasn’t quite right as he heard a slight plop. Startled, he couldn’t believe what he was seeing.

He put his mug on the floor and double-fisted his eyeballs, grinding the sleep-bugs away. He took another peek, a triple-take as he looked away several times. But it was still there. He stared with disbelief.

Jimmy got down on his knees to investigate. It was a big ol’ worm, floating on his back. He was amazed as they made eye contact.

The worm stared right back at him with huge, red bloodshot eyeballs that pierced his soul. Ironically, he wasn’t just floating anymore. He was splashing away, doing the backstroke!

Elated, it popped up his head, burped, winked at Jimmy, and said in a pleasant voice: “Hey, hey, hey, salutations; it’s your lucky day! Have no fear, Oouey is here; Oouey Gooey at your service!”

Jimmy was so astonished, he jumped to his feet. He didn’t know what to do, so without hesitation, he woke up his cousin. Chi couldn’t believe his eyes or his ears, as he was awed with open-mouthed observation — surrealism.

Oouey said, “Hello.” It was both breathtaking and mind- boggling.

He was not very dashing or elegant-looking — quite contrary to it, as he was pure ugly. But who were they to judge? After all, isn’t beauty ‘skin-deep’ or, as they say, ‘in the eye of the beholder,’ as God works in strange ways. The boys heard stories about miracles but, a talking worm? Was this a divine spontaneous appearance, or perhaps a blessing in disguise?

He spoke with authority, which commanded their reluctant attention. His influence was a matter of utmost concern, precisely the difference between life and death — his. Both Chi and Jimmy had grasped this profound truth without any doubt, but were they dreaming?

It was a most unusual confrontation, an absolute impossibility. They were about to converse with a worm. Suddenly, Oouey shouted, “Get me out of here, please, if you will.”

Chi picked up the big mug and poured the cider on the wooden floor. Oouey bounced and rolled and coughed and screamed and gagged and gasped — “Good grief!”, after he caught his breath. Then he thanked them sincerely from the bottom of his HEARTs.

🐉 SURPRISE

“You’re welcome!” they echoed as they laughed in delight.

“How’d you get in there?” Jimmy asked curiously.

“I fell in,” he admitted stupidly. “I wanted some of your Pa’s cider.”

“Awesome, you know Pa!” Chi was surprised. “You got a mustache just like him.”

“We’re old Pals!” Oouey left it at that as he did not elaborate. “Your Pa has a mustache like me! He likes my style!”

“Where are you from?” Jimmy was nosey.

“I live in The Rose Garden in Delaware Park next to the Lincoln Memorial in Buffalo, New York,” replied Oouey as the boys were anxious. “It’s a beautiful place, our little paradise.”

“That’s pretty far away from here!” Chi was sharp.

“Yeah, at least a thousand miles,” Jimmy put his two cents in as he had no concept of distance.

Oouey laughed repeatedly. “Not quite that far, Jimmy. Maybe sixty-five miles, give or take a few.” Oouey corrected his innocent ignorance.

“You know my name!” exclaimed Jimmy with excitement.

“Yepper. I know of your whole family.”

“Cool!” The boys responded simultaneously as they were all ‘Ears’.

“How did you get here?” asked Chi “You got a Worm-Mobile or something?”

Oouey Gooney chuckled. “Jeepers, oh gosh no!” he replied. “It’s really quite simple but somewhat complicated for a logical mind to understand.”

The boys were confused as they weren’t ready for a sophisticated lecture, but Oouey gave them the heads-up anyway. He knew that they weren’t brainwashed yet.

“Worm-Holes,” he continued; “Quantum-leap, astral-projection, a virtual reality on Earth as well as in the entire universe. It is when you make a hyperspace connection, a divine alignment, as the brain is both a transmitter and a receiver. Actually, concentration, Will Power; energetic determination— a perfect example of Psycho-kinesis — mind over matter.”

“I’m proud to be a master of it, as reality is mind- boggling. Consciousness is limited only by fear and doubt as the past is but a prelude to now; Karma, cause and effect, reincarnation. For life is but a vast array, a continuous electromagnetic spectrum of vibrating energy — heat, light, and sound.”

“Cool!” they echoed again mesmerized, as they scratched their heads with fascination.

“Can you teach us?” asked Chi

“Maybe,” Oouey wasn’t so sure; as time and space are beyond the conception of humans. “Unfortunately”, he tried to elaborate, “Humans must first learn that they are more than just physical, mental and emotional beings. Actually, all mankind is Spiritual Energy! You must exercise your Spirituality. You must go with the flow, become one with the Infinite! Embrace Love! God is LOVE! Materialism is a false perception when it comes to values”

🦋 SURPRISE

“Never under-estimate the Power of Love”, he continued. “Self-discipline is the Key. Resistance of temptation is in fact a measure of character. Be Good, Do no evil, and Co-create via Love. You are limited only by your own imagination? It’s up to you. You control your own destiny.”

“De...de...dessstiny?” Jimmy stuttered.

“Fate, divine decree,” Oouey tried to explain. “Life is full of ‘Surprises’, you choose your own path. It is a challenge, full of risks and rewards. Every day is a gift! You must learn to enjoy the ride. You got to wake up and smell the roses. ‘Necessity is the Mother of Invention!’ ‘Seek and you will find, ask and you will receive, knock and the door will open.’”

“That’s what Gram and Pa always tell us!” Jimmy was proud.

“How’d you get so smart?” Chi asked.

“I’m a bookworm who loves to hang out at www.writing.com. Reading makes you smart. It makes you think. It is food for your brain. I utilize my cosmic sense, my intuition. Humans are lost in common sense, or shall I clarify — logic.”

“Did you come from Mars in some kinda spaceship?” Jimmy couldn’t comprehend.

“Actually, I’m an ‘Earthworm’. That makes me an ‘Earthling’. I Love ‘Football’, ‘Bull Riding’, ‘Rock n’ Roll’, ‘Country Music’ and ‘Hockey’! Go Buffalo Bills and Buffalo Sabres! But,” he continued, “I’m also a celestial being with clairvoyance as an exalted state of consciousness.”

“I see auras, spirits, and deities. Love is my passion. Humanity is my dream, my destiny. My mission is to save the world from poverty, greed, and drugs and wipe out hunger once and for all.”

“Can we help you?” Chi asked sincerely.

Oouey clapped his little hands and jumped with joy, as he was so pleased! “But of course. But we need a plan.”

“We can go fishing!” Jimmy got so excited with his idea.

“Uh?” Oouey gave him the ‘Evil-Eye’ as he almost had a HEARTs attack. “Fish food?” He thought out loud. “I haven’t any desire to sacrifice myself in suicide. No thank you!”

Jimmy was disappointed until Oouey assured him that they could become ‘Fishers of Men’.

“We’ll start a grass-roots effort,” he suggested. “Pro-action! It’ll be a revolution, a spiritual revolution. We’ll recruit the young and old, anybody and everybody that cares.”

“The more the merrier,” Oouey was adamant; “but we need real people, people who believe in B4HEART! Effort is the key. United, we shall conquer evil poverty.”

“B4HEART?” The boys mumbled in confusion.

“People who are willing to be for — Humanity Envisioned And Realized Together!” Oouey elaborated.

“Mankind must forget about the ‘Art of War’ and focus on the *Arts of Love, Compassion and Forgiveness*. Humans must learn to forgive both themselves and each other. We need action, not promises. Promises don’t feed the hungry. People starve waiting for promises to be fulfilled.”

☞ SURPRISE

“Action speaks louder than words!” Chi interrupted proudly.”

“Ta ta talk is che che Cheap.” Jimmy bragged too.

“Broken promises are costly”, Oouey continued, “as time and space are but conditions and environment, an awareness as you are a witness to and participant of organic being. All life revolves around ‘Choices’ — ‘Cause and Effect’, as every action has a reaction!”

“Anybody,” he continued, “who ignores poverty and hunger is a fool. I despise their excuses. I pity fools. They are starving spiritually and are a disgrace to the ‘Human Race’. They are but lost souls. Inhumanity is nonsense, pure foolishness?”

“Love is the ‘Answer’”, Oouey assured! “Love is the ‘Way’! God is Love! When you engage in ‘Love Mode’, you become one with God! Love is the literal origin of virtual energy. Hence, LOVE is the acronym for — Literal Original Virtual Energy.

“Wow!” The boys were amazed but, Pa enlightened them all about Love and God. Thus, they could relate to ‘Virtual Energy’ or ‘LOVE’.

“Do all worms want to help mankind?” Chi asked.

“In many ways,” Oouey assured, “but I have a special mission! It all started way, way back in the Garden of Eden, with Adam and Eve, — whom my Greatest Granddaddy, Ebenezer Worm (whose name implies ‘Divine Help’ or ‘Deliverance’) tried but failed to warn and enlighten. For he attempted to prevent and later conquer evil as he stuck his neck out of ‘The Apple’ and shouted, ‘Excuse me, Madame,’ just before the ‘Original Sin’ or first bite.”

“But, Eve was so intoxicatingly engrossed, so enthused and relished in the process that she didn’t notice or see him, and she almost bit Ebenezer’s head off. In fact, Grampa was too slow as he lost his tail in the inevitable act. Thus, curiosity is the ‘Original Sin’, which led to the ‘Logical Fall of Mankind’ per ‘Choice’ or ‘Free Will’.”

The boys just shook their head in shock. They had heard Bible stories before, but never this one. Oouey smiled and continued with his story.

“Some say it was a miracle that he didn’t lose his life in this historic event. But, perhaps God did have mercy on poor ol’ Gramps, since he was on a sacred mission — actually trying to warn both Adam and Eve with a slice of advice. For he knew of God’s little secret. He knew that if man indulged in the ‘Apple of Good and Evil’, then man must also partake of the ‘Tree of Eternal Life.’”

“Unfortunately, since he didn’t succeed in averting the misdeed, evil manifested and Grampa grew aghast. To make amends, he spent the rest of his life trying to get both Adam’s and Eve’s attention. But, they were too proud and salacious to listen, and evil persisted and escalated. Thus, on his deathbed — in front of his entire family, he made them all promise and take a solemn vow to erase evil and pass the word on to their offspring.”

Both Chi and Jimmy were getting excited. They couldn’t wait to tell Gram and Pa.

“Oh well,” Oouey continued. “Now you know why ‘HEART’ is my mission, as I was deemed by fate, my Greatest Granddaddy’s dream, his dying wish to avenge the ‘Logical Fall of Man’. I

☞ SURPRISE

must live up to his name — ‘Divine Help’ as an ambassador of God in the name of Grampa Ebenezer. I must carry the ‘Torch of Truth’ and deliver mankind from evil.”

“I am proud to have you boys join me, as we are all part and parcel instruments or agents of God as ‘Love’ is the ‘Way’. Man must unite his left brain — ‘Intellect’ — with his right brain — ‘Intuition’, (the ‘Tree of Eternal Life’), by trusting his ‘Heart’.”

“Let your ‘Conscience’ be your ‘Guide’. Your ‘Heart’ knows right from wrong! Humans must practice kindness, mercy and compassion instead of anger, hatred and revenge. God’s secret is no mystery. Intuition is God’s little secret!”

“Pa said that ‘Intuition is our own Special Power! Chi exclaimed out loud.

“Magical Super Power!” Jimmy was elated.

“Right on”, Oouey shouted with a big smile on his little face. “Your Pa is absolutely right. Intuition is your sixth sense! That is what my Greatest Grandpa Ebenezer was trying to advise Adam and Eve about! But they wouldn’t listen and unfortunately today, most people still ignore their ‘Intuition’. They don’t trust it? They don’t use their Right-brain? Sheer stupidity it is, so bizarre, so absurd?”

“D.T.D.”, Chi exclaimed as Jimmy joined in! “D.T.D., D.T.D., D.T.D!” The boys jokingly echoed.

“Uh, Dee Tee Dee,” Oouey was puzzled as he twisted his mustache with his thumb and index finger? Actually, he assumed that they were singing some sort of silly song? But he didn’t know why.

“Da...da...dumber than dirt”, Jimmy stuttered as Oouey busted out laughing.

“Pa always says that when people do stupid things; ‘they must have rocks in their head!’” Chi elaborated. “They are dumber than dirt.”

“Rocks for brains,” Oouey laughed again as did Chi and Jimmy.

“Pa told us that we have to use our brain,” Jimmy interrupted; ““Think before you do something stu...stu...stupid!””

“Snake-eyes, craps,” Chi added. “He said that life is one big gamble which is full of risks but stupidity, is a loser. He told us that we must learn to think for ourselves and not to become robots, but he never told us that we have two brains?”

“That’s because you only have one brain with two sides.” Oouey enlightened, “Your left side or left brain and your right side or right brain. There have been a lot of scientific studies done and as a result, there are a lot of theories regarding their functions. But humans must learn to utilize or shall I clarify, unite both sides.”

“Intuition, your ‘Magical Super Power’, is on your right side. Trust the voice in your Heart; your ‘Natural Instinct’, it’s a ‘No-Brainer’! Guilt is such an ugly feeling? Always remember that, your ‘Heart’, knows right from wrong! By using both sides of your brain, you activate your ‘Conscience’. Let your ‘Conscience’ be your ‘Guide’!”

Oouey paused from his sermon / lecture and asked Chi to please get him a drink of cider. Chi obliged, as Jimmy handed him the big mug from the floor. When Chi returned, Oouey took

☞ SURPRISE

a long refreshing drink, burped, and excused himself. Then he asked the boys if they were ready, willing, and able to B4HEART.

Both Chi and Jimmy agreed wholeheartedly.

Oouey told them that B4HEART was their mission and that their motto and oath were adopted from an old friend of his. ‘Peace Pilgrim’ was her name, but unfortunately, she died a few years back.

“Repeat after me,” Oouey continued with the oath or solemn promise. “I promise,” and the boys did as he said: “I promise to overcome evil with Good, falsehood with Truth, and hatred with LOVE.”

When they finished, Oouey congratulated them both and told them that he was going to get them B4HEART badges and T-shirts as they were official members of his club. They were tickled pink, but Jimmy was still a bit curious.

“Do you have any family?”

“But of course!” he replied with pride. “I have a wife, Olga, who is as beautiful as the sunset, and twenty-three wonderful children — Billy, Brandie, Jamie, ChiChi, JimJim, Nicky, Nate, and Mayan. Then there is Nelson, Chubby, Bobby, Susie, Stubby, Helen, Davey, Mikey, Viola, Charlie, Cheyenne, Tiny-Tim, Vinnie, Justin and Baby Gooley. And, Olga is pregnant with twins.”

Both Chi and Jimmy were surprised that Oouey had two sons that had the same name as them? They giggled in anticipation of meeting them all. But suddenly, Oouey began to cry. The boys were startled. “What’s the matter?” they echoed simultaneously.

“I had one more son, but he died,” Oouey explained sadly. The boys could relate to death, sort of, since they both had lost a pet or two. They felt sorry for Oouey. They felt his grief.

“What happened?” Chi asked sympathetically.

“Ebenezer the Second, my oldest son, died of a drug overdose, as he hung out with a bad crowd,” Oouey choked out with tears rolling down his small face.

“I named him after my Greatest Grandpa, whom I told you boys about.” Oouey was proud as he wiped the tear drops from his eyes with both of his little hands.

Chi and Jimmy were stunned as reality set in. For Pa always warned them about drugs and bad crowds. He insisted that they both led to trouble.

“Pa told us all about peer-pressure, temptation and curiosity!” Chi thought out loud with instilled confidence.

“Drugs are evil.” Jimmy was now convinced of that as a fact.

“Yepper,” Oouey agreed wholeheartedly.

“Why doesn’t God get rid of all the drugs?” Chi asked, as he felt so sad for poor Oouey.

“Some people believe that God is dead, others don’t believe that He exists or ever existed? Ironically, most humans invoke or call upon God only when they are desperate or in trouble. But, God lets mankind deal with most of his problems. Men must decide and choose how to deal with evil.” Oouey got his composure back.

☞ SURPRISE

“Sometimes,” he continued, “People do stupid things? Sometimes, worms do stupid things? So many humans are clueless. They don’t realize that they have the ‘Power’ by the ‘Action’ they ‘Choose’, of being little gods / angles or little devils. Little angelic gods spread ‘Hope’, through ‘Love’; while little devils spread ‘Evil’, through ‘Ignorance’.”

“Evil ain’t Cool. It hurt you, Oou...Oou...Oouey?” Jimmy shouted as sure as he could be.

“There is a lot of evil in this world,” Oouey agreed. “Drugs are just one example, but it is mankind who pushes and controls them. Unfortunately,” Oouey continued, “many humans will do anything for money; especially, if and when they are desperate or lazy and want a fast buck. Especially when governments, corporations, politics and lobbyists are involved as they are blinded by greed and ignore the ‘Truth’— that everything is ‘Inter-connected’?”

“Pa says that the government stinks and is full of poop.” Chi informed Oouey.

“Yeah!” Jimmy agreed, “We gotta change the dirty diaper!”

It was Oouey’s turn as he laughed out loud. “Your Pa is right as they are all conspiring and ruining the world. In fact, they are destroying this planet— Mother Earth?”

“Is it any small wonder that we are facing climate change;” Oouey asked? “‘Global Warming’; evidently, it is profit before principle? Money, money, money on the brain. Thus, existence as we know it; is subject to change.”

The boys heard all about ‘Global Warming’ on TV but Oouey’s lecture was getting deep. But then again, Oouey also

knew that they were like little sponges that absorbed without thinking.

“Pa said that the love of money is the route to evil,” Chi butted in.

“Perhaps it is,” Oouey answered. “But man made it that way. ‘Evil’ is ‘Live’, spelled back-wards; it is merely wrong living. Mankind worships money, supply and demand as money makes their world go round in an organized chaos.”

“Cha...cha...chaaoss?” Jimmy was confused.

“Confusion,” Oouey answered, “The whole world is in a state of disarray, a little hell on Earth? Mankind denies evil as if it doesn’t exist? Unfortunately, when something doesn’t make dollars, it doesn’t make sense? Thus people ignore evil as there is no monetary profit in taking the effort to fight it? ‘Denial’, is the ‘Anti-Christ’. We are all ‘Victims’ of ‘Ignorance’ as evil affects everybody, everything? ”

“Unfortunately, evil escalates because humans act as little devils in the name of their almighty dollar. Evil generates money. But ‘devil’ is merely ‘Lived’, spelled backwards as it is wrong living. Men create ‘Evil’ by acting like little ‘Devils’!

Chi and Jimmy were both mad. Oouey had fired them up. They were inspired indeed! They hated evil and wanted to do something about it. But what could they do? Suddenly, Jimmy shouted, “We can be like ‘Superhero’s’ and fight evil! We can get Harry Potter to help us! He knows magic!”

“Yeah”, Chi agreed. “And after we whip evil here on Earth, we can fight it in the whole universe! But first we have to save the Honey-Bees because Pa said that too many are dying.”

🦋 SURPRISE

“Yeah we should Pa-pa-prooo-test the Bad Monster Seeds!” Jimmy was concerned.

“Bravo, bravo!” Oouey shouted. “It’s our duty to get involved! Let’s declare a war on drugs and evil. They are both facts of life that must be dealt with. If we don’t confront them, Humanity suffers.”

“Pa told us all about ‘The Facts of Life’”, Chi remembered. “He said that everybody has S.T.D.’s.”

“What?” Oouey was startled.

“Shit to do!” The boys echoed as Oouey calmed down for a brief moment.

“Yeah”, Jimmy verified; “if you sna...sna...snooze, you la...la...lose!”

“The early bird catches the worm.” Chi was adamant.

Oouey jumped up, rolled his eyes in silence and looked up at the rafters in the ceiling of barn; scouting for birds. Once he assured himself that he was safe, he changed the ‘Bird’ subject.

“If we snooze, Humanity will lose”; he answered. “Together we can wipe evil drugs, out of our schools and off our streets. Drugs ruin lives, and children are too young, oblivious and naïve to understand how dangerous they are. We must educate them, as well as parents, grandparents, and teachers!”

“Pa will help us!” Chi was positive. “He’s got ‘Courage’ and he knows how to fight! He taught us a few secrets about fighting. Sometimes he said, ‘you gotta fight dirty, sometimes you gotta kick em where it hurts; — in the ‘Family Jewels’!”

Both Oouey and Jimmy busted out laughing again, as Chi joined them. “Of course he will,” Oouey replied, as Gram called, “Chi, Jimmy, supper is ready!”

Oouey thanked the boys for volunteering to help. They said their good-byes, but not before Oouey assured them that after their summer vacation, they could start on their mission of mercy as well as their war on the drug epidemic. He made it clear that he had to take care of a few things first.

They all agreed to meet in the Rose Garden, since the boys lived five miles from there anyway. Besides, they always went there to play, and they wanted to meet his family. He also told them to tell Pa about their ‘Grand Plan’. They promised and he gave them one more slice of advice, before they went to eat dinner.

“You must learn to BELIEVE. Mankind must learn to BELIEVE in God, himself and each other. Everything is ‘Interconnected’. Miracles; happen every day — ‘Amazing Grace’. There are no such things as coincidences. Everything happens for a reason. Everybody serves a purpose. We are all but instruments or agents of God. Go forth now and make nice, make the world a better place to live in! Make a difference; spread some ‘Goodwill of Happiness!’”

Faith

At the dinner table, the boys were too excited to eat. “Calm down!” Pa shouted until they got their point across. Gram chalked it up to an imaginary friend, an overactive or vivid imagination, but Pa knew better.

Pa believes in miracles. Pa believes in Chi and Jimmy. And, he believes in Oouey Gooley. From experience, he knows that Oouey is unbiased, charismatic and fine-tuned; as he had had the pleasure of his company years ago. Furthermore, Pa knows that miracles happen every day. Blessed is he who sees them!

Intuitively, Oouey is a force to be reckoned with. When Oouey talks, people listen! Phenomenally, Oouey Gooley is a simple worm with a simple plan — ‘LOVE’! Imagine that! For Oouey is but a ‘Blessing’ in a state of ‘Grace’! He knows how to worm his way into your ‘Heart’.

Pa laughed to himself; in spite of the fact that the world is in a sick situation. He thought about Oouey’s dad, who was a friend of his dad’s, but that is another story. Ironically, he figured that if a serpent was responsible for the ‘Fall of Man’; then a worm, Oouey, could surely ‘Enlighten’ mankind!

He wished Oouey the best of luck and decided that he had better contact him as he wanted to be a part of his team! For Pa knew that it would be an uphill battle, a coordinated effort, since contemporary man believes in logic, questions his faith, and can't fathom or perceive miracles. Unfortunately, mankind believes in what they are led to believe?

After supper, Chi, Jimmy, Pa and Gram piled in the van and went to town. Pa gave ten dollars to both of the boys. They wanted to buy a toy at the drug store and get some ice-cream.

In front of the drug store, an old man was sitting on a bench. He had long straggly hair, a beard and his clothes were dirty, torn and tattered. On the other side of the bench, sitting on the top of the back rest, Jimmy spotted Oouey!

He got excited as he pointed and shouted: "Hi Oou...Oou... Oouey!" But Oouey didn't answer? He just winked at Jimmy? The old man thought that Jimmy had said hi to him.

Consequently, he smiled and replied: "Hello". He looked lonely as both of the boys as well as Pa and Gram noticed that he was missing some teeth and that the teeth that he did have were rotten and stained. Chi and Jimmy felt sorry for him. They realized that he was poor.

They entered the store together but suddenly both Chi and Jimmy felt guilty. They 'Trusted' their 'Intuition'! They knew that they didn't need a new toy. They also knew that the man was probably, hungry and needed a bite to eat. They looked at each other, nodded and grabbed Pa and Gram by the hand and took them to the side of the store where there were no customers.

🐣 SURPRISE

They wanted to talk in private. Chi told them that they wanted to help the old man. Jimmy agreed as he elaborated that they didn't need any new toy today or any ice-cream either. Chi declared: "we can have some cookies and milk when we get home."

Both Gram and Pa were so proud of Chi and Jimmy but they didn't mention it. Pa assured them that it was a good idea but, he thought that giving him twenty dollars was too much. He suggested that the boys each give the man five dollars and combine their other five dollars together and get one toy that they could share. Gram insisted that she would pay for the ice-cream and everybody agreed. They bought a football and two packs of gum.

When they got outside, the old man was still there but, he was sleeping awkwardly; while sitting up. Oouey was in the same spot. It was a magic moment! Even Gram spotted him this time as he winked again and she became a 'Believer'.

The boys felt funny, they didn't want to wake him up but, Pa had an idea. He grabbed the football from the bag and told Chi to run for a pass. Chi ran and Pa through the ball to him. He caught it as Pa and Gram cheered real loud.

The old man heard all of the commotion and woke up startled. He started cheering even though he didn't know what he was cheering for. Jimmy had the ten dollars in his hand. He went up to the old man and asked: "Ex...ex...excuse me sir!" The old man looked at Jimmy as Jimmy continued; "Are you hungry?"

"My, my sonny, I sure am!"

"Ple...ple...please take this", Jimmy was nervous. The old man smiled as Oouey jumped for joy, clapping his tiny hands.

He took the money and said, “Thank you and God Bless, all of you. You all are oh so kind. You just reinforced my Faith in mankind. I may be poor but, I am very lucky as God always seems to provide for me; thanks to kind souls like you guys and gal. Unfortunately, there are millions of people all over this world that are far worse off than I am. I pray for them every night.”

Pa told the old man that they were happy that they could help him. He also told him to: “Keep the Faith!” The old man promised as Chi asked him if he wanted to go for some ice-cream. He politely declined and they said their good-byes.

On the way to ‘Dairy Queen’, Gram told the boys that she was proud of them and Pa agreed with her whole heartedly. Pa thanked them for making a difference by ‘Sacrificing’ a toy and bringing a little ‘Hope’ and ‘Joy’ to the old man! Then Gram apologized to them for thinking that they had made up a tall tale, about Oouey, earlier at the supper table. They both accepted as Pa laughed out loud and said that maybe they should punish Gram for not ‘Believing in Miracles’.

“No ice-cream!” Chi was mean.

“Yeah!” Jimmy agreed, “No ba...ba...banana-split for you Gram.”

Suddenly Gram played her little game. Pa knew that she would follow his lead. So did the boys as she cried out; “Oh no, boo-hoo, no ice-cream for me? Please I’m sorry! Please, please!”

Chi and Jimmy both shouted: “Poor Gram”, as Pa laughed and she continued with her routine.

“Think I’ll Go Eat Worms!”

“Nobody loves me, everybody hates me

Think I’ll go and eat worms

Long ones, short ones, fat ones, thin ones

See how they wriggle and squirm

Nobody likes me, everybody hates me,

Think I’ll go eat worms...

Big fat juicy ones, little slimy skinny ones,

Hope they don’t have germs!”

Nobody likes me, everybody hates me

Think I’ll go and eat worms

Long thin slimy ones, short fat fuzzy ones

Ooey gooey, ooey gooey worms

While Gram was singing, Pa laughed again as he knew that Ooey would be mildly offended if he was here, with them. The boys also laughed as they joined in as did Pa. It was a family affair!

“Nobody loves me, everybody hates me

Think I’ll go and eat worms

Long ones, short ones, fat ones, thin ones

See how they wriggle and squirm

Nobody likes me, everybody hates me,
 Think I'll go eat worms...
 Big fat juicy ones, little slimy skinny ones,
 Hope they don't have germs!"

Nobody likes me, everybody hates me
 Think I'll go and eat worms
 Long thin slimy ones, short fat fuzzy ones
 Ooey gooey, ooey gooey worms

Meanwhile, as Oouey got home, he was greeted by his wife Olga and their offspring. Naturally, Olga gave him the 'Third-Degree' as well as the 'Evil-Eye'. Oouey confessed as he spilled the beans about his frightening ordeal.

"What am I gonna do with you?" Olga asked with a frustrated look on her beautiful face.

"Love me and keep me!" Replied Oouey.

Their children all laughed. They were very pleased and elated with the outcome. They were grateful and proud of their Father, since Chi and Jimmy were going to help him fulfill their Greatest Grampa Ebenezer's death wish.

"It's about 'Time'!" Olga shouted. "Humans must suspend disbelief, listen, take heed and pass it on; — 'The Art of Love'!" She was adamant as she insisted that: "Mankind must learn to focus, pay attention and; never underestimate the element of 'Surprise'!"

☞ SURPRISE

Oouey agreed as he kissed her on her forehead and told them that he had some work to do. He excused himself and headed for his den. As he was leaving, Olga assured him that she would send up a sandwich and some hot cider laced with cinnamon, since he did not come home for dinner. He opened the door, closed it behind him and sat at his desk. He looked at the picture of his deceased son hanging on the wall and began to cry.

He felt guilty, as if he had failed as a parent and wanted to prevent other parents, from facing the same tragic experience. He cherished his family and life itself which is so precious. After all, birth itself is the ultimate miracle, a Gift from God. Children are entrusted in their parents care and hopefully we do the best we can? Unfortunately, they do not come with instructions?

Oouey reminisced of the life he shared with his son, Ebenezer. They sure had some great times together. Where oh where did he go wrong? How did they lose contact and start taking each other for granted? Perhaps it was a lack of communication via a generation gap? He wished that he could have a second chance.

Suddenly, he realized that he does; twenty-three, plus. He bowed his head on his desk and Thanked God for his Family and asked for Guidance. He then Promised to Help Protect the World's Greatest Natural Resource — our Children.

Oouey doesn't claim to be an expert. Any parent that claims to be an expert is full of 'Top Soil'. But it doesn't take a genius to observe that our Children as a whole are crying out for Help.

Suicides; are at an all-time high? Far too many teenagers resort to taking drugs and or alcohol as a way of coping; lost astray, trying to find their way through life. Our city streets are loaded with young scared runaways, who support themselves through prostitution, stealing and

or selling drugs? Others act out via violence because of moral degradation, and a disregard for law; street gangs?

God, where are they headed — ‘Death’? Death before they ever had a chance to ‘Live’? God, where are we headed — ‘Society’ as a whole, with our ‘Greatest Natural Resource’, our ‘Future’, being ‘Wasted’?

To add insult to injury, in this world full of turmoil, our children are being cheated as well as mentally, physically and sexually abused? Confronted with WW III, nuclear annihilation and massacres in our schools, coping is but a struggle; on a daily basis. Is it any wonder then; a state of denial?

Are our children not being desensitized by violence, numbed as a way of coping by accepting violence itself as routine? What’s happening to our social and family values? What on Earth can parents, culture and society as a whole do before it’s too late? Thank God that law enforcement officials have prevented dozens of ‘Columbine’ style planned, copycat massacres by other misguided youths whom are confused and or obsessed with violence, suicide and a lasting legacy of insane fame.

Oouey got his composure back and wiped the tears from his small face as he heard a knock at his door. It was Olga with his food and drink. He thanked her and said that he was starving. She replied that it was his own fault, kissed him and let him go about his business in private.

‘Fault’, he thought to himself, ‘Blame’? It is easy to shift the blame when it comes to our children but, the bottom line is ‘Trust and ‘Respect’. Society in general and Parents in particular are Responsible, via ‘Attitude’ ‘Attention’ and ‘Awareness’. Observation is a Blessing.

☞ SURPRISE

Our 'Attitude', 'Attention' and 'Awareness' as a whole, determines their 'Attitude' 'Attention' and 'Awareness'. Mutual 'Respect' and 'Trust' are crucial. Communication is vital. They will try, our 'Patience'. 'Influence', is constant as 'Neglect' and 'Deprivation' produce walking time bombs? Idle minds and boredom are suspects.

Thus, anger and confusion are breeding grounds for jealousy, regret and or hatred which lead to rebellion. To hell with authority; bad attitudes prevail because of a lack of attention, which lead to a lack of respect, lack of trust, lack of interest, lack of understanding, lack of hope and a lack of the real heroes. Pimps and gangs are not heroes or family. Pimps and gangs add up to zero.

Frankly, life is moving at such a fast pace; it is no wonder that our children want to grow up so fast. Especially since peer-pressure makes growing up so scary. Especially since society; authority, parents, teachers, etc. can be so demanding?

Babies are having babies as sex seems to make you 'Cool' and everybody wants to be 'Cool', fit in and be wanted and or accepted. After all, the un-cool are faced with or threatened with violence and ridiculer? Kids can be oh so cruel?

To top it off, far too many parents don't spend enough time with their kids. They are too busy eking out a living. Thus, children are left alone, unsupervised or juggled — shuffled off from place to place like a bouncing ball? How many parents know where their kids are at, who they are with or what they are doing; at least most of the times. Sadly, how many truly care?

One parent families even make it harder to keep track of their kids. Grandparents try to step up to the plate but, that is a double generation gap? And then, we have divorce, which is

another story not to mention the inter-net, which is a haven for sexual predators; that are just waiting to prey upon them.

To add fuel to the fire, ‘Hardcore Rap Music’ as well as aggressive video games and the glorification of acts of aggression portrayed via our main stream media; TV, movies, etc.; have robbed us of a ‘Generation of Progress’; via violence, anger and hatred.

We love our kids and we trust our kids but if we don’t keep two eyes on them, they will find trouble! Are they smart enough to deal with it — ‘Trouble’? Are You? Are they ‘Street-Smart’? Are You? Can we trust the baby-sitter? What about the day-care-center? How many day-care-centers are over crowded and under staffed?

Let’s get back to our school system? By law, we entrust our children to the ‘System’; public schools for those of us who can’t afford private school. The ‘System’, is a shared responsibility; a safe, responsible, sustainable environment, right. Wrong! Besides the threat of massacres, our children are exposed to the threat of violence on a daily basis; harassment, bullying. It is hard to believe that some schools have resorted to metal detectors and, or security cameras? In fact, many teachers are afraid of some of their students.

Don’t get me wrong, I am sure that school districts try to do the best that they can do to try and ensure safety for our children and teachers but they lack the funds for better surveillance. Ironically, fear and threats result in silence and silence is a form of denial. What goes on in the hallways and behind the teacher’s back, is a whole new ballgame.

Unfortunately, our children have to fend for themselves as the reality is that ‘Trouble’, lurks constantly? Danger, danger, believe it or don’t but, 80% of our high school students and 44%

☞ SURPRISE

of our middle school students are exposed to drugs and alcohol on a weekly routine. Some students are even supplied with drugs by their depraved so called teachers not to mention gang members? Most students keep their mouth shut since they fear being labeled — ‘Rat’, ‘Narc’ or ‘Snitch’. They know the repercussions — physical harm. Private schools have their share of ‘Trouble’ too; especially when it comes to drugs and alcohol. And let us not be unaware of the Catholic priests.

Sexual abuse happens in both private and public schools? Perhaps it was peer-pressure or abuse of authority but, how many students have to fight off advances or are actually raped by their fellow students and or teachers? Again, how many students keep their mouth shut? How many hush, hush law-suits are paid off under the table? Ironically, money can make like the problem went away, at least for the time being, until next time?

I am glad to see that our U.S. Government has finally taking the steps to get serious and address, prevent, and actually punish those that sexual abuse others, in our military branches of service. Rape is horrendous. In fact President Obama is taking steps to address these same issues on college campuses.

Just stop and think about all the sexual abuse that was going on at Penn State by Jerry Sandusky, while the facility turned a blind eye and deaf ears? It ruined both Joe Paterno’s life and career. And, I am also pleased that Pope Francis is establishing a commission to look at how the Catholic Church can better protect children from sexual abuse by its priests.

Besides safety, our children deserve a ‘Quality Education’ but, in this land of plenty, far too many school districts are so poor that that can’t afford the basic source materials such as modern

text books let alone computers? The teachers do the best that they can while working with what they do have. But, they don't have the funds or resources to sustain a 'Quality Education'?

Many teachers are underpaid. Many students don't have basic health care, not to mention, major medical, dental or mental coverage? How many children right here in the US go to school hungry or can actually look forward to a good supper later, after they get home? Thank God that some children are entitled to a free breakfast and lunch program! But, what about the children that don't qualify for the free meals; suffer quietly in silence because their parents make a dollar or two too much annually?

It is hard to imagine that our children have to endure such hazardous conditions on a daily basis. How are they supposed to learn with outdated or sub-par source materials? How can they concentrate when they are scared, high on drugs or alcohol, hungry or sick with a head-ache because they can't afford eye-glasses, or if they have a constant tooth-ache? How many children have mental problems and don't know any better as they disrupt the entire class? Little things do mean a lot; simple basic human needs — food, glasses, medication, etc; that many take for granted. A simple toothache, if untreated, can become abscessed and kill you.

Children are not Angels but, teachers have no real authority to discipline their students. Back in the day, when I went to school, the principle would paddle your behind if you got sent to his office. Believe it or don't; it actually worked. The fear of being paddled kept you in line or perhaps it was the fear of ridicule after the fact, by your fellow students. I was never paddled but if I was, I'm sure that my Father would have paddled the principle. Hence, no more paddling today; can you spell lawsuits?

“It ain’t what you don’t know that gets you into trouble. It’s what you know for sure that just ain’t so.” — Mark Twain

Thank God that we have PTA’s — ‘Parent Teachers Associations’. They are a beautiful thing as communication can address problems as they arise, before they get out of control. Unfortunately, the system needs more, more PTA’s and more involvement as participation requires sacrifice — time and, time is cash money.

Somehow, our government manages to have plenty of money for ‘National Defense, ‘National Security’, aid for foreign countries, war, private contractors; that are robbing us blind and a private army of mercenary goon-squads that have immunity from prosecution but, what about our ‘National Disasters’??? It is so disheartening to see our fellow US citizens suffer in anguish and misery as money is squandered over-seas not to mention our National Guard and its equipment that belongs here in America? And when it comes to our ‘Greatest National Resource’, our ‘Children’, our government doesn’t seem to care too much about their health, welfare or education? Why?

UPDATE—

I am pleased to see that New York State has taken some steps to help protect our children. In fact, it established ***The Dignity for All Students Act***.

New York State’s Dignity for All Students Act (The Dignity Act) seeks to provide the State’s public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment, and bullying on school property, a school bus and/or at a school function. The Dignity Act took effect on July 1, 2012.

Check it out at:

<http://www.p12.nysed.gov/dignityact/>

Why don't we rebuild right here in America after a National Disaster or National Emergency? Why don't we spend our money on maintaining our infrastructure of highways and bridges that are badly in need of repair? And, why don't we invest in our 'Future' via our 'Children' whom are in fact our 'Future'?

Who the hell is going to inherit and run this country? Education is but a terrible thing to waste! I thought that state lotteries were supposed help finance education? I wonder???? How much money is squandered and robbed by those in control. When is enough, — enough or not enough, — too much of a burden to bear any longer?

Sadly, we wonder why the good old USA has such a high drop-out-rate. Talk about an irresponsible broken down system? Believe it or not, over the years, I met several people that actually got into high school and could not even read or write? My brother was one of them? Years later, he managed to get a GED. He met somebody who knew somebody who took the test for him? A little cash goes a long way. I wonder how many phony degrees are in the 'System'.

Anyway, those that are lucky enough to get through high school are often shocked to the reality that awaits them in college. Young adults exposed to the Brotherhood / Sisterhood; immature fraternity / sorority practices — initiations, hazing, illegal rites that are wrong — sex, drugs, alcohol ...???? Incidentally, I forgot to mention that some high schools practice hazing initiations not to mention gangs.

☞ SURPRISE

Children grow up so fast. Before you know it, they will be moving on. Enjoy them now, while you still can! And don't forget to hug and kiss them and tell them that you Love them every day!

Apparently, safety is taken for granted since we are a trusting people but, safety risks are becoming extremely disturbing, frankly frightening. The so called 'System', has established institutions and policies to protect us, we the people. Ironically priority is subject to opinion. Unfortunately, money talks as corporate America flashes its cash. Lobbyists have corrupted the 'System' and thus, jeopardized our safety because of corporate greed.

Thus our 'Supply Chain', is horrifying at times, product safety; everything from tainted food recalls to tainted major brands of tooth paste laced with a form of anti-freeze, to dead pets and now millions of toys being recalled by a major toy giant for lead paint and unsafe magnets. Buyer 'Beware; who can we trust; the FDA? The 'Product Safety Commission', which is a farce since it lacks real authority and it is under staffed and under budgeted? The fines that they do issue amount to a slap on the wrist?

We must regulate and ensure product safety by testing and or examining imported toys for our children as well as other products that are out sourced to third world nations for cheap labor in the name of profit. We must enforce quality control in spite of greed. Accountability, accountability, accountability! Liability, liability, liability! Unfortunately, the lobbyists lobby for lax rules for testing, inspecting and or requirements which affect product safety, and ensure profit at the expense of quality; an inferior quality product.

When is enough— Enough; profit? Has profit become more important than safety? How many deaths must it take, to change

policy and ensure public safety? Perhaps we should put a special tax on corporate profit in a public safety fund. How many times will some poor citizen die, because of corporate greed and the family end up with nothing or a meager settlement? How many deaths go unnoticed?

The audacity of corporations is outrageous and unconscionable. I remember not too long ago when my kids were youngsters and a giant baby food company got caught selling baby apple juice that was just plain sugar water. Some mom tasted it and pursued the issue which led to finding other inferior baby food products. It was blatant fraud, big news for a while and then the story died. I am sure that the company paid some fine and even perhaps a law-suit but, they are still in business today and stronger than ever?

Alas, life as we know it in this modern day and age is fraught with danger; ‘Man Made Dangers’, thanks to the ‘System’? In the name of the almighty dollar, public safety is inferior to profit? Unfortunately, the ‘System’, is Subject to Change Only when — We are Willing to Stand Up for our Rights; ‘Product Safety’, a ‘Safe and Efficient School System’, and ‘Equal Health Care for All Citizens’, Etc.

In the meantime, Oouey has his work cut out for him but, thanks to his ‘Faith’, he is up to the ‘Challenge’. He started to write down his plan on a piece of paper. His agenda would be inter-active. Over the years, he learned that there is strength in numbers. He knows what he has to do. He will campaign to promote the D.A.R.E. Program in our entire public school systems. He ‘Believes’ that ‘Children’, are our ‘Future’ and that ‘LOVE’ is the ‘Answer’!

☞ SURPRISE

Unfortunately, Oouey also believes that we are losing our children to doubt? He knows that it is vital that we gain their ‘Trust’ and ‘Respect’ back, via ‘Hugs’, ‘Affection’ and ‘Quality Time’. Sometimes, we have to sacrifice our precious time — priorities. What is more important, ‘Family’, partying or the job?

Sometime, we have to negotiate and compromise with our kids. Give and take, so to speak. Negotiation is an art. Nature is a Great ‘Incentive’! Sometimes we have to knock them on their ass as discipline begins at home! They expect guidance! But most importantly, they need Love, patience and understanding.

Pa got in touch with Oouey and they put their heads together in the Rose Garden. Gram packed some cider and cookies for their brain-storming. They ate their snack by the Lincoln Memorial Statue, in front of The Garden; since Abe was Pa’s Idol. Afterwards, Oouey hopped on Pa’s shoulder and they took a stroll around Hoyt Lake. Their meeting was a success and they decided that it was a priority to lobby for a National Dignity for All Students Act.

Oouey and Pa are optimistic, they believe in mankind and know that ‘Attitude’, ‘Attention’ and ‘Awareness’, define ‘Destiny’ per ‘Choices’! Humans are co-creators and define the quality of life as we know it. Humanity is but a ‘Choice’.

Thus, they Envision an ‘Army’ of ‘B4HEARTers’; an ‘Army’ of ‘LOVE’, ‘Concern’ and ‘Compassion’. Their ‘Mission’, is to bring ‘Joy’ to the World’, as ‘Peace on Earth’! They know that they have to get the B4HEART T-shirts and badges as well as hats made up. Also, a web-site, is vital to their mission as they want to spread the word, — worldwide. They decided to get www.b4heart.com and ooueygooney.com — for starters. But how

should they promote it? They agreed that they should ‘KISS’ it –Keep It Simple Stupid! But?

While walking around Hoyt Lake, Ellen flashed in Oouey’s mind! Pa agreed that Ellen Lee DeGeneres would surely help them spread the word! He laughed out loud as he gave Oouey a— high-five! They continued walking and they talk about life in general, and about how humans fight and argue over religion. They couldn’t figure out why the new theory of ‘Intelligent Design;’ was causing controversy worldwide among religions and science?

Both Pa and Oouey, are determined once and for all; to prove that all religions, as well as science, are basically the same; ‘One Great Misunderstanding’. Ironically, ‘Truth’ is always subjected to ‘Interpretation’ and ‘Debate’. Incidentally, men created religion and compromise their dignity in the name of religion? How many wars are fought in the name of religion?

Ultimately, Oouey and Pa, also know that ‘Life’ is but a ‘Process of Spiritual Evolution;’ en route to ‘Enlightenment’ as mankind evolves to a higher state of ‘Moral Consciousness.’ Intuition is but the ‘Divine Nature of Being.’ With a little help from Pa and YOU, Oouey believes that his Greatest Granddaddy, Grampa Ebenezer’s Dream, his dying wish; will finally come true ‘A Little Heaven on Earth!’

“It ain’t what you don’t know that gets you into trouble. It’s what you know for sure that just ain’t so.” — Mark Twain

Something to think about:
Fact or Fiction?

Are we being visited by UFO’s?

A brief history and then you decide for yourself...

On or about July 4, 1947, there was the alleged Roswell-Magdalena UFO Crash.

The U.S. Government claims that it was a weather balloon.

On July, 26, 1947, President Truman enacted the National Security Act. This ‘Act’, actually established the C.I.A.

On September 24, 1947, President Truman; established NSC MJ-12 (MJ-12) or Operation Majestic 12. It was a Research and development intelligence operation. It was ordered to investigate and recover all debris from the Roswell crash. It eventually became involved with ‘Black’ covert projects? Was this the start of the so called ‘Reverse Engineering’?

🦋 SURPRISE

The U.S. Government denies that it ever existed. But here is some interesting data, including a Memorandum to the Director of the CIA on November 12, 1963 from President John F. Kennedy; just 10 days before he was assassinated? The subject header of the file was:

“Classification review of all UFO intelligence files affecting National Security.”

The Top Secret Memorandum stated:

“[I] have instructed James Webb to develop a program with the Soviet Union in Joint space and lunar explorations. It would be very helpful if you would have the high threat [UFO] cases reviewed with the purpose of identification of bona fides as opposed to classified CIA and USAF sources.... When this data has been sorted out, I would like you to arrange a program of data sharing with NASA where Unknowns [UFOs] are a factor. This will help NASA mission directors in their defensive responsibilities. I would like an interim report on the data review no later than February 1, 1964.”— It was sighed John F. Kennedy.

President Kennedy not only wanted to take charge of the CIA, he also wanted in on the MJ-12. In fact, he was trying to get a Review of MJ-12 activities since June of 1961? JFK was so concerned about the threat of UFO's that he wanted to partner with Russia to address the issue. And, Nikita Khrushchev, the leader of the USSR accepted his offer.

The CIA Director issued a secret directive denying President Kennedy access to UFO files. And, the MJ-12 Special Operations Group was outraged at the idea of Kennedy's plan to share UFO files with the USSR.

Unfortunately, JFK was murdered and the mystery continues? According to the source of this information, George Adamski, the person that is the main focus of this story; met with President Kennedy at the White House in late 1961 to secretly brief him about extraterrestrial life, including personal footage of flying saucers. He also met with European dignitaries including Pope John XXIII and members of the Pentagon. In fact, it is alleged that Mr. Adamski received a “Golden Medal of Honor,” from Pope John XXIII, at one of these secret meetings.

You got to see one of his videos, which not only explains the circumstances but is fascinating. And, you got to check out the MJ-12 documents, including the one titled ‘JFK Mj-12’:

“...When conditions become non-conducive for growth in our environment and Washington cannot be influenced any further, the weather is lacking any precipitation ... it should be wet.” (Wet is a cryptic phrase “it should be wet” originates from Russia, where the phrase ‘wet works’ or “wet affairs” denotes someone who had been killed and is drenched with blood.)

Check out the entire data at:

http://www.bibliotecapleyades.net/ciencia/ciencia_flyingobjects71.htm

Unfortunately, 2 other videos that were on the site are no longer valid???

You can also watch the UFO video at:

There are also three exceptional UFO cases in 1948 which involved pilot-UFO encounters.

Incidentally, here is a link to the 1942 footage and radio report of the “Battle of Los Angeles” synchronized to Byron Palmer’s detailed account of the UFO incident witnessed by a million people on 26

February in sky over southern California. There were a minimum 1430 artillery rounds fired at the object.

Social Security

Immaculate Deception – A National Disgrace

Four old codgers are sick and tired of the abuse and neglect which occurs daily in their old-folks-home. Max has a broken leg for getting involved as he tried to help his buddy Thomas with his bed pan. Unfortunately, Thomas is now in the intensive care unit at the county hospital. He's in a coma. Another resident, Marge Taylor; has been repeatedly beaten and raped and hasn't spoken a word since her tragic ordeal started. She was too afraid to report her cruel and inhumane treatment.

Loss of morale dictates as anxiety and pessimism have set in to say the least; thanks to the agony and shame that has been inflicted upon them by the so called system. Eventually, the shit hits the fan in protest and arrest. The press is having a field day, the old folks are demonstrating and the Four Amigo; Clarence, Max, Sarge and Henry are playing cards, conspiring to overthrow the system and make change by taking matters into their own hands as they vow to conquer Hell — Prudent-Paradise.

They actually hire a lawyer, Chi, Clarence's grandson who sues the state as well as the owners of Hell. The residents go wild with the idea and unite as they pool their resources and purchase Prudent Paradise in the Name of Love. They change its name to Social Security and become one big

family; with a bar, pool, hot tubs, pets, the O-zone, and a Laugh Room. They learn to live and enjoy life again as sex is on their minds.

Clarence and his Amigos have their hands full. Sometimes he wonders if they bit off more than they can chew. He falls in Love which seems to be contagious. Unfortunately, life is dangerous. Together, they continue to address uncertainty as they confront destiny; in spite of its ups and downs. Their goal is to make change; before it's too late and out of control. Thus, they devise a plan to challenge the troubles that are plaguing America today; which most citizens choose to ignore as the 'Elite Powers That Be'; herds us like cattle into organized chaos.

This Novel is a little obscene, dramatic, provocative, and educational through a historical review, including several unnerving National Disgraces which have infected the world; but were covered up in the Name of National Security. On a lighter note, it is also funny as well as bitter-sweet and a bit violent but then again, that's Life. For as Mark Twain proclaimed:

"Man is the only animal that blushes, the only one that needs to."

Hence, you will laugh and you will cry, but my aim is to STIMULATE your brain, connect the dots; so to speak and make you think. This is but a Wake-up Call. Frankly, the system itself is consuming the consumers. We are becoming slaves economically as our Individual Rights & Freedoms are cannibalized from within by own government; an Immaculate Deception.

Unfortunately, Americans have lost their faith in our government as well as our system of justice and the rule of law? Wake up my fellow Americans; it is time to support and defend the U.S. Constitution! United, it is time we implement the system of 'Checks and Balances'; which were designed by our founding fathers as they established a 'Separation of Powers', on purpose.

Ultimately, the 'Power', was designed to be shared between our three branches of government and each branch has the right and the duty to challenge the actions of the others; a safe guard to prevent excessive power grabs by either the judicial, legislative or executive branch of our government. Ironically, our forefather's greatest fears are coming true? Why? Because — 'We the People', have fallen asleep. We have forgotten about the 'Power of the People'; our Duty to Question Authority and Demand Answers. We should not fear our government; they should fear us, We the People!

Alas, God help us if we laugh now and cry later. Especially since Life is a matter of Good verses evil. Ironically, Truth is akin to Cool, as both are Repulsive to the Un. But, when Ignorance is— Ignored; Stupidity is— Justified. It's Time To Open Your Eyes & WAKE-UP!
