

A soothsayer forecasts the final phase of humanity before millions are destroyed. Meanwhile, explorers seek out a treasured artifact said to hold the secret to immortality while the most powerful force in the universe is unwittingly created.

The Midwest Book Review  
Oregon, WI

William Neven's *The Final Phase* is a science-fiction epic saga arising from a prediction concerning the end of humanity. As galaxy-spanning civilizations dwindle and become threatened by an unknown alien presence, treasure hunters in search of an ancient artifact pursue references to an unknown planet and the mysterious name of Jesus Christ. *The Final Phase* is confidently recommended to science-fiction enthusiasts as a sweeping, complex and dramatic saga of the far-flung future.
